### Rains Damage Roads.

The highways in this section have been damaged greatly in the past two weeks by the almost incessant rains and travel by automobile has been rendered very hazardous. Ordinarily it requires about an hour and a half to drive to Augusta, but a Barnwell autoist consumed four hours on the trip one day last week on account of the deplorable condition of the roads.

### An Interesting Visitor.

The People-Sentinel had an interesting visitor this week in the person of Chief Sky Eagle, an Indian from Michigan who is here selling Indian hair tonic. The Chief, who says he is 57 years old but who looks considerably younger, has traveled extensively in this country and as he is apparently well educated proved to be an excellent conversationalist. This is not his first visit to Barnwell, he having been in this city a number of years ago with an Indian baseball team, on which he played third base.

### In Memoriam.

In memory of little John James Morris, who departed this life on Nov. 26th, 1925.

Little did Mother dream that little John, the light of our home, would so soon be plucked by an angel from her arms and carried to that home where there is no tear. There is no precious little John to love, no little face on which to place a kiss. Home is sad without darling little John, but some day we'll understand why God took the little flower that He had given us. The Lord gave and the Lord hath taken away. Blessed be the name of the Lord. As long as life and memory last, we will always think of little John.

Father and Mother.

I decided to keep on and give it a thorough trial and I did. I took in all about 12 bottles and now I am perfectly well. I do not suffer any pain and can do all my housework."
