It was stated a few days ago that the thieves' organ in Columbia, the Union-Herald, had gone under, but the dirty sheet is still alive,

We have had the pleasure of meeting Mr. R. C. Logan, the general traveling and canvassing agent of the Charleston News and Courier. Mr. Logan has many friends all over South Carolina, and he may be always sure of a warm welcome from them. The paper he represents is by long odds the best in the State, and bids fair to increase every day in popularity and usofulness.

The Supreme Court still wavers on the decision of the gubernatorial question. On the meeting of the court on Tuesday morning, Judge Willard said : "In the case of Tilda Stephens, alias Tilda Norris, the Court was in hopes that a decision submitted. We urge upon the would be rendered to-day, particularly in view of the great interest taken in the case. I have hopes, however, that a decision will be reached in a few days.'

Great efforts are making by the Radicals to influence Justice Wright to decide in favor of Chamberlain in the gubernatorial question. tremendous pressure is being brought to bear upon him, and every appeal that partisan malice and ingenuity can suggest, is made to him. There is a general confidence, however, that Judge Wright will resist all these appeals and decide according to law and justice.

The trial justice practice is increasing, both in the number and the importance of the cases brought before the courts. Justice Robertson had quite an interesting case before him on Tuesday, involving some important questions of law and a considerable amount of money. The plaintiff sued for \$55 and interest, claiming that sum to be due on the purchase of a horse in the possession of the defendant, A judgment was rendered in favor of the plaintiff for \$35, with interest and costs. A compromise was af terwards effected, and plaintiff, defendant, justice, witnesses, lawyers, horse and all went on their way rejoicing,

BUY ONLY THE BEST .- It will be a waste of time and money for farm ers to buy inferior fertilizers because they are seemingly cheap from being low priced. Use only articles which have been tested for years, and have proved adapted to the making of corn and cotton. Such an article is the WILCOX, GIBBS & Co.'s Manipulated Guano, which the manufacturers offer, through their agents, on very liberal terms, delivered at the depots in the interior; payable in Middling Cotton, at fifteen cents per pound, delivered at planters' nearest depot next Fall

WHAT GOVERNOR HAMPTON THINKS, -Governor Hampton has expressed to a reporter his judgment as to the course to be taken by the Democrats in view of the decision of the Electoral Commission. He says: "I think it not advisable to throw obstacles in the way of the decision of the Commission. We submitted our case to that Tribunal, and, if we have been deceived or betrayed, we can better afford to suffer defeat which brings no dishonor to our party than to incur the imputation of acting in bad faith. legitimate means of redress are still open to us, without resorting to parliamentary tactics, which may imperil the peace of the country, and would surely place us in a false position. The interests of the whole country demand a peaceful settlement of the pending ques-

DEMOCRATIC ORGANIZATION .- The Democratic Club of township no. 4 held a meeting on Tuesday night, when steps were take to restore the organization to that condition of discipline and efficiency to which it had attained just before the election. A meeting will be held on next Tuesday ovening, when important reports from committees will be members of the Club a full attendance at that time. All must see the necessity of maintaining the Democratic organization in this county, and the citizens of township no. 4, who did such fine work in the campaign, should not be slow to take such steps as will restore their local organization to that fine condition in which it was in November. And the same may be said of all the Clubs in the county. It will not do to let the organization fall to pieces, and it may be kept up with no great trouble. An occasional meeting during the year, if fully attended, will serve the end desired. There need be no great trouble or loss of time. Every man, whatever his oc cupation or condition, can without any sacrifice of his interests spare time enough to give a regular attondance upon the meetings. We hope to receive from every section of the county the statement that every Club has held its meeting and put its organization in thorough working order.
