Can buy direct of the Manufacturer on favorable terms. THE ASSON HARDY CUTTING MACHINES are the best and cheapest low priced machine made, and have a national reputation for utility and durability. THE ASSON HARDY PAPER CUTTER is by far the best machine which can be obtained for a less price than one hundred dollars. It is of great strength. These machines have always taken the highest stand. It is the only machine to which is applied the Patent Movable Cutting Board. This device has a reputation of itself; by it, the cutting board can be instantly and accurately moved, so that a perfect cut is insured. This is a very important point in the machine, and one that is possessed by no other. It greatly reduces the labor of preparation in working the paper backward and forward. We cannot too strongly recommend the advantages of this patent movable board. It is worth the price of this machine, and purchasers should fully understand how highly it is to be valued. THE LATEST IMPROVED HARDY CARD CUTTER is pronounced the most desirable Card Cutter in the market, for the general uses of a printing office. The well known REGGLES CARD CUTTER, with its latest improvements, is still preferred by many printers, and holds its favoritism over other machines. None genuine but those having my full address given in the casting. Newspapers in want of advertising from first parties should send for my circular. F. A. HARDY, Auburn, Mass. I will buy of those that buy of me, dec 14-
