'The "Dunbar" of the firm is our old friend Willie, formerly of Barnwell, but now and for some years a resident of Augusta. Everybody in our county knows " Willie " Dunbar, and everybody likes him here as in his new home, where he is surrounded on every side by warm friends and admiring patrons.

Willie has held high positions of honor and trust in Augusta, and, by strict adherence to honesty and politeness has Kearse and Joseph Sanders, belonging called around him a host of friends. Mr. Clark, whom we had the pleasure of meeting, impressed us most favorably as a gentleman of intelligence and high ness seldom seen in one of his age. Mr. Ward we did not see, but are confident that the bare fact of his association with Messrs. Dunbar and Clark is a sufficient guarantee of his being a high-toned and

honorable gentleman. Read their advertisement and call and see them. TERRIBERRY & BRICKLE.-Our readers will see by the advertisement of this

firm that Barnwell county has within her borders a sash, blind and door factory. It is cause for great congratulation, and our people owe Capt. Terri. berry no litt'e gratitude for bringing; these things to our very doors. We judge that, other things being equal, our friends would prefer spending their money in Barnwell county to sending it to some other county. If such be the case patronage of the county. They not only warrant their goods, but they will sell them at Charleston prices. Al though a man of Northern birth, Capt. Terriberry has always been a democrat,

FATE WEEK.-Our county fair begins on Wednesday, the 21st just, and will continue up to and including Friday, the 23d inst. We understand that the efficient executive committee have spared neither palus nor expense to make it the most attractive fair we have ever had. We hoped to get a list of the premiums to be awarded but have been disappointed, and conseunently are not able to lay It before our feaders. However, we judge the object of exhibitors to be rather the encouragement of the enterprise than receiving premlums of talu-, and we hope to see the largest number of visitors present. A limited number of gentlemen can obtain board by applying early at THE PEOPLE office.

APPLETON'S JOURNAL AND SCIENCE MONTHLY FOR NOVEMBER .- We have received the November numbers of these splendid monthlies and find them fally up, if not superior, to the high standard of excellence characteristic of all the work of this publishing house, which is deservedly daily growing more in popu. larity with the discriminating readers of the country. To parents, who want chaste and instructive reading for their children, or elevated and pleasing literature for their own diversion and profit, from the pens of some of our best writers, we freely recommend these monthlies. ThePopular Science Monthly contains, in every number, analytical and critical treatises on all subjects of a scientific and mechanical nature, We will forward any subscriptions that may be Sent us.
