U. S. MAIL!

All Persons at a distance treated by Mail with Perfect Success by describing their Symptoms.

Dr. Townsend showing manner of Inhaling.

OXYGENATED AIR!

(Send for our large and beautifully illustrated paper, sent free to any address.)

CURES

CATARRH!

Why? because Inhalation is the only way that the Air Passages can be reached, and Catarrh is a disease of the Air Passages of the Head.

Bronchitis!

Why? for the same reason as gives a cough. The Bronchial Tubes are simply conductors to carry air to the Lungs, hence Inhalation must go direct to the seat of the disease.

ASTHMA!

Why? because Asthma is a contraction of the Bronchial Tubes, caused by inflammation and irritation of the mucous membrane lining the Bronchial Tubes.

CONSUMPTION

Can be cured. Why? because we have cured hundreds of cases, some of them being given over to die by all physicians of other schools of practice.

BLOOD DISEASES!

Dr. Townsend's Oxygenated Air will purify the blood in one-third the time that any other known remedy can.

CANCERS

Dr. Townsend's Oxygenated Air goes direct to the Lungs and passes through the blood vessels and comes in direct contact with the blood as it is forced into the Lungs by the action of the heart.

TUMORS!

W. M. PARK, M. D., Late of the McLELLAN U. S. A. Hospital, Philadelphia, Pa., who has been successful throughout New England in the cure of Cancers and Tumors, takes charge of this department.

Caution!

There are unprincipled persons in Boston and elsewhere that are putting up a BOGUS LIQUID and trying to palm it off as MY TREATMENT, or Oxygenated Air, and claiming it to be like mine.
