### Uneasy Tight Feeling

"I used Theford's Black-Draught first for constipation," said Mrs. C. E. Buntin, of R. F. D. 5, Starkville, Miss. "I would feel dull, stupid, and have severe headaches, even feverish. I had an uneasy, tight feeling in my stomach. I read quite a bit about

### BLACK-DRAUGHT

### Liver Medicine

I began using it and soon my bowels acted regularly and I was greatly relieved. I used it every once in a while for about 15 years. "About two years ago I found I was having indigestion, a tight smothering in my chest, then severe pain, especially after eating sweets. I commenced taking just a pinch of Black-Draught after meals, and by doing this I could eat anything. "I gave Black-Draught to my children for colds and headaches. I can certainly recommend it." Black-Draught is used, with satisfaction, by millions. Get Theford's. Sold Everywhere

## CLAIMS FOR KARNAK TOO MILD, SAYS CAPT. MOODY

"I Would Call It The 'King Of Medicine,'" Declares Popular Charlotte Fire-fighter.

Captain A. E. Moody, known all over Charlotte, N. C., affectionately as Captain Al, comes out and declares that Karnak, the sensational new medicine being featured here, is undoubtedly the greatest medicine that has ever been known.

"I would call it the 'King of Medicines,'" declares Captain Al. "Yes, sir, I tell the boys at the Fire Hall that since I have taken Karnak I am the youngest man on the floor, even if I am 53 years old.

"I have had dyspepsia and indigestion for the past five years and it certainly kept me feeling miserable. Soon after eating, my stomach would feel all upset. My food would sour and cause gas to

form that would bloat me up until I could hardly get my breath at times. I tried all sorts of medicines, but nothing did me any good. "A friend told me about Karnak and the quick way it brought me relief was the surprise of my life.

"Why, I hadn't taken Karnak any time before every sign of indigestion and dyspepsia was gone and I was eating any and everything I wanted without any distress afterward. Such food as cabbage that I wouldn't dare to eat before I took Karnak, I now eat any time, and enjoy it—why, everything tastes good. I took Karnak Pills, too, and I want to tell you, they are splendid.

"Yes, sir, it is a genuine pleasure for me to recommend such a wonderful medicine."

Karnak is sold in Barnwell exclusively by Mace & Deason; and by the leading druggist in every town.

## Good Service Aids State's Progress

THE \$13,000,000 telephone construction program which the Southern Bell Company is completing this year is an investment in new and additional plant that South Carolina and other Southern States may have more and better service.

As a result of this program, telephone service is now better than ever before, despite the fact that the operators are handling a larger volume of calls.

The service is more valuable to the individual user, as well as to communities at large, and telephone subscribers now receive more for the money they spend for telephone service than for any comparable service or commodity.

That telephone rates have not increased anything like the cost of other services and commodities is due to economical management and efficient workers who have kept the operating expenses at a minimum despite the growing cost of everything which forms a part of telephone plant and service.
