NUMBER 25.

Handsome New Stores Nearing Completion

Plate Glass and Tile for Modern Front Expected This Week.—Building Insulated.

The Boulware block of buildings on the north side of Main Street is rapidly nearing completion and promise to be among the handsomest in this section of the State.

When Main Street was widened several weeks ago, the old store fronts were torn away and are being replaced with ultra-modern fronts of glass, tile and metal, the material for which is expected this week. The new brickwork also adds much to the looks of the buildings.

New floors have been laid, the walls have been freshly plastered and the metal ceilings have been painted white.

An innovation in this section is the fact that the stores have been insulated against both heat and cold, which will add greatly to the comfort of customers in summer and winter.

The new block of buildings is composed of two stores, one of which is double the size of the other and can easily be converted into two separate establishments at any time. The larger of the stores will have two entrances, with large plate glass show windows on each side. Metal trim and black tile will lend a metropolitan appearance to the fronts.

It is understood that at least four prospective tenants are negotiating for the large store, but no contract had been signed early this week. The property is owned by Judge Thos. M. Boulware, of this city.

Planning and Terracing Program

On Thursday of last week a meeting of farmers was held at the Court House at which time plans for the organization for a terracing program in this county got under way. Ernest Carnes, State Coordinator of the Soil Conservation Service and E. C. Turner, Jr., Terracing Specialist, addressed the meeting. They, along with A. H. Ward, district extension agent, explained the plans and answered questions relative to this work.

The meeting was well attended by farmers from the different sections of the county. A good number of farmers want work done immediately and it is now planned that arrangements will be made to run lines properly for farmers where necessary to start now. There will probably be several thousand acres with terraces laid out to be built later. We are securing two well trained men who have been working in a nearby county doing similar work. It will be necessary in the beginning to pay for these lines being run but the cost will be small per acre.

On Friday a tour is being arranged for farmers to go to Aiken and see the results of the terracing program on the farms there. Any farmers interested in going should get in touch with the county agent. It is expected that the party will reach the county agent's office in Aiken at 10 o'clock on Friday and visit the different farms from that point.

At the meeting last week a temporary organization was set up with a committee elected by the farmers who are to proceed with the organization and secure the necessary equipment, if possible, as soon as assistance can be furnished by the Soil Conservation Service. The committee from this county is R. R. Moore and A. D. Connor, Sr., Barnwell; D. C. Bush, Ellenton; B. E. Folk, Williston, and W. E. Matthews, Blackville.

Interesting Broadcast.

All who listened in on Sunday evening to the program sponsored by R. E. Hanna, president of the South Carolina Economical Association, over WBT, Charlotte, were given very valuable information as to the work of the South Carolina Society for Crippled Children. W. M. Perry, president, of Columbia, and Samuel R. Shillman, executive secretary, gave most interesting talks about the work being accomplished throughout the nation in behalf of the crippled child.

Services at Ashleigh Church.

The People-Sentinel has been requested to announce that the Rev. Mr. Benton, of New Brookland, will preach a trial sermon at the Ashleigh Baptist Church next Sunday afternoon at 3:30 o'clock. The public is cordially invited to attend this service.

Blackville Is Scene Cage Tournament

Teams from Barnwell, Blackville, Denmark, Elloree and St. Matthews to Play.

Blackville, Feb. 15.—Blackville will be host to Class B. District 19 basketball teams in a tournament here February 19th and 20th. The public is invited to attend as some exciting games are planned, if past records hold true.

The games will be played in the new gymnasium. Coach Gibbs DeHines has announced W. A. Bryan, former Charleston College star player, and Wannamaker Teal, Cheraw highlight player, as officials for the contests. Blackville girls have won 6 and lost 5 games. Five schools have been entered and paired, as follows: Firday, Feb. 19.

