INVENTION OF STAYS,-Tradition insis that corsets were first invented by a brutal butcher of the thirteenth century, as a punishment for his wife. She was very loquacious, and finding nothing would ours her, he put a pair of stays on her in order to take away her breath, and so prevent her, as he thought, from telking. This cruel punishment was inflicted by asker heartless husbands, till at last there was hardly a wife in all London who was not condemned to the like infliction. The

SANDFORD'S INVIGORATOR,

AS A LIVER MEDICINE. THERE has long existed a demand for such a remedy that could be relied on as safe and effectual. This remody has been promised to meet that demand; and an extensive trial of its virtues has shown how universally it has accomplished the purpose designed. Among the complaints which have been speedily cured by the use of the Invigorator we mention Liner Complaint, which is the cause of many other diseases—among which are Biliousness, Head ache, Pair in the Side and Loins, Billious Fever, Fever and Ague, Jaundice, Indiguatio Fever, Fever and Ague, Jaundice, indiguation, Languor and loss of Appetite, Listleanness and Irritability—all of which are caused by a diseased action of the Liver. The Invigorator is compounded with particular reference to the Liver, and when that disease is removed all the liver, and when that disease is removed all the rost are cured, as the cause of the u is taken away. A few doses of the regignator rarely ever fail to stimulate the Laver town proper action, and by its continued use to remove the disease. It has been taken with great success in cases of Cholic, Draentery, &c., and for these it has been found a vity efficacions remedy. An occasional dose stimulates the stomach to a healthy action and restores the appetite and vices. appetite and vigor. One dose will relieve the oppressive ancasiness experienced by sating a nearty dinner, as it excites the digestive organs to vigorous action. For a debilitated state of the system the Invigorator has no equal which experience proves, as it restores the system and removes the vellowness from the skin, which is the result of a diseased Liver. Prepared and sold by Sandford & Co., 188

PEOPLE OF AMERICA! Thousands of you have suffered long years with liver complaints, pain in the side and loins, biliousness, headache, irititability and other diseases that all the remedies tried failed to cure, and Physician: pronounced incurable You need suffer no longer.

Dr. Sandford's Invigorator will make you well again. Great cures are daily reported as having been performed by the use of this remedy, and none who use it are disappointed in its effects. A distinguished Physician says in his practice he never found anything so affectual in relieving the above named diseases as the Invigorator.

TO THE AFFLICTED.

I deem it a duty I owe to society, especially to the afflicted, to offer this testimonial in favor of that estimable medicine-" Perry Davis' Pain Killer," When pussing through Galena, some two weeks ago, I parchased at your agency a 25 cent bottle. I was then suffering from a severely bruised hand; I applied it in the store, and was astonished at the almost instantaneous relief. Before I left the store the inflamation was removed, and in less than an hour the pain ceased. In two days my hand was well as even. Finding it to be really a remedy, I determined to try its effects as a curative for the Piles, to which I have been a martyr for years. After Hon dressings, my piles were among the things that had been; I am now entirely free from them, and in as good health as ever I was in my life. I have recommended the Pain Killer to others, and always with good effect. Several of the captains of the upper river boats carry with them a constant supply, and consider it one of the most valuable medicines ever discovered.

I am, dear sir, respectfully yours, JOSEPH O. MARTIN For sale by Dn. J. W. GULICK. Cheraw S. C.

Valuable Land.

Wie will sell at private sale or liberal terms, that valuable tract of land wherein the late James G. Kelly resided, containing about 400 acres, situated on Thomson's creek in Chesterfield District, and about seven miles west of Cheraw.

There are about 200 acres of this land open

for cultivation, some of which is very fine swamp land, upon which 50 bushels of corn to the acre has been produced without the use of manures. Of the balance of the tract there are some of the best uplands in the District, and some beautiful and eligible locations for building in a healthy sand-hill region among excellent springs of water. There are on the place a dwelling house and the necessary outbuildings, and the fencing is in good repair. For the cultivation of cotton, corn, wheat, &c., the place is well adapted, and is espable of great improvement from the facilities for making and applying the best kind of manure. Persons wishing to purchase, can examine the plantation and the undersigned will take
