We are requested to announce that Rev. W. W. Duncan, of Wofford College, will preach in the Methodist church to-morrow at eleven o'clock in the morning and seven in the evening.

FROM THE DARK CORNER.

Items of News from the Feasterville Neighborhood—Some Pertinent Inquiries.

Editors NEWS AND HERALD:

We sometimes see an invitation in your excellent paper for matters of a local nature from the different sections of the county, and we have concluded to say a word or so about the "Dark Corner." And just here, Messrs. Editors, we would ask you to tell us how this section got the name of "Dark Corner." It is generally believed that editors know everything and what they do not know they can very soon get from a reporter: hence the question.

The people of this section, we think, come as near earning their bread by the "sweat of the brow" as they do perhaps upon any other part of the globe. Seldom entering into speculations of any kind, they generally, from the old man down to the small boy, make regular hands in the crops. As a general thing, since the war, they have all made money, notwithstanding the heavy tribute to Caesar; and now, with the taxes so reduced, our future is full of promise. Our farmers have purchased but a small quantity of commercial manures, but have entertained the idea all the time that the old-fashioned stable-manure is the cheapest, best and most permanent.

We wanted to ask you another question, (not that we care anything about the old fellow) that is, what has become of A. S. Wallace? We have not heard of him since the memorable fox-chase by T. W. W. and others last fall.

The "Corner," for the first time since the war, has had the benefit of a public school. This school was taught by Miss Withers, and the children all learned to love her so much, that they constrained their parents to raise money by private subscription to employ her for two months more. We are pleased to say that the subject of education is engaging the minds of our people more than ever before. We hail with thanks and gratitude the prospects of a well based public school system, in connection with the subject of education. We can say (and keep inside of the lines) that this neighborhood can show as many and as fine-looking children as any other "Dark Corner" in the world.

One more request, and we will stop. Can't you give us the difference in the tax this year and last, showing the gain to the county under a civilized government?

"DARK CORNER."

SPECIAL NOTICES.

It is Found at Last.

SOMETHING NEW UNDER THE SUN.—A new era is dawning upon the life of woman. Hitherto she has been called upon to suffer the ills of man and her own besides. The frequent and distressing irregularities peculiar to her sex have long been to her the "direful spring of woes unnumbered." In the mansion of the rich and in the hovel of poverty alike woman has been the constant yet patient victim of a thousand ills unknown to man—and these without a remedy. "Oh Lord, how long!" in the agony of her soul, hath she cried. But now the hour of her redemption is come. She will suffer no more, for Dr. J. Bradford's Female Regulator—Woman's Best Friend—is for sale by Dr. W. E. Aiken at \$1.50 per bottle. nov 6-2w

Mount Zion College Institute

THE fall session of this well known Institute began on Monday, August 27th.

The course of instruction embraces Mathematics, the Classics, Science and the usual English branches. Special attention will be paid to elocution, reading, spelling and writing. Pupils will receive that careful drill in the rudiments which is essential to securing a thorough education. Black-board exercises will enter largely as a method of instruction. The college building is commodious and conveniently located. The Principal hopes, with the political and material improvement of the State, to secure a liberal patronage, by means of which the Institute may be restored to its former popularity and usefulness.

IS a scientific preparation of the most approved medicines in the vegetable world. It will cure liver complaint, bowel affections, skin diseases, kidney affections, bilious and malarial fevers, colic, jaundice, indigestion and dyspepsia, and many regard it as a "Family Medicine Chest" within itself.

There is no medicine now before the people that gives such universal satisfaction. No one who has ever used it but gives it the highest praise, and is ready to testify to its merits in curing dyspepsia, indigestion, constipation, liver complaint, headache, colic, bilious and remittent fever, and ague, and all forms of nervous and general debility. To persons living in malarial districts it is invaluable in preventing its poisonous influence. We regard SIMMONS' HEPATIC COMPOUND as the very simplest, purest and best family medicine ever offered to suffering humanity. It has been used with unvarying success in all climates, at all ages, and in all kinds of weather. One trial will convince the most incredulous of its value.
