We are not surprised to learn that the names of the members of the Mackey mob were not called when the House was organized. They have never qualified as members, and till they do so, according to law and the rules of the House, they can expect no recognition whatever.

LEGISLATORS IN TROUBLE .- Dublin J. Walker, State senator from Chester county was arrested on the 23rd inst. Benator Walker is now in jail having been of the caucus was unanimous, and committed in default of \$1,000 bail decisive in its character, and a positive and energetic policy may be confidently looked for. Nothing property, and the leading colored Chamberlain Alght of the Chester section. The offence charged amounts to grand larceny under our statutes.

Judge Mackey has issued a bench warrant for the arrest of John Lee, a member of the House from Chess Matters in Columbia.

Much interest has been folk all over the State as to the turn that affairs would take upon the meeting of the Legislature at Columbia. The condition of affairs there is well represented by the correspondent of The News and Courier, under date of April, 23.

Of the Fairfield members he says: Gibson, of Fairfield, the colored Republican who oscillated so long between the Wallace and Mackey Houses last fall, has finally compromised by a resignation, which was handed in to day. His colleague, Bird, who was also conspicious for like uncertainty, had likewise agreed to resign, and only changed his purpose on receipt of Chamberlain's letter urging the party to stick. Bird may as well resign. One more vacant chair is reported from Chester, where Judge Mackey has refused to accept bail from Dublin Welker who was a resulted. Walker, who was arrested at that place to-day.

The part that Chamberlain is play

Mr. Chamberlain is taking a very at some place two or three times a week. We would suggest that the Town Council have put up in the court house yard a music-stand for such use.

Dental Notice—Dr. Isaiah Simp advisers, that Mr. Chamberlain contemplates nothing of the kind, as he does not propose to impair his pros-pects for future political preferment by incurring certain defeat at this critical period. The Republicans are very busy about something— just exactly what remains to be developed; but Democratic members may gather enough for their guidance from a significant remark made by one of their shrowdest opponents yesterday. He said: "The Republicans will not waste their strength or risk their hopes in any useless fight against majorities.
They will watch and wait, in the sublime faith that the Democrats will blunder again somewhere and at some time, as they have blun-dered in the matter of the Electoral Commission and on other oc-casions, and then the Republicans will strike hard and strike home."

Concerning the United States senatorship and the chief justice-

I am requested to state that the The Phonix says: "The Mackey support accorded to Gen. M. W Gary by the Republicans is due not to any solicitation on his part, but United States senatorship, as General Butler does need or seek a re election, but stands on his first election and the certificate of Governor Hampton. It seems settled that no new election for senator will be had, unless the United States senate should decide that General Butler's former election was insufficient.

The contest for chief justice promises to be very lively. eastern section press Colonel Mc-Iver, of Darlington, and Chancellor advocates. Governor Hampton and his Cabinet still strongly support the nomination of Judge Willard, and, if he should be nominated, it will be through their influence. The Republicans still hope for a Democratic bolt, and one rumor was nation in the interest of the Hon. J. B. Campbell, of Charleston, for chief justice; but when Bowen arms the strongest candidate. But

A caucus of such Republican members as are in the city was held to-night, in a small room in Parker's building. About thirty or thirtyfive were present. Extra precautions were taken to secure secrecy to their deliberations, but it is known that nothing whatever was agreed upon, and the caucus will hold an adjourned meeting to-morrow, when other members shall have arrived.

THE regular meeting of this Lodge will be held in Masonie Hall on Friday evening, the 27th inst., at 8 o'clock. A full attendance is requested.
