Col. John T. Rhett and Mr. John C. Seegers have been suggested for Senator from Richland. Col. J. D. Pope declines to run.

THE FRENCH elections have passed off quietly. The Republicans seem to have the best of it. McMahon may resign the presidency.

THE DEMOCRATS organized the House'on Monday without trouble, Randall receiving 149 votes and Objections were Garfield 132. made to the swearing in of Cain and Rainey, of South Carolina, Darrel, Elam and Robertson, of Louisana. and Pacheco, of California, and those members were requested to stand aside. All the other members and delegates were then sworn in.

WE ARE told that after Parker had stolen a half million of dollars, and was a fugitive from South Carolina justice, he went to Jersey City and "became a conspicuous worker, and a member of Dr. Eady's Free Union Church. He was President of the First Reformed Temperance Chub, a member of the is the place for thieves. They Second Reformed Club, and a pillar in the Eric Branch of the Young Men's Christian Association." What sort of place must Jersey City be?

Judge Kershaw delivered an opinion at the recent coust in Lancaster, affirming the right of a married woman to redeem lands sold at a tax sale, more than ninety days ing them the use of the gavel, he previous. The law says that the had just called them up with three husband is Eable for the taxes of knocks, when he leaned too far back, the wife, and the Judge held that this relieved her from liability for Picked up next morning, he was his failure. For these reasons he decreed in favor of the plaintiff.

The Radical Thieves.

Nash has made restitution of six thousand dollars. This is a small percentage of the sums he stole; and while his wife holds so much property yet, he should not be suffered to escape punishment except for cogent reasons which are not known to the outside public. Yet it is rumored that he is to become State's evidence. The roll of State's witnesses is becoming the receptacle of their surplus alarmingly voluminous. Moses is saliva. The practice of this pre-State's evidence, S. J. Lee is State's evidence, Woodruff and Jones are State's evidence, Nash and Maxwell of economy, it would be well to place are said to be State's evidence, troughs full of sawdust along each even Parker wants to come home and be State's evidence. It is highly gratifying, indeed, to know that the State has such a noble army of martyrs ready to tell drama will be enacted when Patcustody of the sheriff, and, finding said it meant to say Morven instead himself face to face with those of of Monroe, and that it was the his compeers who have already printer's error. He bought them, and they sold them- The Herald retorts upon the editor selves and I was elected Senator. I committed no crime. Let me, too, turn State's evidence, that I may testify against them." And the poor legislators will eatch it.

Of course the Investigating Comwhat is right, and outsiders, having their action. But we must insist that there shall be no sucre notte equally guilty, and careful discrimisuffer. The people will not be satisfied, otherwise.

We are told that money is what the State wants. This is an error. inflicted on the thieves who have laid her low. No more than a private person, does she wish to compound a felony. The recovery of a percentage of stealage, while the thieves hold the balance, will be no comoutraged people, homes made desolate, families orphaned by the ungeneral pall that overspread our people during all those hideous days of Radicalism. The clinking of the guinea cannot heal the wound that honor feels. There must be something more. The penitentiary should go there.

Masonry in Indiana.

From the St. Joseph Herald.

A Masonic Lodge in Indiana was presided over by a Master who had an exaggerated notion of discipline. One night he met his lodge in called meeting (not a member absent) to instruct them in the work. Teachfell through a window to the ground more in that village. It was inexplicable. Forty women left widows, unpaid bills. Twenty years after that somebody went up into the fourth story, broke open the door, and beheld the lodge, a lodge of skeleton's! Strange, but true, they had strictly obeyed the orders of the W. M., and, waiting for knocks to seat them starved to death. Each was standing in an attitude of respectful attention, "looking to the East;" and had no pitying citizens taken them down, they would have been standing there still.

The Inter-Ocean is determined to have revenge in some shape. It now comes at the South in this way: "The ex-Confederate Congress had spittoons, but their expectoration was imperfect. > The Philadelphia Permanent Ex hibition seems to be in danger of being anything but permanent. The stockholders have had a meeting with a view of saving the concern from being sold out by the sheriff. There is a debt of \$261,000 due by the company, of which \$180,000 are due to the centennial board of finance, and \$84,000 to individual be a by-word and a warning to all creditors. The directors of the Pennsylvania Railroad and of the Reading Railroad, who are interested in the continuance of the Exposition, are examining its financial condition, with a view of extending pensation for a bankrupt State, an laid to it if there be a chance of its being made to pay hereafter.

THE VICTORY IN OHIO. -The overaccustomed cares and toils to which whelming defeat of the Ohio Reparents have fallen victims, and the publicans has made a sensation. Democrats are jubilant. Pennsyl vania Democrats say that Pennsyl vania will follow suit. New York is sure. The administration are terribly annoyed by the Ohio election. Good judges say that the verdict is not against Mr. Hayes' policy of pacification and civil service reform, in keeping the office-holders out of polities, but for a repeal of the resumption act and a rehersal of John Sherman's financial policy.

GENERAL TODLEBEN, who has been called upon, at the e'eventh hour, to outwit Osman Pasha, is now an old man. One good word is due to tobacco. An Ohio couple quarreled, and in the heat of the moment the man packed his carpet-bag and left her forever. A short distance from the house he discovered that he had forgotten his tobacco-box. To go back for it was the work of a moment. Then having filled his mouth with the weed, he looked upon his wife with mollified eyes, and in another moment both were protesting that they had only been in fun anyhow.

This standard article is compounded with the greatest care. Its effects are as wonderful and

as satisfactory as ever. It restores gray or faded hair to

its youthful color. It removes all eruptions, itching

and dandruff. It gives the head a cooling, soothing sensation of great comfort, and the scalp by its use becomes white and clean. By its tonic properties it restores

the capillary glands to their normal vigor, preventing baldness, and making the hair grow thick and strong. As a dressing, nothing has been

found so effectual or desirable.
