DEATH OF PIERCE M. BUTLER.

HOW A GALLANT SOLDIER MET HIS END.

A Reminiscence of the Mexican War—The Palmetto on the Bloody Field of Churubusco.

The following sketch appeared in the Charleston Evening News many years ago, headed "REMINISCENCES OF THE PALMETTO REGIMENT." It was written by a survivor. We believe its reproduction in THE NEWS AND HERALD at this time will be acceptable to all our readers:—

The speech made by our distinguished representative in Congress, the Hon. Lawrence M. Keitt, at the banquet recently given by the City Council of Columbia to the survivors of the Palmetto Regiment, in which he related several incidents which occurred on the bloody field of Churubusco, unknown before, save to those who now survive, has created an interest, and caused a feeling among our citizens to hear and know more of the history of that Regiment.

The following sketch, is as we believe, a full and true account of the death of Col. Pierce M. Butler, and what occurred thereafter:

Early in the action, Col. Butler's horse was shot through the nostrils, the ball cutting the head stall of the horse, causing the bit to drop out of his horse's mouth. The Colonel immediately dismounted, when his horse plunged most furiously, became wild from pain, and ran into the ranks of the enemy. Soon after this, Col. Butler received a severe wound in the knee, the ball passing under the joint, and through the flesh, causing him intense pain, and almost rendering it impossible for him to walk, and in a short time disabled him from keeping the command. He retired, turning the command over to Lieut. Col. Dickinson.

The fire of the enemy was now terrific—the very air was thick with the leaden messengers of death, and the continual order of "close ranks" told how truly they did their duty. General Shields then ordered the regiment to retire behind a large hacienda, (where Col. Butler and the other wounded of the regiment were lying) for the purpose of forming a new line. A new line was formed, and the regiment marched on under a most murderous fire towards the enemy, which were strongly posted in the road, Col. Dickinson in command and bearing the Palmetto Flag, Sergt. Beggs, the color bearer, having previously been shot down.

When the regiment arrived in a line parallel to the road, and facing the enemy, which was several hundred yards from the hacienda, Col. Butler was seen advancing towards the regiment, using his sword as a means of support, to enable him to walk. As he moved up into ranks, Major Gladden approached, and spoke to him. The Colonel half faced to the rear, and while he and Maj. Gladden were in conversation, the fatal ball struck him in rear of the left ear. He turned on his left heel and fell straight backwards in the arms of Maj. Gladden, who gently laid him on the field, and ordered a detail of men from the ranks to carry his body to the rear.

During this time, the regiment had advanced several paces, and, as Major Gladden approached it, Col. Dickinson was seen to fall. Major Gladden went immediately to him, when Col. Dickinson said to him, "Here, Major, take these colors and this sword, and defend and maintain the honor of South Carolina." The gallant Major took the Palmetto flag, handed it to Patrick Leonard, (a private in Company H, who bore it safely through the charge,) and, after ordering a file of men to take Col. Dickinson to the rear, assumed command of the Regiment.

General Shields then rode up, when Major Gladden asked his permission to charge. "That is what I wish you to do." The charge was then ordered, and soon the bayonets of the Palmettoes forced back the serried ranks of the foe, scattering them in all directions. Thus ended

the battle of Churubusco. Time and space forbid me to speak of many other incidents which transpired on that bloody field, but, perhaps we will relate them hereafter.

VEGETINE

VEGETINE has never failed to effect a cure, giving tone and strength to the system debilitated by disease.

SHE RESTS WELL.

SOUTH POLAND, ME., Oct. 11, 1876.
MR. H. R. STEVENS:
Dear Sir—I have been sick two years with the liver complaint, and during that time have taken a great many different medicines but none of them did me any good. I was restless at nights and had no appetite. Since taking the Vegetine I rest well and relish my food. Can recommend the Vegetine for what it has done for me.

Yours respectfully,
MRS. ALBERT RICKER.
Witness of the above,
Mr. Geo. M. Vaughan, Medford, Mass.

