

HOME BANK OF BARNWELL

We take this opportunity to wish every one of our depositors, customers and the other good people of our county a Merry Christmas and a Happy New Year, and to thank you most heartily for the business you have given us this year, and the confidence and patience you have had in us, with the hope and wish that 1926 will bring all of us more Health, Wealth and Happiness.

Barnwell County is among the best and safest counties in the State for agricultural pursuits where we grow Cotton, Corn, Peas, Potatoes, Melons, Asparagus, Cucumbers, Cantaloupes; and, beginning first of the New Year, our bank will be ready and willing to assist the loyal customers of our Bank in our Bank's territory to grow these crops and for the larger farmers we will endeavor to secure advances through the Intermediate Credit Association operated by the Federal Government. We are suggesting kindly to the farmers not to increase—rather decrease, their cotton acreage, as to grow another Sixteen Million Bale Crop of Cotton would be hazardous. However, don't neglect your cotton, but try a small acreage of melons, Cantaloupes and cucumbers to the plow. This can be followed by corn and peas. We will assist you to get the seed, and send a truck to your farm to haul them, getting the best prices attainable, and it's more important than ever that we raise everything we eat and our stock eats on our own farm, and that "EFFICIENCY and ECONOMY" will be our slogan for 1926.

Community Bible Class Wants Prohibition Law Enforcement

Blackville, Dec. 22.—At a regular meeting of the Dora Perkins Community Bible Class of Blackville, it was moved, seconded and unanimously carried that the class pass a resolution for the purpose of going on record as being in favor of the strict enforcement of the Prohibition Law. A committee was appointed to draw the resolution to be adopted by the class at its regular meeting held on November 16th, 1925. The following is a copy of the resolution drawn by the committee:

Whereas, we, the members of The Dora Perkins Community Bible Class, both as a body and as individuals, believe with Dr. Dorgan that strong drink is one of the greatest foes of humanity and the direct cause of a vast part of the crime committed in our nation; and that the use of intoxicating beverages hurts everything that is good and helps everything that is evil, sapping individual character, destroying health, cursing society, ruining homes, befouling politics and being instrumental in bringing about countless other evil conditions:

And Whereas, we further believe that because of the fact that the drink evil corrupts the conscience, weakens the mind and imperils the soul, every Christian and good citizen should be enlisted in a warfare against strong drink, which battle can best be waged by the creating of strong public sentiment against the violation of the Prohibition Law and supporting only those officers for re-election who have shown themselves vigilant in the enforcement of all law and particularly in the enforcement of this law which is so far-reaching in its influence for better conditions both socially and politically, and by making a determined effort to vote in the first instance only for those men whom we have reason to believe will be strictly and actively for the strict enforcement of prohibition:

And Whereas, we also believe that it is essential to the cause of prohibition that we have a legislature that is so heartily in favor of The Volstead Act that they will pass such laws as are necessary to insure prohibition to a high degree and that the individual members will prove their belief in the laws so passed by themselves totally abstaining from strong drink:

And Whereas, we realize that just as the women of the country were compelled to take the lead in having a national prohibition law passed by way of amendment to the Constitution, so it is necessary for the women of the country to take the lead in the fight for the strict enforcement of prohibition:

THEREFORE, Be It Resolved by The Dora Perkins Community Bible Class that we, both as a body and as individuals, shall exercise our right of suffrage wherever opportunity presents itself in support of a strict enforcement of our prohibition laws to the end that our town, State and nation may be a better place for the youth of our country to grow up in, that our politics may be purified and social conditions in general improved. And be it further resolved that we both as a body and as individuals shall continue in prayer from time to time that our country as a whole and our people as individuals shall

be freed from this great drink evil. And be it yet further resolved that a copy of these resolutions by published in the County newspapers and a copy mailed to the Town Council of Blackville and to the Sheriff of Barnwell County.

It was moved and seconded that the foregoing resolutions be adopted by the class and the motion was unanimously carried.

RATIFIED this 16th day of November, 1925.
