Here is your chance to buy the farm you have been wanting at YOUR OWN PRICE. Desirably situated, close to excellent public school and the town of Barnwell, offering a ready market for all crops.

The land is fertile and lies on both sides of the Atlantic Coast Line Railroad, being a part of the famous SHERWOOD PLANTATION and including the SHERWOOD RACE TRACK.

Why go to Florida and speculate on land values there when a safe, sound investment is to be had right here at home? The entire South is on the eve of a great development and land values today are probably at the lowest figure they will ever be again.

Thousands of people from the North and West are seeking homes in sections with more favorable soil and climate and many of them are sure to locate in lower South Carolina. Big developments are being started along the coast of this section and when the movement sets in, land values are bound to increase.

We have sub-divided a tract of 250 acres into three farms of 118, 88 and 44 acres each. We will be glad to show you the property and the plats at any time prior to the sale. Below will be found a brief discription of each farm. Read it over then come to Barnwell on November 2nd prepared to get the biggest real estate bargain you ever saw.

TRACT No. 1. 88 acres, including the Sherwood race track, bounded on North by Atlantic Coast Line Railroad Company, South by lands of A. D. Connor, West by lands of J. E. Harley, estate lands of Mrs. Patterson and Terrie Richardson, and on the East by lands of Johnson Hagood.