First Round—
3 p. m.—Denmark vs. Barnwell (Girls).
4 p. m.—Blackville vs. St. Matthews (Girls).
7 p. m.—Denmark vs. St. Matthews (Boys).
8 p. m.—Blackville vs. Barnwell (Boys).
9 p. m.—Elloree vs. winner of Denmark-Barnwell game. (Girls).
Finals, Saturday, February 20.

Triple "C" News Notes

W. TEAL, Reporter.

CCC Camp, Feb. 15.—In a double-header of basketball games played at the Blackville High School gym Saturday afternoon and evening, the "Red Giants" went down before the Supply Co., champions of district "F" 32 to 14, and 26 to 18.

In the first game Fort Moultrie started off its second team, but when second half used all of its players. After the first quarter the boys from the fort held the lead.

In the second game the Supply Co. started off its second team, but when Barnwell took a small lead in the first quarter, the Supply Co.'s first team went in. The game was interesting throughout, although the visitors held the lead most of the time, the score was 16 to 16 at one point in the 3rd quarter.

This concludes the season for the "Giants" and five men who stuck out for the team all season and played in practically all games will be awarded small watch charm basketballs. They are Guy Bass, Wannamaker Teal, J. D. Waldrop, L. D. Lord and Henry Drawdy.

Mr. DeHinds, of the Blackville faculty refereed. Blanton, of the Supply Co. was high scorer for the evening with 11 points in each game. Henry Drawdy was high scorer for Barnwell, with six points in the second game.

New Lieutenant on Duty.
Lieut. J. W. Smith, 1st Lieut. 326th Infantry, reported for duty at the Barnwell camp Friday, Feb. 12th. He is from Atlanta, and has had one 6-months tour of duty in the CCC previous to this one. His first tour was in a camp on Cape Hattaras, N. C. That camp was on sand bar five hundred yards wide, with ocean on both sides. Lieut. Smith says he prefers this camp.

We are glad to have Lieut. Smith with us, and hope he will enjoy his tour of duty here.

Mr. Conard and Mr. Bauer in Camp.
R. A. Conard, State director of ECW and Eitel Bauer, of the State Foresters' office, were in camp Thursday. Mr. Conard has written a song for the CCC, with words and music, and he allowed us to print it in "The Bugle," our camp paper. It is dedicated to President Roosevelt. The tune is in march time, and is very catchy and easy to sing.

We are getting a good supply of magazines these days, bought in Washington, for all CCC camps, but we would like to build up our library.

What we need is books of all kinds. There are probably many homes in Barnwell that have books in the attic or stored, collecting dust, which we would be able to use. We would like to get old text-books, reference books, and above all novels and stories. If you have any you would not mind getting rid of, if you will notify Mr. Bryan, CEA, or the truck driver, we will be glad to call for them.

Chaplain Vann spent Sunday night and Monday in the camp. A short service was held by him Sunday evening.

\$5 Donation Made by Williston Auxilliary

J. C. Parker Addresses Members at Regular Meeting on Universal Service.

Williston, Feb. 15.—The regular meeting of the American Legion Auxilliary, Williston Post No. 75, was held Thursday afternoon at the home of Mrs. I. Simon.

During the business session, which was presided over by the president, Miss Ruth Hoffman, of Blackville, it was decided that the unit make a donation of \$5 to aid in the relief of the flood sufferers.

After the song, "America, the Beautiful," Mrs. A. S. Blanchard, who had charge of the program, made a talk on "Americanism" and the "flag." She stressed the importance of Americanism in the educational program of the nation, and the significance and proper use of the flag. Mrs. Blanchard then presented J. C. Parker, member of the local American Legion Post, who made a talk on "Legislation." He outlined the principles of universal service—in time of war equal service for all, special profits for none—which has been before congress for years and for the enactment of which the Legion and Auxilliary have been urging ever since the World War.

After the meeting had been closed with the usual formalities, the hostess, assisted by Mrs. Ackerman, served delicious refreshments.

