GENERAL GOSSIP.

The Baltimore Gazette thinks a combination of Blaine and Butler will beat any circus ever organized.

Hayes has five children; Evarts eleven; Postmaster General Key, thirteen; Schurz, two; Sherman, two; McCrary, three or four; and Thompson several or more.

Packard's Legislature has refused in caucus to accept the proposition, made by the commissioners, to organize a legislature upon the basis of the parish returns.

The Saliva is what they call the Spritz in Boston. The poor fellow has been so much abused lately that he is "down in the mouth."

The steamer Germania, of the White Star Line, has made the fastest trip on record. Her run from New York to Liverpool was only seven days and eleven hours.

The head porter of the Revere House, Boston, is worth \$40,000, and one of the waiters at the Parker House, who works for \$20 per month, has accumulated \$25,000.

A correspondent at New Orleans witnessed the drill of Packard's guard at the St. Louis Hotel. He safely affirms that there is no danger of their injuring anybody but themselves.

The ex-Empress Eugenie, as she now appears, is thus described by Lucy Hooper: "She has grown immensely stout, dresses in ugly English made gowns, paints her face pink and white, black under her eyes, and wears a very palpable wig of light yellow hair."

The New York Tribune talks in this saucy way to Mr. Packard: "There was once a courageous little bull that obstinately refused to make way for a locomotive. It bellowed and pawed the ground, and shook its horns in an ostentatious way, but the result was a little railroad hash."

Forty cities in the United States owe four hundred and fifty millions of municipal debt, just one-fourth of the aggregate of our immense national debt. New York leads with \$148,000,000, then Philadelphia with \$60,000,000, then Boston with \$43,000,000, then Brooklyn with \$42,000,000, then Cincinnati with \$22,000,000, then New Orleans with \$22,000,000, and Chicago with \$18,000,000. Charleston owes \$4,672,663, and Savannah \$3,600,640. Of these forty cities San Francisco levies the lightest tax—\$1.14 per \$100, and Toledo, Ohio, the heaviest \$4.44 per \$100.

The Camphor Tree.

One of the most useful and magnificent productions of the vegetable kingdom that enriches China, and more particularly the provinces of Kiang-si and Canton, is the camphor tree. This stupendous laurel, which often adorns the banks of the rivers, was in several places found by Lord Amherst's embassy above fifty feet high, with its stem twenty feet in circumference. The Chinese themselves affirm that it sometimes attains the height of more than three hundred feet, and a circumference greater than the extended arms of twenty men could embrace. Camphor is obtained from the branches by steeping them, while fresh cut, in water for two or three days, and then boiling them till the gum, in the form of a white jelly, adheres to a stick which is used in constantly stirring the branches. The fluid is then poured into a glazed vessel, where it concretes in a few hours. To purify it the Chinese take a quantity of finely powdered earth, which they lay at the bottom of a copper basin; over this they place a layer of camphor, and then another layer of earth, and so on until the vessel is nearly filled, the last or topmost layer being of earth. They cover this last layer with the leaves of a plant called po ho, which seems to be a species of mentha (mint). They now invert

a second basin over the first, and make it air tight by luting. The whole is then submitted to the action of a regulated fire for a certain length of time, and then left to cool gradually. On separating the vessels the camphor is found to have sublimed, and to have adhered to the upper basin. Repetitions of the same process complete its refinement. Besides yielding this valuable ingredient the camphor tree is one of the principal timber trees of China, and is used not only in building but in most articles of furniture. The wood is dry and of a light color, and although light and easy to work, is durable and not likely to be injured by insects.

An old colored preacher was lecturing a youth of his fold about the sin of dancing, when the latter protested that the Bible plainly said, 'There is a time to dance.' Yes, dar am a time to dance, said the dark divine, and it's when a boy gits a whippin' for gwine to a ball.'

A Georgia man was arrested for stealing some bunting the other day, and he very naturally waived an examination.

VEGETINE

PURIFIES THE BLOOD, Renovates and Invigorates the Whole System. Its Medicinal Properties are Alterative, Tonic, Solvent and Diuretic.

VEGETINE is made exclusively from the juices of carefully selected barks, roots and herbs, and so strongly concentrated, that it will effectually eradicate from the system every taint of Scrofula, Scrofulous Humor, Tumors, Cancer, Cancerous Humor, Erysipelas, Salt Rheum, Syphilitic Diseases, Canker, Faintness at the Stomach, and all diseases that arise from impure blood. Scatica, Inflammatory and Chronic Rheumatism, Neuralgia, Gout and Spinal Complaints, can only be effectually cured through the blood.

For Ulcers and Eruptive Diseases of the Skin, Pustules, Pimples, Blisters, Boils, Tetter, Scald-head and Ringworm, VEGETINE has never failed to effect a permanent cure.

For Pains in the Back, Kidney Complaints, Dropsy, Female Weakness, Leucorrhoea, arising from internal ulceration, and uterine diseases and General Debility, VEGETINE acts directly upon the cause of these complaints. It invigorates and strengthens the whole system, acts upon the secretive organs, allays inflammation, cures ulceration, regulates the bowels.

For Catarrh, Dyspepsia, Habitual Constiveness, Palpitation of the Heart, Headache, Piles, Nervousness and General Prostration of the Nervous System, no medicine has given such perfect satisfaction as the VEGETINE. It purifies the blood, cleanses all the organs, and possesses a controlling power over the nervous system.

The remarkable cures effected by VEGETINE have induced many physicians and apothecaries whom we know to prescribe and use it in their own families.

