## "Liberty" Predicts Roosevelt Election

New York Magazine Makes Forecast as Result of Nationwide Poll of Newspaper Editors.

New York, N. Y., Oct. 20.—Franklin D. Roosevelt will most likely be re-elected to the Presidency, according to results of the third annual political poll taken among 5,145 newspaper editors by Liberty Magazine.

Liberty asked each editor who he thought would be elected President. About 400 editors turned the question down, leaving some 4,600 lined up as follows:

Franklin D. Roosevelt	2,875
Alfred M. Landon	1,814
William Lemke	18
Norman Thomas	0
Earl Browder	0

The editors predicted as follows: 1. Mr. Roosevelt will receive a minimum of 269 electoral votes—three more than he needs to win, and a number that may be increased by Roosevelt victories in any one of four doubtful States.

2. The Democrats will win 266 seats in the House of Representatives to 159 for the Republicans, 7 for the Progressives, and 3 for the Farmer-Laborites.

3. The Democrats will win 20 of the fall's 36 senatorial elections—giving them 67 seats in the Senate to 27 for the Republicans and 1 each for the Progressive and Farmer-Labor parties.

Liberty Magazine's nationwide poll of editors shows the probable results of the November balloting to be as follows:

### Fulmer Asks Approval.

Orangeburg, Oct. 14.—In connection with a plea for South Carolina to approve an amendment to the Constitution in the November election to make provision for the participation in the social security act, Representative H. P. Fulmer has announced the following information from the Chairman of the Social Security Board at Washington in connection with the law: "This act not only provides the payment up to fifteen dollars per month to old people sixty-five years of age and above, provided this amount is matched by the various States, but under Title X of this act provides for federal grants to States which administer aid to the blind in accordance with the standards prescribed in the federal act. This act also provides for dependent and crippled children. In order to receive federal funds for these purposes, the State must present to the Social Security Board a State plan for the administration of assistance and the board is by law directed to approve plans which meet specific requirements."

Mr. Fulmer states: "Thirty odd States have already complied and are now receiving federal aid for these purposes. Before those who are eligible under the social security act will be able to receive these benefits in South Carolina, it is necessary for the electorate of the State to approve a constitutional amendment which is being submitted this November."

## To Sell Quail Farms After the Election

Democrat Answers Republican Adv. by Offering to Sell Barnwell County Property.

The offer of a Republican to sell a quail farm in North Carolina in the event of President Roosevelt's re-election has been answered by a counter-offer of a South Carolina bred Democrat to sell his quail farm in Barnwell County in the event of Governor Landon's election.

The following item appeared in a Delaware newspaper:

"Yale Man Quails. — Julian T. Bishop, stock broker and Yale man, offers for sale one quail farm. He tells about it in an advertisement in the current Game Breeder and Sportsman:

"In the event that Roosevelt is Re-elected.

"At the coming November election the entire Horseshoe Quail Farm, located near Carthage, North Carolina, will be offered for sale, due to the fact that the owner will immediately move to Canada. The property is complete, with sufficient equipment in good condition to raise between five and six thousand quail.

"In amplification Mr. Bishop said—but not too seriously—that he was from Yale (and those Harvard fellows the President has advising him think they are too darn smart."

After reading the above, Dr. Lang W. Anderson, a native of Dunbarton, but now a successful medical specialist in Wilmington, Delaware, wrote Mr. Bishop as follows:

"I am advised through the press and by several magazine articles where you are offering for sale one five thousand capacity Quail Farm, located at Carthage, North Carolina, and that following such sale you are anticipating becoming a Canadian citizen, should President Roosevelt be re-elected.

"Remembering well the days of 1930, '31 and '32, and fully realizing that the majority of the American citizens will again be forced to eat the few and meager crumbs that may fall from the feast table of the American Liberty League within five to seven years, or even sooner, should Mr. Landon ascend to the Presidency of the United States, we would also like to offer for sale in such an event our entire five-thousand capacity Quail Farm with five thousand acres of land, located at Dunbarton, Barnwell County, South Carolina.

"Trusting that this may be of interest and that we may have the pleasure of hearing from you."

Dr. J. E. Post.