TRUCK GROWERS TO MEET IN BLACKVILLE FEB. 24TH

A meeting of the truck growers of Barnwell County has been arranged for Wednesday, Feb. 24th, at Blackville. Geo. W. Prince, chief of marketing, will be at the meeting, also Mr. Epps, of Lake City, and a number of others who are vitally interested in growing and marketing truck. The meeting will be held at eight o'clock p. m., and cucumber marketing will be given first consideration. All truck growers of the county are urged to attend the meeting.

More Flood Contributions.

Additional contributions received to date for Flood Relief as follows: American Legion Auxilliary Unit, of Williston, \$5.00; Mr. and Mrs. B. F. Owens, \$3.00; Mrs. L. X. Owens, Miss May Owens, Miss Belle Anderson, \$1 each; Miss Mary Workman, 50c, all of Dunbarton; Mrs. W. M. Jones, of Barnwell, \$1.50; Mrs. Mary Black Hartzog, of Double Pond, \$1.; Mrs. O. B. Staley, of Elko, 25c.

Special Service at Baptist Church.

A special service has been planned for next Sunday morning at 11:30 at the Barnwell Baptist Church in honor of the Deacons. The Deacons and their families have been asked to sit together. The Pastor will use as his subject "THE DIGNITY OF THE DEACON." A full attendance of the church membership is urged for this special occasion. Also the public is cordially invited.

MT. LEBANON REVIVAL.

M. B. MILLER, Evangelist. Mountain City, Tenn.

The above picture serves to introduce M. B. Miller, Evangelist of the Churches of Christ, who is in a Revival Campaign at Mt. Lebanon Christian Church, this week and next.

The public is invited to attend and assist in these meetings. Seven-thirty p. m. is the hour. You will miss much if you do not avail yourself of this opportunity. The Rev. W. J. Swindell, of Varnville, is pastor. Both pastor and people will appreciate your help.

Basket Ball Teams to Enter Tourney

Local Girls' Team Sports Good Record. Boys' Team Has Greatly Improved.

The Barnwell High School basketball teams, both girls and boys, will enter the annual tournament to be held this week in the new Blackville High School gymnasium on Friday and Saturday, Feb. 19 and 20th.

The local girls' outfit has an excellent record to date and should prove a strong contender if three of the regulars can recuperate sufficiently to enter the games. The locals have won five and lost three games with teams in this section and will open the tourney against a team which they have previously beaten twice.

The boys, who are playing their first year of the cage sport, have yet to win a game but they have shown marked improvement each week, and, according to Coach Hewey, should give a good account of themselves in the tournament, provided their play improves as it has for the past couple of weeks.

The girls' record to date is as follows:

Barnwell 13; Williston 23.
Barnwell 28; Williston 10.
Barnwell 14; Dunbarton 17.
Barnwell 13; Dunbarton 8.
Barnwell 22; Denmark 19.
Barnwell 23; Denmark 22.
Barnwell 11; St. Matthews 27.
Barnwell 22; Springfield 17.

The girls will open against the Denmark lassies while the boys will meet the Blackville quintet.

Home Demonstration News.

Miss Elizabeth McNab, Home Agent.

Home Demonstration work in Barnwell County is organized through 4-H clubs, adult clubs, marketing organizations and individual memberships. Foods, nutrition and health was the major project followed in adult clubs. Clothing was the major project followed in 4-H clubs.

Goals Established.

Better nutrition through "The Live at Home Plan and Food Selection" project, a more active Farm Women's Council, 4-H Local Leaders' Training and a higher standard of work in clubs were some of the goals established.

Methods Used.

Adult clubs in 7 communities, a Market club, 4-H clubs in 10 communities, 4-H Local Leaders' Training course, camps for women and girls, poultry shipments, circular letters, home visits and news articles in the county papers were the methods used in home demonstration work this year.

Project Activities.

Home Garden and Home Beautification.—An increase of 27 per cent. is shown this year in the number of farm homes having won 6th place in the Home Demonstration Better Garden contest. 45 per cent. of members reported improvements in home grounds.

