story of his colleague's condition ember, bound for Baltimore, with a no invention of Mike's. He had learncargo of phosphate rock. The officers ed it as he had entered the courtwere Capt. Somers Higby, Mate R. house. He dispatched a messenger to Somers, and the crew consisted of the urge upon Gray the necessity of comcook, Sylvester B. Herbert, Dave Baring immediately, even at the risk of rett, and three colored men, George Hicks, Walter Sampson and George The clerk commenced to call a jury, Seaman. For the first fortnight the

weather was quite mild and the winds light and variable, so that they made little headway in their voyage. On the

afternoon of December 30th, when about twenty miles to the southeast of Cape Hatteras, they were caught in a terrific gale from the northwest, and were literally at its mercy for seventy hours. During that time they were driven off the land in a terrific seaway that stove in their boat and washed away everything that was movable-Their gaffs were carried away and their

sails split to ribbons. On the 3d of January the storm abated slightly but the westerly gales still prevailed, and as the schooner was helpless she drifted out to sea. The sails ware patched

up but they proved of little use; as den change from the gloom of despair they could not stand the storm, and to good quarteas and plenty of food there was nothing left for the crew but almost set the sufferers crazy, and to patiently wait the abatement of the forced Capt. Keene, of the Speedwell gale. Day by day passed away and to exert great caution in resuscitating still the wind howled through the rig- their exhausted frames. They were ging and the unfortunate mariners only given a little nourishment at a were tossed about the ocean without time, and as they began to regain their the slightest encouraging prospect of strength they were allowed to lend a any relief from their perilous position. hand in working the schooner. When

THE PROVISIONS GIVE OUT.

in pretty good condition, but some of As if to add to the horror of their them have received such a scare that situation the captain was at last forced they say they have made their last to reduce the rations, and on the morning of the 23d of January they con- trip to see. sumed the last of the provisions. To- THE STORY OF THE SHOOTING, sumed the last of the provisions. To-

wards evening of that day the pange as told by the colored seaman, Sampof hunger began to be felt by these son, to a reporter, was as follows : suffering men; and the vessel was searched from stem to stern for any particles of food that might have been shot.

hidden away. It was almost a fruitless labor, and several of the crew began to despair. On the following day they subsisted on coffee, which proved very grateful and warmed them up for the time being ; but the want of solid food began to tell on the colored portion of the crew. On that night, January 24th, the wind increased to a gale from the west northwest, and the my clothes. He was standing by his unfortunate schooner labored so heav- berth, and had his pistol in the breast sprung a leak. A new duty now devolved on these weak and starving men, as it became necessary to keep the pumps going all the time to keep the water down. They all took their turns manfully for another couple of days, and then the colored seamen George Seaman, gave up from ex. defence.

Reporter-How did it occur ?

relish. There appears to be a slight difference in opinion as to the flavor of the meat, as in giving their descriptions of the repast one of the colored men said he would not know it from mutton, while the cook thought it rather resembled beef. At all events, it proved a wonderful stimulant, as it revived the exhausted men and enabled them to assist in the manage ment of the vessel. THE RESCUE. The 31st of January is a day that

will be remembered by the crew of the Sallie M. Steelman for the rest of their head. He watched the charmed maidlives, as it brought them, deliverance en, and prayed for a dull chapter in from a horrible death. Early in the that novel, but the fair admirer of zation adopted. morning they sighted the schooner
