

Swift, who reported upon the folly of the crowd of deers, was up to his eyes in impossibility that anything so natural, so necessary, and so universal as death, should ever have been designed by Providence as an evil to mankind.

Do a man great service, and you may make yourself perfectly easy that he will not speak a word about it.

HIGH SOUTHERN GROUND.—Captain Jones, of the United States Army, a Virginian by birth, stationed not long since at Benicia, California, had with him a body servant, a slave, named Joe. One morning the captain was startled by the news of Joe's having shot another negro, and sternly asked him how he dared to do so. Joe seemed at first cast down, but rallying himself, and looking the captain full in the face, replied: "De fact is, massa, dat at night was one of dem New York free niggers. He sulked me, and I had to take strong Sudron wid him."

DAVIS' PAIN KILLER.—We are glad to learn that Perry Davis' Pain Killer is having so large a sale in our city. We have every reason to believe it to be an most effective falling cure for pain, and as such a medicine no family should be without.

Davis' Pain Killer.—From the reports of doctors in this city, we think no proprietary medicine has had so large a sale. Its valuable properties, as a remedy for pain, cannot fail to be generally appreciated, and no family should be without it, in case of accident, or sudden attack of dysentery, diarrhoea, cholera morbus, and even Asiatic cholera, yields to its magic power, as we see by reports from the sections in the south-west where the disease has been particularly virulent the past Summer.

Messrs. Perry Davis & Sons.—Permit me to acknowledge the benefit of your valuable medicine—the Pain Killer. I have been afflicted for two years and a half with a severe pain in the stomach and breast, and never found any relief until I tried Davis' Pain Killer, to which I cheerfully attribute my restoration to good general health. I consider it the best family medicine in use, for restoring and building up a debilitated system to its natural vivacity and vigor of life.

SANFORD'S INVIGORATOR

AS A LIVER MEDICINE.—THERE has long existed a demand for such a remedy that could be relied on as safe and effectual. This remedy has been prepared to meet that demand, and extensive trial of its virtues has shown how universally it has accomplished the purpose designed. Among the complaints which have been speedily cured by the use of the Invigorator we mention Liver Complaint, which in the course of many other diseases—among which are, Biliousness, Headache, Pain in the Side and Loins, Bilious Fever, Fever and Ague, Jaundice, Indigestion, Languor and loss of Appetite, Lasciviousness and Irritability—all of which are cured by a diseased action of the Liver. The Invigorator is compounded with particular reference to the Liver, and when that disease is removed all the rest are cured, as the cause of them is taken away. A few doses of the Invigorator rarely ever fail to stimulate the Liver to a proper action, and by its continued use to remove the disease. It has been taken with great success in cases of Cholera, Dysentery, &c., and as these it has been found a very effectual remedy. An occasional dose stimulates the stomach to a healthy action and restores the appetite and vigor. One dose will relieve the oppressive uneasiness experienced by eating a hearty dinner, as it excites the digestive organs to vigorous action. For a full and detailed state of the system the Invigorator has no equal which excites the system, and restores the skin, which is the result of a diseased Liver. Prepared and sold by Sanford & Co., 169 Front St., New York. Price \$1.00 per bottle, containing sixty doses. Also sold by MALLOY & COIL, Chemist, S. C.

NOW IS THE TIME FOR USING THE GREAT SOUTHERN REMEDY BAUME DE VIE, OR Balsam of Life.

The value of the Baume de Vie is now widely known, and every day the field of its usefulness is extended. It is approved and highly recommended by skillful Physicians, and admitted on all hands to be the most powerful and searching preparation that has ever been employed in medical practice. Its operation extends to the remotest parts of the system, and consists in removing diseased action in the absorbing and secreting organs. Its uniform success in curing and relieving the various diseases for which it is recommended, is established by a "multitude of witnesses." It is a very good deal when we assert that, where it has been known and used longest, there its popularity is greatest. Long we say has the demand existed for this remedy, and the propeller of progress, that circumstances of an uncontrollable nature presented its supply, long to the demand for some months past, and is happy to state, to its numerous friends and patrons that he is now extensively engaged in its manufacture, and hopes that very soon each and every order will be promptly filled.

Among some of the complaints which have been speedily cured by the Baume de Vie, we mention Dyspepsia, a disease of the stomach, and it is well known that a diseased stomach is the great door way to most of the other diseases to which the human "lesh" is heir. Keep that organ in a healthy condition, and the others will certainly act in harmony, and if it is not kept in a healthy condition, it will certainly produce biliousness, head-ache, pains in the side and loins, fevers, both nervous, bilious, and intermittent, jaundice, languor, loss of appetite, flatulency, irritability melancholy, &c.

The Baume de Vie is compounded with particular reference to these diseases. A few doses never fail to stimulate the stomach to a proper and healthful action, and by its continued use to remove all disease. Hence too, one dose will relieve at once oppressive weight and uneasiness experienced after eating, a hearty meal. It is also tonic in its operation—being for a debilitated state of the system the Baume de Vie has no equal, which every day's experience proves beyond "the shadow of a doubt." It is also highly recommended in all female complaints. Words are inadequate to express its great value in these diseases, hundreds of females who have suffered equal to the tortures of the rack are now ready and willing to testify to these facts.

As an external application to burns, scalds, bruises, strains, contusions, old and fresh, and indolent ulcers, &c., it stands without a rival. As a dressing to the hair, it is equally valuable. As a dressing to the hair, it is equally valuable. As a dressing to the hair, it is equally valuable.

For sale wholesale and retail by the subscriber at No. 208 South of C. T. Mason's Jewellery Store, Sumter, S. C., and by MALLOY & COIL, Charley, S. C. Price \$1.00 per bottle, or six bottles for \$5.00.

Mr. Charles DeLoach.—Dear Sir:—You ask my opinion of your Baume de Vie. As you are aware that I have been using it occasionally for several years past, I unhesitatingly pronounce it the best cephalic, or remedy for headache, that I have ever used, and I have sent a number having been subject to violent headache, that distressing malady from my earliest recollection.

I have frequently heard of its efficacy in other respects, but only feel justified in speaking of my own experience. To those who are afflicted with headache, I recommend it as a daily remedy, affording not only relief, but a permanent cure, and is equally valuable for a variety of other ailments.

Mr. J. DeLoach.—Dear Sir:—Last spring I used one small bottle of your Balsam of Life, and it cured me of my headache. I took it two or three times daily, as recommended in a bottle, and in a few days my headache was cured, and I have not since had it. I would advise every one who is afflicted with headache, or any other ailment, to use your Balsam, and you will find it equally valuable for a variety of other ailments.

Dr. J. W. Gulick.—Dear Sir:—I have used your Balsam of Life, and it has cured me of my headache, and I have not since had it. I would advise every one who is afflicted with headache, or any other ailment, to use your Balsam, and you will find it equally valuable for a variety of other ailments.