Market producers are successful with their garden planning and planting. Every market day during the year some garden produce was offered for sale.

Poultry.

Three new members enrolled in the major 4-H Poultry project, completed the year's work and received certificates. The county summary shows an average net profit of \$76.55 on project. A poultry school was held in February and was attended by 35 producers from 8 communities. Brick brooders are becoming popular, as well as the Wash-tub-lantern type. Many producers are using home mixed feed for the farm flock.

Marketing.

Car lot and truck shipments of poultry, general sales, and a club market are the forms of marketing provided by the home demonstration department. Total sales through home agent's office amounted to \$4,309.11.

One car-lot shipment of 10,467 lbs. with loadings at 3 points was made. 212 farmers received \$1,638.13 for poultry sold.

Two truck shipments of 2,757 lbs. of turkeys bringing \$548.68 were made for 15 farmers. In November and December the farmers look forward to the truck shipments as a desirable way of disposing of turkeys.

(CONTINUED ON PAGE EIGHT)

Would Use Cotton For Flood Victims

Fulmer Submits Bill in House to Give Red Cross 1,000,000 Bales for Relief Purposes.

Washington, D. C., Feb. 12.—A joint resolution authorizing the distribution of 1,000,000 bales of non-tenderable grades of cotton to the American Red Cross and other relief organizations for use in flooded areas and elsewhere in the United States has been introduced in the House by Representative H. P. Fulmer, member of the House Agriculture Steering Committee.

The resolution provides that the cotton will be purchased from the government's 12c loan cotton holdings and on the open domestic market. It is further provided that 900,000 bales of the staple will be manufactured into, or exchanged, for clothing, wearing apparel, bedding and other articles of clothing.

One hundred thousand bales would be used by the secretary of agriculture for the manufacture of cotton bagging, to be sold to the cotton farmers of the country on a competitive basis with jute.

The resolution is in line with a bill introduced, and passed, by Representative Fulmer some years ago, authorizing the purchase of 500,000 bales of cotton for the Red Cross.

Mr. Fulmer states on January 1st we had on hand in round numbers 10,000,000 bales of cotton, including 62,000 bales of Egyptian and other foreign cotton. In this enormous carry-over we have over 1,000,000 bales of low grade untenderable cotton. With a prospective crop of 16,000,000 bales this year, we would be saving money for cotton farmers as well as the government if we would use at this time 800,000 bales for relief in the flood and drought areas and elsewhere in the United States where relief is needed, and at least 200,000 bales to be manufactured into cotton bagging and cotton twine to take the place of jute bagging for covering cotton, and jute twine, a product of India, that is now being used to tie the mails of the United States.

Big Still Captured.

State Constable Hucklebuck, Deputy Sheriff Gilmore S. Harley and C. S. Youngblood, working out of Sheriff J. B. Morris' office, captured a complete 250 gallon capacity copper still on Friday afternoon of last week. The raiding officers found the still located on the Edisto River, seven miles above Blackville, near the Bamberg County line. No one was at the still at the time of the raid and no arrests have been made.

Besides the still 2,000 gallons of mash, 10 gallons of unstamped liquor, eight 10-gallon kegs, one-half gallon of coloring, one slingshot, unloaded, 150 pounds of sugar, and several other articles useful in the making of illicit moonshine were confiscated.

The still was destroyed by the raiding officers and the other implements were brought to the Sheriff's office in Barnwell.

The same officers discovered 60 gallons of bootleg liquor about one-half mile from the place where the still was found on the previous day.

Honor Roll for Galilee School.

Mrs. Charlie Brown, Jr., teacher, announces the honor roll of the Galilee school for the past month as follows:

First grade—Oneal Croft, Imogene Hartzog and Patricia Anne Black.
Second Grade—Clayton Baxley.
Third grade—none.
Fourth grade—David Black and Laura Mae Baxley.
Fifth grade—none.