VEGETINE.

Thousands will bear testimony (and do it voluntarily) that Vegetine is (the best medical compound yet placed before the public for renovating and purifying the blood, eradicated all humors, impurities or poisonous secretions from the system, invigorating and strengthening the system debilitated by disease; in fact, it is, as many have called it, "The Great Health Restorer."

SAFE AND SURE.

MR. H. R. STEVENS:
In 1872 your Vegetine was recommended to me, and yielding to the persuasions of a friend, I consented to try it. At the time, I was suffering from general debility and nervous prostrations, superinduced by overwork and irregular habits. Its wonderful strengthening and curative properties seemed to affect my debilitated system from the first dose, and under its persistent use I rapidly recovered, gaining more than usual health and good feeling. Since then I have not hesitated to give Vegetine my most unqualified endorsement as being a safe, sure and powerful agent in promoting health and restoring the wasted system to new life and energy. Vegetine is the only medicine I use, and as long as I live I never expect to find a better.

Yours truly, W. H. CLARK,
120 Monterey Street, Alleghany, Pa.

VEGETINE.

Vegetine thoroughly eradicates every kind of humor, and restores the entire system to a healthy condition.

The following letter from Rev. G. W. Mansfield, formerly pastor of the Methodist Episcopal Church, Hyde Park, and at present settled in Lowell, must convince every one who reads this letter of the wonderful curative qualities of Vegetine as a thorough cleanser and purifier of the blood:

HYDE PARK, MASS., Feb. 15, 1876.
MR. H. R. STEVENS:

Dear Sir—About ten years ago my health failed through the debilitating effects of dyspepsia; nearly a year later I was attacked by typhoid fever in its worst form, it settled in my back and took the form of a large deep-seated abscess, which was fifteen months in healing. I had two surgical operations, by the best skill in the State but received no permanent cure. I suffered great pain at times and was constantly weakened by a profuse discharge. I also lost small pieces of bone at different times.

Matters ran on thus about seven years, till May, 1871, when a friend recommended me to go to your office and talk with you of the virtue of Vegetine. I did so, and by your kindness passed through your manufactory, noting the ingredients, etc., by which your remedy is produced.

By what I saw and heard I gained some confidence in Vegetine. I commenced taking it soon after, but felt worse from its effects; still I persevered and soon felt it was benefiting me in other respects. Yet I did not see the results I desired, till I had taken it faithfully for a little more than a year, when the difficulty in the back was cured, and for nine months I have enjoyed the best of health.

I have in that time gained twenty-five pounds of flesh, being heavier than ever before in my life, and I was never more able to perform labor than now.

During the past few weeks I have a scrofulous swelling as large as my fist gather on another part of my body.

I took Vegetine faithfully and it removed it level with the surface in a month. I think I should have been cured of my main trouble sooner if I had taken larger doses, after having become accustomed to its effects.

Let your patrons troubled with scrofula or kidney disease understand that it takes time to cure chronic diseases, and if they will patiently take Vegetine, it will, in my judgment, cure them.

With great obligations I am,
Yours very truly,
G. W. MANSFIELD,
Pastor of the Methodist Church.

—PREPARED BY—
H. R. STEVENS,
BOSTON, MASS.

Vegetine is Sold by all Druggists.

SOMETHING NEW.

"THE ANSON HARDY CUTTING MACHINES are the best and cheapest low priced machine made, and have a national reputation for utility and durability."—The Electrotypier, Chicago.

THE ANSON HARDY PAPER CUTTER is by far the best machine which can be obtained for a less price than one hundred Dollars. It is of great strength. These machines have always taken the highest stand. It is the only machine to which is applied the Patent Movable Cutting Board. This device has a reputation of itself; by it, the cutting board can be instantly and accurately moved, so that a perfect cut is insured. This is a very important point in the machine, and one that is possessed by no other. It greatly reduces the labor of preparation in working the paper backward and forward. We cannot too strongly recommend the advantages of this patent movable board. It is worth the price of this machine, and purchasers should fully understand how highly it is to be valued."—Geo. P. Howell & Co's Newspaper Reporter and Printer's Gazette.