In fact VEGETINE is the best remedy yet discovered for the above diseases, and is the only reliable BLOOD PURIFIER yet placed before the public.

THE BEST EVIDENCE.

The following letter from Rev. E. S. Best, Pastor of the M. E. Church, Natick, Mass., will be read with interest by many physicians. Also, those suffering from the same disease as afflicted the son of the Rev. E. S. Best. No person can doubt this testimony, as there is no doubt about the curative powers of VEGETINE:

NATICK, MASS., JAN. 1, 1874. MR. H. R. STEVENS: DEAR SIR—We have good reason for regarding your VEGETINE as a medicine of the greatest value. We feel assured that it has been the means of saving our son's life. He is now seventeen years of age; for the last two years he has suffered from necrosis of his leg, caused by a scrofulous affection, and was so far reduced that nearly all who saw him thought his recovery impossible. A council of physicians could give us but the faintest hope of his ever rallying, two of the number declaring that he was beyond the reach of human remedies, that even amputation could not save him as he had not vigor enough to endure the operation. Just then we commenced giving him VEGETINE, and from that time to the present he has been continuously improving. He has resumed his studies, thrown away his crutches and can now walk about cheerfully and strong.

Though there is still some discharge from the opening where the limb was lanced, we have the fullest confidence that in a little time he will be perfectly cured. He has taken about three dozen bottles of VEGETINE, but lately uses but little, as he declares that he is too well to be taking medicine.

Respectfully yours, E. S. BEST, PASTOR OF THE M. E. CHURCH, NATICK, MASS.

All Diseases of the Blood.

If VEGETINE will relieve pain, cleanse and purify and cure such diseases, restoring the patient to perfect health after trying different physicians, many remedies, suffering for years, is it not conclusive proof, if you are a sufferer you can be cured? Why is this medicine performing such great cures? It works in the blood, in the circulating fluid. It can truly be called the GREAT BLOOD PURIFIER. The great source of diseases originates in the blood; and no medicine that does not act directly upon it, to purify and renovate, has any just claim upon public attention.

Recommend it Heartily.

SOUTH BOSTON, Feb. 7, 1874. MR. STEVENS: DEAR SIR—I have taken several bottles of your VEGETINE, and am convinced it is a valuable remedy for Dyspepsia, Kidney Complaint, and general debility of the system. I can heartily recommend it to all suffering from the above complaints. Yours respectfully, MRS. MONROE PARKER, 286 Athens Street.

OXYGENATED AIR!

(Send for our large and beautifully illustrated paper, sent free to any address.)

CURES

CATARRH!

WE MAKE A SPECIALTY of treating patients by Mail. Please write and describe your symptoms.

Why? because Inhalation is the only way that the Air Passages can be reached, and Catarrh is a disease of the Air Passages of the Head. Use this Treatment as we direct, which is easy and pleasant, and we guarantee a perfect cure of Catarrh.

Bronchitis!

ALL PERSONS THAT read this are invited to send for our large and beautifully illustrated Paper, sent free to any address.

Why? for the same reason as given above. The Bronchial Tubes are simply conductors to carry air to the Lungs, hence Inhalation must go direct to the seat of the disease, and if you will follow our directions, we guarantee to cure Bronchitis.

ASTHMA!

WE GUARANTEE TO CURE Coughs, Colds, Diphtheria, Pneumonia, Neuralgia, and nearly all other severe attacks when all other remedies fail.

Why? because Asthma is a contraction of the Bronchial Tubes, caused by inflammation and irritation of the mucous membrane lining the Bronchial Tubes. Use Oxygenated Air as we will direct and we will warrant a Cure. We have cured cases of 20 years standing.

CONSUMPTION

DYSPEPSIA WE CURE. Liver and Kidney complaints are effectually reached by Oxygenated Air.

Can be cured. Why? because we have cured hundreds of cases, some of them being given over to die by all physicians of the schools of practice. Consumption is a disease of the Air passages and over two-thirds of the cases are caused by Catarrh. We guarantee a cure if you will come in season.

BLOOD DISEASES!

CANCERS

—AND—

TUMORS!

CURED without cutting or drawing blood, with very little or no pain. Any person troubled with Cancer and Tumors will please write for testimonials &c., from patients cured. We warrant a perfect cure.

Dr. Townsend's Oxygenated Air will purify the blood in one-third the time that any other known remedy can. Why? because to inhale Oxygenated Air goes direct to the Lungs and passes through the tissues and comes in direct contact with the blood as it is forced into the Lungs by the action of the heart. All the blood in your veins returns to the heart every four minutes if the blood is good, and forced from the heart to the Lungs, and the more Oxygen you inhale into the Lungs the more you purify the blood. When Oxygen comes in contact with the impurities in the blood it carbonizes and burns, causing the blood to be heated so that it warms every part of the body, as it goes on its revolutions through the system. If your blood is pure you cannot be sick. We drive Mercury and all other impurities out of the blood. We guarantee to purify the blood in one-third the time of any other known remedy.

Physicians wishing to locate in some town or city in this business, can be furnished with territory and our illustrated papers for advertising the same, by addressing as above.

Caution!

There are unprincipled persons in Boston and elsewhere that are putting up a BOGUS LIQUID and trying to palm it off as My Treatment, or Oxygenated Air, and claiming it to be like mine. None genuine unless the words "DR. TOWNSEND'S OXYGENATED AIR" ARE BLOWN IN BOTTLE AND PORTRAIT ON LABEL.
