

Hilda School Opened Monday, Sept. 28th

Hilda, Oct. 5.—The Hilda graded school opened Monday, September 28th, with an enrollment to start with of 112. The opening exercises were held in the Baptist Church, the school having no auditorium. Very appropriate addresses were made by Dr. O. B. Falls, of Denmark, and

IF YOU GET UP NIGHTS YOU'RE OLD BEFORE YOUR TIME

Prostate and Bladder Trouble Makes Many Men Feel Twenty Years Older Than They Are.

It is said that fifty per cent of men past forty and many younger ones are victims of prostate trouble. One of the commonest symptoms of this dangerous disease which saps vitality and makes you old before your time is the necessity of getting up several times a night. Other symptoms are dull, draggy, aching at the base of the spine, pain in groin, burning sensation of organs, lack of vigor and frequent attacks of the blues. But there is hope for you, no matter how old your case, from a wonderful new formula. It seemingly brings new health, vigor and freedom from these troubles to both old and young. This wonderful treatment is known as Walker's Prostate Specific, and is prepared in convenient, pleasant tablet form. All you need do is take one tablet after each meal and the symptoms seem to vanish like magic. To prove these statements the Walker Institute, 1394 Gateway Station, Kansas City, Mo., generously offers to send a \$1 treatment under plain wrapper, postpaid and free of charge to any sufferer who will write for it. If it cures you tell your friends and pay whatever you think is fair, otherwise the loss is ours. Remember that you are the judge, and you pay nothing now or at any time unless you wish, so send your name today before the introductory offer is withdrawn. It is good for only 30 days and guaranteed in every way.

County Superintendent of Education Horace J. Crouch, of Elko. The teachers this year are as follows: The Rev. J. W. Boggs, principal and teacher of the seventh, eighth and ninth grades. Mr. F. C. Nettles, teacher of the fifth and sixth grades. Miss Made E. Farquhar, teacher of the third and fourth grades. Miss Katherine Robinson, teacher of the first and second grades. Mr. Nettles is also a singing teacher and will instruct all pupils above the second grade in vocal music. Miss Robinson will teach instrumental music.

Furman-Georgia at Augusta.

Surpassing even the memorable football classic of last year, which drew to Augusta between 7,000 and 10,000 ardent gridiron enthusiasts from Georgia and South Carolina for the clash between the Georgia Bulldogs and the Furman Hurricanes, will be the great battle of these evenings to be staged there on the same field Saturday, October, 17th.

The seventeenth will be a gala day in Augusta, bringing, as it will, thousands of people to that city from a hundred miles on either side of the Savannah River.

In addition to the great football classic there will be a boxing exhibition, which is expected to attract the attention of ringside fans throughout the Southeast. While all details of the boxing event have not been completed to the point where the card may be announced, the promoters declare that within the next ten days they will make public fistic events that will be comparable with any event staged in this section.

Blonde Bess Opines.

Who says motherhood interferes with a woman's chosen career? We read in the paper the other night where a woman with a baby in her arms robbed a store.

This Week

THE ELECTRIC POWER AGE. AN OLD MAID'S MONEY. WHO IS RESPONSIBLE? THE HORSE WITH CLAWS.

The State of Washington plans gigantic water-power development, banks in Seattle reflect general prosperity in the Northwest. Those Seattle banks will need bigger vaults and capitalization increased by a billion, when the power begins its work.

Maine will harness 700,000 horsepower in the Bay of Fundy. The plan approved by voters and scientific experts calls for one hundred millions. Power enough will be produced to supply the whole of New England, and ten times one hundred million would not equal the value of such power.

In waterpower and the electric force generated lies not the hope, but the CERTAINTY of prosperity beyond imagination.

London is agitated because the great art collection of Lord Leverhulme, successful soap maker, is to be sold in New York City, not in London.

This is said to mean that the art centre of the world has moved from London to New York, but that isn't so.

The MONEY centre has moved, and in 1925, as in the days of the Medici, art goes where money is.

"How can I succeed?" is answered by Judge Gary thus:

"LISTEN. Let the other man do at least half the talking."

Judge Gary, of course, puts honesty ahead of all other qualities. And honesty is important, although Judge Gary knows more enterprises have been wrecked by honest fools than by dishonest knaves.

"The average man likes to hear himself talk too much," says Judge Gary. Salesmen should remember that. Thousands of them talk themselves INTO a sale, then talk themselves OUT again. When you meet a customer remember the advice of Aristotle, who was the Judge Gary of his day. "Not too much, NOT TOO LITTLE."

A poor old maid of Massachusetts, called "poor," not because she was an old maid, but because she spent fifty-six years in the insane asylum, has just died. While she was in the asylum her small fortune increased to \$2,000,000, to be divided now among seven nieces. "Money runs into money" rapidly in this country, if you give it any sort of an opportunity.

What becomes of all the money the people earn? Why does the average American die with about enough to bury him or her?

The Deputy Attorney General of New York shows where some of the money goes. Bogus stock sales alone take \$500,000,000 from the people of the State each year. Even that leaves a good deal of money for other swindlers to take.

Evidence at the Shenandoah investigation shows that Commander Lansdowne, who understood flying, protested against taking his ship through the storm belt of the Middle West, and asked for a postponement.

Those knowing nothing about flying, but unfortunately controlling aviation in the United States, ordered him to go, in order to "impress certain State fairs on the way." Because his advice was not taken, Lansdowne was killed.

Who is RESPONSIBLE for his death? And how good a suit for damages have his widow and the other Shenandoah widows against those that sent their husbands to death?

The Museum of Natural History will soon present to your kind attention a fossil horse, with claws instead of hoofs, dug up in Asia. According to scientists, this little creature, ancestor of the big horse of today with its hoofs, vanished from the earth long before men came here to need horses.

It will amaze you to read the various kinds of "despair" listed by Professor Glenn Frank, new president of the University of Wisconsin.

There is BIOLOGICAL fear, PSYCHOLOGICAL fear, POLITICAL fear, ECONOMIC fear, HISTORICAL fear, ADMINISTRATIVE fear, MORAL fear. These fears can all be boiled down into one word, "NERVES." The only thing we need be afraid of is ourselves, our weaknesses. And fortunately, we die, and our fears with us. Then comes a new, unfrightened generation.

Firestone

Why Gum-Dipping is so Important to Car Owners

GUM-DIPPING—the Firestone extra process builds into tires extra quality by impregnating and insulating every fiber of every cord with rubber.

This exclusive method is carried out in special Gum-Dipping plants, after which the cords are put through the usual calendaring process.

By this method, added strength and flexibility are imparted to the cords, making Gum-Dipped Balloons most serviceable and enduring over rough roads.

Save money—buy Gum-Dipped Balloons now—while prices are low.