THE LATEST IMPROVED HARDY CARD CUTTER is pronounced the most desirable Card Cutter in the market, for the general uses of a printing office.

The well known REGGLES CARD CUTTER, with my latest improvements, is still preferred by many printers, and holds its favoritism over other machines.

None genuine but those having my full address lettered in the casting.

News-papers in want of advertising from first parties should send for my circular.

F. A. HARDY,
Auburndale, Mass.

I will buy of those that buy of me.

U. S. MAIL!

All Persons at a distance treated by Mail with Perfect Success by describing their Symptoms.

Dr. Townsend showing manner of Inhaling

OXYGENATED AIR!

(Send for our large and beautifully illustrated paper, sent free to any address.)

CURES

CATARRH!

Why? because Inhalation is the only way that the Air Passages can be reached, and Catarrh is a disease of the Air Passages of the throat. This Treatment is so direct, which is easy and pleasant, and we guarantee a perfect cure of Catarrh.

Bronchitis!

Why? for the same reason as given above. The Bronchitis Tubes are simply conductors to carry air to the Lungs, hence Inhalation must go direct to the seat of the disease, and if you will follow our directions, we guarantee to cure Bronchitis.

ASTHMA!

Why? because Asthma is a contraction of the Bronchial Tubes, caused by inflammation and irritation of the mucous membrane lining the Bronchial Tubes.—Use Oxygenated Air as we will direct and we will warrant a Cure. We have cured cases of 20 years standing.

CONSUMPTION

Can be cured. Why? because we have cured hundreds of cases, some of them being given over to die by all physicians of other schools of practice. Consumption is a disease of the Air passages and over two-thirds of the cases are caused by Catarrh. We guarantee a cure if you will come in season.

BLOOD DISEASES!

Dr. Townsend's Oxygenated Air will purify the blood in one-third the time that any other known remedy can. Why? because it inhales Oxygenated Air, goes direct to the lungs and passes through the tissues and comes in direct contact with the blood as it is forced into the lungs by the action of the heart. All the blood in the system returns to the heart every four minutes if the blood is good, and forced from the heart to the lungs, and the more Oxygen you inhale into the lungs the more you purify the blood, when Oxygen comes in contact with the impurities in the blood it carbonizes and burns, causing the blood to be heated so that it warns every part of the body, as it goes on its revolutions through the system.

CANCERS

TUMORS!

CURED without cutting or drawing blood, with very little or no pain. Any person troubled with Cancer and Tumors will please write for testimonials &c., from patients cured. We warrant a perfect cure.

W. M. PARK, M. D.,
Late of the McCLELLAN U. S. A. Hospital, Philadelphia, Pa., who has been successful throughout New England in the cure of Cancers and Tumors, takes charge of this department.

Address all letters as heretofore,
E. F. TOWNSEND, M. D.,
122 High Street, Providence, R. I.

Physicians wishing to locate in some town or city in this business, can be furnished with territory and our illustrated papers for advertising the same, by addressing as above.

Caution!

There are unprincipled persons in Boston and elsewhere that are putting up a ROGGE LIQUID and trying to palm it off as My "TREATMENT" or Oxygenated Air, and claiming it to be like mine. None genuine unless the words "DR. TOWNSEND'S OXYGENATED AIR" ARE BLOWN IN BOTTLE AND PORTRAIT ON LABEL.

Merchant Tailoring.

THE undersigned informs the citizens of Winstboro and the county generally, that he has opened a Tailoring Establishment in the store next to Mr. J. Clendinning's. He is prepared to do all kinds of work in his line at short notice and on reasonable terms. A full line of samples kept constantly on hand, from which customers may make selections. Special attention given to CUTTING.