Well Baby Clinic.

Don't forget the Well Baby Clinic Thursday morning at the health office in the Court House. These clinics have been well attended and are proving very beneficial. In this way the well baby is kept well and parents who bring their babies are given proper instructions as to diet, etc., in order that these babies may continue in good health.

Mrs. Solomon Blatt returned home Friday after spending ten days in Columbia, with Speaker Solomon Blatt, who was confined to his hotel room in the capital city with a severe attack of influenza.

Allentown Pa., Club to Train in Barnwell

Mayor Fuller Announces That Ball Club of New York-Pennsylvania League to Train Here.

Mayor C. G. Fuller announced here last week that final arrangements had been completed with Manager Bill McCrory, of the Allentown, Pa., baseball club in the New York-Pennsylvania League, for his club to train in Barnwell this spring.

Manager McCrory stated in a letter to Mayor Fuller last week that the squad of about 25 men would arrive in Barnwell on April 1st and spend about 15 or 20 days here. The Allentown club is an independently owned franchise.

This will be the second ball club to train in Barnwell, Albany, N. Y., of the International League having trained here several years ago. McCrory was at that time manager of the Albany club and he was so favorably impressed with Barnwell as a training site that he is returning here this year with his new team.

Weather conditions should be ideal as the squad does not arrive until the 1st of April. Fuller Park will be put in excellent playing shape for the visitors and it is hoped that their stay here will be a pleasant one.

No announcement has been made as to exhibition games, however, it is believed that a number of them will be scheduled with nearby teams and possibly major league ball clubs will be brought to Barnwell as was the case when Albany played the Boston National League club here.

4-H Leaders Meet.

The regular monthly meeting of the 4-H Local Leaders Club was held in the home agent's office in the Agricultural building Saturday, Feb. 13th. Miss Seabrook, extension home management specialist, led the discussion for the month on the topic "Ironing Made Easy", and emphasized some of the factors which will help to simplify the hot tedious job of ironing. The points stressed were selection of easily ironed fabrics, styles and finishes; careful removal of clothes from the line; correct dampening; well arranged and adjusted equipment and elimination of unnecessary movements.

Members were interested in the exhibit consisting of an up-to-date ironing board and cover constructed from odds and ends about the house, and the costless but priceless gadgets for making the job easy. One leader smiled with great satisfaction when she learned that instead of its being a reflection upon her reputation as an efficient housewife to sit down while ironing it was a sign of good intelligence. Another member remarked, "We need two high stools in our kitchen and I am going to get them."

Clubs represented were—Galilee, Hercules, Reedy Branch, Joyce Branch and Hilda. Members attending were Reba Grubbs, Eloise Dyches, Carrie Grace Grubbs, Margaret Kneece, Mildred Kneece, Lucille Croft, Mamie Still, Jennie Gignilliat.

Locals Split Double-Header.

The Barnwell High School girls basket ball team evened the count for the season with the Dunbarton Hill lasses here Friday afternoon by taking a 13 to 8 decision, but the local boys took it on the chin again from the invaders by a 30 to 10 count.

In the opener, the local girls forged ahead in the first quarter, and, with Elizabeth Fletcher, stellar home town forward, showing the way with nine tallies, never relinquished that lead. The locals were in complete charge of the game and not at any time did the invaders seriously threaten. Fletcher was high point scorer for both teams.

In the nightcap the visitors had complete charge of the game and Barnwell's boys were helpless before their superior attack. Dunbarton had a smooth working offense that kept the locals guessing all afternoon, while their shots were more or less bottled up. This was the invading quint's second win over the local boys.

Brown Child Ill.

Blackville, Feb. 15.—Joan Brown, small daughter of Mr. and Mrs. D. Stanley Brown, is a patient in the University hospital in Augusta, where she was carried early Friday morning, suffering with an attack of influenza. She had been ill for several days.
