the members of the Wednesday Afternoon Bridge Club last week. The high score prize was won by Mrs. H. D. Calhoun and the consolation was cut by Mrs. B. P. Davies. During the afternoon delightful refreshments, consisting of a salad course with hot coffee, were served. Out-of-town guests were Mrs. E. L. Patterson, of Spartanburg, Mrs. Ralph Smith and Mrs. J. T. Jackson, of Charlotte, N. C.

### MRS MAHAFFEY ENTERTAINS SUNDAY SCHOOL CLASS.

One of the prettiest parties of the season was given Monday evening at the home of Mrs. J. E. Mahaffey when she entertained the members of the Mary G. Harley Class of the Baptist Sunday School.

Quite a number of interesting contests were had, among them being one in which the guests were given pencil and card and asked to take the word "Christmas" and using only the letters contained in that word, write a telegram. This seemed very simple in the beginning but difficult before the contest closed.

Miss Carrie Williams won first prize, a box of candy, for the best telegram. Little Kitty Plexico was presented with a prize for the best letter to Santa Claus. A second contest which proved very interesting was between the Holly Reds and the Ever Greens, sides being selected and green and red ribbons pinned on the respective contestants. The blackboards were placed in opposite corners of the room and the captains on each side asked to write a word, each guest filling in with a word and the most complete sentence won the prize. The Ever Greens writing the best Christmas message won out and the Holly Reds were required to wear serving caps

of red and serve the winning side. A delicious salad course with hot tea was served to about twenty members of this class.

### 1928 WILL MARK CHANGE IN SIZE OF PAPER MONEY Standardized Designs Expected To Make Note Raiser's Task More Difficult.

Washington, D. C.—Dec. 27.—The year 1928 will mark the first change in size of paper money since 1861.

For months the Bureau of Engraving and Printing, the greatest print shop in the world, will be busy making new and smaller \$1 bills so that upon some fixed day next fall they may be issued simultaneously throughout the country and the old ones retired at one swoop, to be redeemed, of course, upon demand. Notes of other denominations will be printed and put in circulation probably in 1929.

The new notes will be 6 5/16 by 2 11/16 inches whereas the notes now in circulation are 7 7/16 by 3 1/8 inches. By the change the Government expects to save \$2,000,000 annually. The reduction in size of the bills is expected to increase the capacity of the Bureau of Engraving and Printing by 50 per cent because twelve of the smaller notes can be printed at one impression upon the same press which now prints but eight.

Through the change in size the bills will be made more convenient to handle and will also be more durable. The new notes will slip into a bill-fold or pocket, it is claimed, without creasing or folding, and for this reason are expected to have a much longer life than those now in use.

The life of the average bill now is not more than six or seven months, treasury officials say. Folding is one of the chief items cutting short the life of paper money.

Designs on the bills are also to be standardized. Many designs now appear on the various kinds of notes. Washington's portrait, for example, appears both on the \$1 and some \$20 bills.

Treasury officials point out that through standardizing the designs the new notes cannot be so easily "raised" to higher denominations by the crooked gentry who make this their business. In addition to standardized designs on the new paper money there will be a relation between the portrait on the face and the engraving on the back, except in the case of the \$1 bill and those above \$100.

On the face of the new \$1 bill will be the portrait of Washington and on the back will be the word "ONE" in large letters. On the \$2 bill will be a portrait of Jefferson with an engraving of Monticello; his home, on the back.

Lincoln's portrait will be on the face of the \$5 bill with the Lincoln Memorial for the back. Hamilton's portrait will appear on the face of the \$10 bill and the Treasury Building on the back. For the face of the \$20 bill Grover Cleveland's portrait has been chosen, with the White House for the back.

Grant's portrait will be on the face of the \$50 bill, Benjamin Franklin's on the \$100, McKinley's on the \$500, Jackson's on the \$1,000, Madison's on the \$5,000, and Chase's on the \$10,000.

All these designs have been approved, although some may be changed later. No retirement of money-making

machinery will be necessitated by the change, it is said.

## BUSINESS BUILDERS
