

What I Know About You

John Joseph Gaines, M.D.

"Your throat needs attention."
"You drink too many 'cold' beverages."
"You eat too much."
"You do not guard blood circulation—especially in the cold months."
Dr. JOHN JOSEPH GAINES.

This newspaper is this week offering its readers a new and valuable feature. Dr. John Joseph Gaines, a physician of 35 years experience and still in practice, will every week tell you of simple rules for health. He will save you many suffering hours if you will read and heed his suggestions. He believes in prevention of disease. He tells you how in the freedom and carelessness of full health you throw yourself open to dan-

Permanent roads are a good investment—not an expense

The High Cost of Postponing Permanent Highway Building

Poor motor roads stifle industry and agriculture, waste huge sums annually in high maintenance costs, and greatly increase gasoline, tire and repair bills.

There is not a community that isn't paying a heavy price for having too few permanent roads.

Many sections of the country—even whole states—are trying to operate twentieth century traffic over nineteenth century roads.

Even what we often call the more progressive communities are far behind the demands of modern highway traffic with its 18,000,000 motor vehicles.

From the Atlantic to the Pacific, and from Canada to Mexico, we need more concrete roads—the roads for twentieth century traffic.

Your highway officials want to be of the greatest possible service to you. They know we need more concrete roads—the roads for twentieth century traffic. Get behind them with ways and means that will provide these roads and streets. Such an investment will pay you big dividends year after year.

Says There Can Be No Further Improvement

One of the People-Sentinel subscribers was a caller at this office Saturday and in conversation with the editor he remarked: "I read your announcement last week in which you said that The People-Sentinel will be still further improved September 1st. I don't see how you are going to do that, as it is good enough already."

This paper thanks its young friend for the high compliment but no paper is so good that it cannot be improved. Like everything else, a newspaper can't stand still—it must go forward or backward, and The People-Sentinel intends to go forward. The editor is not content that the paper shall be "as good as any in this section"—he wants it to be known as the best, and to that end he invites the cooperation of every reader.

IN MEMORIAM

The death angel entered our home one month ago today and took from us our dear son and brother, Floyd Creech, whose vacant chair can never be filled again.

Floyd was just in the prime of his manhood, being only 18 years of age. He was ill just one week and it was not thought by his family and friends that he was seriously sick. In spite of all that loving hands and skilled physicians could do, the Grim Reaper would not be denied. Funeral services were conducted at the Olar Baptist Church August 7, 1925, the Rev. D. W. Heckle, of Healing Springs, officiating, and the body was laid to rest in the adjoining churchyard. Those acting as pall-bearers were his three brothers-in-law, S. L. Price, Joe E. Meyer and Leon C. Cave, and his three cousins, B. B. Cave, James Bennett and Tom Broadwater.

Floyd is survived by his parents, Mr. and Mrs. B. F. Creech, six brothers, Cecil Creech, Preston Creech, Wilbur Creech, Benjamin Joseph Creech and Raymond Creech; four sisters, Mrs. L. C. Cave, of Aiken, Mrs. J. E. Meyers, Mrs. S. L. Price and Pauline Creech, all of Augusta. The bereaved family will find consolation in the thought that his death was not the end but merely the transition from this life to a more glorious one with his Father above.

The many floral designs that covered his earthly resting place were fitting testimonials of the love and esteem in which Floyd was held by those who had the privilege of knowing him.

One Who Loved Him.

Mr. C. L. Zissett, of Barnwell, was the first subscriber to respond to the People-Sentinel's request for renewals:

Your Birthday Is it this week?

August 23—29

If you were born between August 23 and 29, you belong to both Leo and Virgo. You are materialistic but have a keen insight into human nature. You have a strong combination of fire and earth and are very determined. Having made up your mind no detail is too trivial. You are very methodical, generous and solicitous of others.

Women are fond of everything that grows—from babies to seed in the ground. They are excellent mothers and wives; like to lead the fashion and are logical thinkers when educated. Men love the good things of earth. They make excellent teachers, physicians, chemists, lawyers, designers, journalists or politicians.

You have tact and rarely offend. Born under this sign people have few faults—the most marked, unless curbed, are domineering tendencies; interference in affairs not their own and a false pride and ambition which makes them toadies to money and position.

The Seal of Protection---

When you take out an Insurance Policy on your life with the strong company which I represent, you are placing a seal of protection upon the future of your loved ones, should anything happen to you.

THE SOUTHERN SERVES THE SOUTH

As the South grows the Southern must keep pace

Freight traffic on the Southern Railway System has nearly doubled in ten years.

With the South growing at its present rate, traffic a few years hence will be double what it now is.

Many millions of dollars of new capital will have to be found for increasing the capacity of tracks, yards, terminals and shops, and the purchase of cars and engines.

This needed new capital will be attracted to the Southern if the profits from its operation are maintained at a level to establish a broad market for its securities.
