Wednesday was decidedly a cold day. Ice was found in the early morning.

The Democrats of Richland county, in convention assembled, nominated Capt. John H. Kinsler for the senatorship made vacant by the resignation of Beverly Nash.

The Fairfield Fire Engine Company paraded on Tuesday afternoon. The engine was in its usual fine condition, and the boys presented their usual handsome appearance.

It is rather a coincidence that the verdict of guilt in Cardozo's case should have been rendered on the seventh of November—the anniversary of the rout of the thieves and plunderers in South Carolina.

The Wheeler House, Columbia, has been reopened under the management of Maj. R. N. Lowrance, who is favorably known to the traveling public; and visitors to the State Fair will secure all the comforts of a first-class hotel by stopping with him.

The meeting of the Gordon Light Infantry, on Tuesday evening, was well attended. A committee was appointed to consider the matter of uniform. Great interest is being manifested in the company by the members, and we doubt not it will ultimately be one of the finest military organizations in the State. We trust the adjutant-general will soon be able to furnish the corps with the necessary arms and equipments.

**CARDOZO'S TRIAL.**—The trial of Cardozo was continued on Monday. Mr. Miles opened the argument for the State, Mr. Melton followed for the defence, and General Connor closed for the State. All the arguments are said to have been very fine. A telegram received here on Wednesday morning announces that the jury rendered a verdict of "Guilty." Mr. Melton excepted to various rulings of Judge Townsend, and it is not unlikely that the case will go up to the Supreme Court. Judge Townsend's charge, however, was clear, full, impartial and, we doubt not, entirely correct; so there will be but little chance for the guilty ex-treasurer to escape the penalty due to his crimes.

The Columbia Register favors the establishment of county courts. It says: "We want a cheaper tribunal to pass upon the minor offenses now sent to the circuit court. The revival of the county court system will be urged upon the Legislature, and so will the enlargement of the powers and duties of the trial justices. Our predilections favor the former system, as calculated to acquire dignity and importance by reason of its enlarged jurisdiction, compared with the limited territory of under magistrates, who are within the radius of small neighborhoods. Besides, the pay of one man to preside over a county court held once or twice a month is necessarily more economical than to pay a dozen men for the same class of labor, when it will require more or less of their time every month to look after such business."

Our correspondent "Lex" frankly admits the justice of all the complaints made against the trial justice system, but says it has not yet had a fair trial. We think it has had a full and fair trial. Of course, everybody admits that under our present government, some

of the abuses have been removed; but many still exist. The truth is, the power of trial justices is greatly disproportionate to the grade of the office, and it is impossible to fill the office with men possessing the requisite legal attainments to perform its duties properly. The civil jurisdiction of trial justices is too wide; yet it will in many cases be unprofitable to take certain small causes up to the circuit court. The remedy is in the establishment of an intermediate tribunal, which shall take from the trial justices the more important civil cases, and at the same time relieve the circuit courts of the smaller. The same reasoning applies to criminal cases, but with much greater force.

**It is Found at Last.**

SOMETHING NEW UNDER THE SUN.—A new era is dawning upon the life of woman. Hitherto she has been called upon to suffer the ills of man and her own besides. The frequent and distressing irregularities peculiar to her sex have long been to her the "direful spring of woes unnumbered." In the mansion of the rich and in the hovel of poverty alike woman has been the constant yet patient victim of a thousand ills unknown to man—and these without a remedy. "Oh Lord, how long!" in the agony of her soul, hath she cried. But now the hour of her redemption is come. She will suffer no more, for Dr. J. Bradford's Female Regulator—Woman's Best Friend—is for sale by Dr. W. E. Aiken at \$1.50 per bottle.

NO. 1 LAW RANGE

IS a scientific preparation of the most approved medicines in the vegetable world. It will cure liver complaint, bowel affections, skin diseases, kidney affections, bilious and malarial fevers, colic, jaundice, indigestion and dyspepsia, and many regard it as a "Family Medicine Chest" within itself.

There is no medicine now before the people that gives such universal satisfaction. No one who has ever used it but gives it the highest praise, and is ready to testify to its merits in curing dyspepsia, indigestion, constipation, liver complaint, headache, colic, bilious and remittent fever, and ague, and all forms of nervous and general debility. To persons living in malarial districts it is invaluable in preventing its poisonous influence. We regard Simmons' HERBATIC Compound as the very simplest, purest and best family medicine ever offered to suffering humanity. It has been used with unvarying success in all climates, at all ages, and in all kinds of weather. One trial will convince the most incredulous of its value.
