

LOOKS LIKE A BIG THANKSGIVING

By A. B. CHAPIN

To Deliver N oMail Here Christmas Day

Postmaster R. A. Deason announces that there will be no mail delivered in Barnwell Christmas day. This is in keeping with an order issued by the Postmaster General and will be observed all over the country. For this reason all persons are asked to get their Christmas mail early so that it may be delivered on or before Christmas Eve.

Timely Hints to Farmers.

There is still time in which grain can be sown. Those expecting to have a shortage of feed should plant oats, rye and vetch at this time which may be cut for hay if necessary or allowed to mature. Plantings of oats should be made immediately for the best results. Begin to plan the home orchard, pruning and spraying the trees already growing, re-plant where necessary. Those not having a home orchard should now plan to have one. Trees can be bought at very reasonable prices. I have been recently getting prices and all information desired as to varieties, prices, etc., will be gladly furnished from my office. Where seed and grain, corn, etc., are being troubled with weevils the carbon bi-sulphide treatment should be used. This treatment will absolutely prevent further damage, directions for its use will be given those interested. Those farmers who are holding cotton should take care to have it properly stored against weather damage, also protect against fire with insurance.—H. G. Boylston, Co. Agt.

Marriage Wrong?

It is not from poverty that comes a drastic attack on modern living—but from Wall Street. Glen B. Winship, Wall Street Editor, has written a book, "Volonor"—in which he calls for a 50 per cent tax on every man's income for the support of all women and children. Also the abolition of the present marriage contract.

THE ORIGIN OF THANKSGIVING.

By Mildred Lewis, Seventh Grade, Kline School.

Thanksgiving is a National harvest festival fixed by proclamation of the President and the governors of all the States, and ranks as a legal holiday. Since 1863 the Presidents have always issued proclamations appointing the last Thursday in November as Thanksgiving Day.

The Pilgrims landed on the cold bleak New England shore at Plymouth in December, 1620. All had to work hard. Many hardships were endured. They built log houses and as they had no glass to put in the windows, oiled paper was pasted on the window sashes. Although they could not see through these queer panes some light was let in and the bitter cold air was kept out.

The long voyage across the ocean in a crowded ship had weakened their bodies to begin with, and the poor food and exposure to cold during the first winter brought on a kind of quick consumption that caused death of nearly half of these Pilgrims.

In the Spring seeds were obtained from the Indians and a crop was planted. A fish was placed in each hill of corn to fertilize it. Wheat and other crops were planted over the leveled graves to conceal the number of deaths among the settlers.

In the Fall when the crops were harvested, the Pilgrims decided to show their thankfulness to God by having a time of special thanksgiving. Some of the young men brought an abundance of wild turkeys, while their Indian friends gave them a bountiful supply of venison. Many good things were prepared for the feast by the women of the colony. The Indians were invited to have part in this celebration. There was a feast, several days of special religious services were held, and last many games and contests were held. Out of this celebration by the Pilgrims has come the beautiful custom of keeping an Annual Thanksgiving Day.

Charles C. Meyer.

I had the privilege and pleasure of being his pastor at the dear old Steel Creek Church, Savannah River Association, for a period of eight years. He was one of the best men and a noble, patriotic citizen of Barnwell County—ever loyal to his Lord, true to his church and the calls of God's Kingdom on earth. I am sure he has entered the Glorious Kingdom on High. He was ever hospitable, generous, kind and of the utmost integrity and truthfulness in all his relations as husband, father, brother and friend. Brother "Charlie" Meyer loved the house of God, the public worship; and as a fine singer, he always joined most heartily in the Songs of Zion. For years, too, he was the efficient clerk of Steel Creek Church.

In all the affairs of life, as farmer, merchant, postmaster at Meyer's Mill and agent of the Atlantic Coast Line Railroad, he was faithful, courteous and pleasant. He was of a quiet, gentle

WHY SUFFER SO?

Get Back Your Health as Other Barnwell Folks Have Done.

Too many people suffer lame, aching backs, distressing kidney disorders and rheumatic aches and pains. Often this is due to faulty kidney action and there's danger of hardened arteries, dropsy, gravel or Bright's disease. Don't let weak kidneys wear you out. Use Doan's Pills before it is too late! Doan's are a stimulant diuretic to the kidneys. Doan's have helped thousands. Here is one of many Barnwell cases:

D. C. Vickery, E. Main St., Barnwell, says: "I was compelled to get up often at night to pass the kidney secretions. This was annoying and broke my rest. The kidney secretions were scanty in passage. Before it had a chance to get any further, I used Doan's Pills, which I bought at the Best Pharmacy. They quickly corrected the trouble." 60c. at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N.
