WAS LIKE A MIRACLE TO ROCK HILL WOMAN

"Why, The Second Day After I Took This Karnak I Was Improved. In Ten Days I Felt Like A New Woman," Says Mrs. Wright.

"I just couldn't say too much for this glorious new medicine, Karnak, for in ten days' time it has given me complete relief from troubles from which I had suffered over five years," declares Mrs. Lou Wright, of 13 Wright St., Rock Hill, S. C.

"Why, it's just miraculous what Karnak has done for me," continues Mrs. Wright. "For the past six years I had gastritis and the worst form of indigestion, and oh, how I did suffer. It just seemed like a large lump would form in my chest and almost smother me to death. Having so much acid in my stomach had given me a form of rheumatism, and for several months I had been where I couldn't raise my hands up above my shoulders or put them to my back. Finally, I began taking Karnak and the Karnak Pills, and there is simply no way of over rating this great medicine. Why, the second day's treatment began to show a great improvement in me, and in only ten days' time I now feel like a person all made over."

"If there's a trace of indigestion or rheumatism left in my body now I don't know it. Why, Karnak just overcame that acid condition of my stomach at once, and I now eat anything I want and never feel a particle of trouble from it afterward. Nights I used to almost smother from gas bloating, but that's all gone now, and I sleep as sound as a tired child. Oh, Karnak is just the grandest medicine in the world."

Karnak is sold in Barnwell exclusively by Mace & Deason; and by the leading druggist in every town.

MARVELOUS MEETING HELD IN BLACKVILLE LAST SUNDAY
(CONTINUED FROM FIRST PAGE)

begin in Jerusalem, go to Judea, Samaria and the uttermost parts of the earth. As He outlined His plan, I think I see Peter going to Him and saying, 'Master, I understand what You want, and I am willing to go with the other brethren.' Jesus no doubt was pleased with his willingness, but possibly He said, 'Peter, I am glad that you are willing to go but I don't want you to go UNTIL you have been empowered by the Holy Spirit from Heaven.' And so the greatest need of Blackville and community is not particularly better streets or homes or stores or business places; it is not more schools, more churches, more preachers, but it is TO HAVE MEN AND WOMEN OUT AND OUT FOR GOD AND FILLED WITH THE HOLY SPIRIT. Many of our places of worship are possessed with a religious stagnation and spiritual lethargy that is paralyzing both preacher and people, and unless every church member is prepared to get into a closer touch with God, and be empowered afresh by God, the church is going to lose out. Dr. John stated awhile ago before a great company of ministers the following: "Unless the churches get back to the old paths of prayer, passion and power, and then go forth to evangelize and win men to Christ WE ARE DONE." This special empowering from God is the need of every preacher, every office bearer, every Sunday school teacher, every church member, every father and every mother.

Mr. Stephens gave some thrilling instances of experiences he had passed through in his evangelistic work and then told in a most touching way the story of his mother's wonderful life, and when he gave the call for all who would let God have HIS WAY in Blackville, a great company of office bearers, men and women, came forward and dedicated their lives anew to God. It was a service never to be forgotten and there was not a dry eye in the great tent.

On Sunday night the tent was filled to overflowing with people from Blackville, surrounding community Williston, Springfield, Denmark, Barnwell and other nearby towns. Mr. Stephens spoke on "Christianity vs. Infidelity" and gave the last words of Tom Paine, Voltaire and other noted infidels. When the invitation was extended a number came forward for conversion.

Great plans are being made for this week-end. Friday night will be a very special service, for everybody. Saturday night, there will be a special service for the colored people, who will be addressed by Mr. Stephens. On Sunday afternoon two great mass meetings will be held at 3:30, one for the men in the tent addressed by Mr. Stephens, and the other for women in the Baptist Church, addressed by Mrs. Stephens, assisted by Mrs. Perkins. On Sunday evening at 7:30 a great evangelistic service will be held and Evangelist Stephens' subject will be "Is man a lost creature without God? Is there a hell? Does God send anyone there?"

There will be no services on Monday evening as this is rest day for the party.

Woman 104 Years Old Bamberg Boasts of

Bamberg, Sept. 4.—Life at one hundred and four years of age is not worth living, according to Mrs. Nellie Morris Connelly, of this city, who has attained that remarkable age. Mrs. Connelly is not absolutely certain whether she is 103 or 104 years of age, but she recalls that when the War between the States began she had three children, the oldest being four years old. Seven other children were born to her, only two of whom are now living, Mrs. Ben Jones, of Bamberg, with whom she lives, and Mrs. Janie Thomas, of Orangeburg. Mrs. Connelly has children, grand children, great-grandchildren and one great-great-grandchild, making four living generations of offspring.

Few people in Bamberg know that this town is the home of a centenarian, as Mrs. Connelly is a woman of retiring disposition and is not known to a great many persons. However, she has resided in Bamberg for twenty-eight years with her daughter, Mrs. Jones. Up until recently Mrs. Connelly has enjoyed remarkably good health for a woman of her extreme age; her mind is still clear and she talks in a most interesting manner of the events of long ago. Until two weeks ago she was able to clean up her room and help around the home and now, although she is stricken with illness, she is not altogether confined to her bed.

Mrs. Connelly is a member of the

Every Pay Day I Add to My Bank Balance

By following this systematic saving plan, I always have a neat balance to my credit when I need money for some special purpose. A haphazard plan of saving will never accomplish anything, as I found to my sorrow. It is the certain amount every pay day that counts. TRY IT ONCE.

"If you have money, we want it." "If you want money, we have it."

Baptist Church, joining in Barnwell County when she was twenty-one years of age—at the time of her marriage.

She was asked to what she ascribed her long life. She replied that she had always eaten vegetables and has always enjoyed a fine appetite and still does. She eats almost anything she wishes and enjoys it, but she is partial to a diet of vegetables. Hard work has always been her portion and Mrs. Connelly believes that this has had much to do with preserving her health.

Mrs. Connelly was asked if she cared to live longer, and she replied that she did not, as her body was tired and she would welcome the long sleep. She had always led an active life and now that her body refuses to respond to her will she has no desire to prolong her life. Being confined to the home is gradually ebbing away the spark of mortality and her wish to join the members of her family who have gone before will not long be delayed.

The devotion between Mrs. Jones and Mrs. Connelly is very touching and nothing is left undone to make the last days of this splendid woman comfortable, so far as the family can make it.
