The tracks of a large bear were discovered a few days ago on the plantation of Mr. W. N. Mason, on Morris' Creek. Several hunters have been in search of it, but have not yet discovered its whereabouts.

Superintendent Thompson visited Winnsboro on Saturday, but the day was very inclement and few persons were in town. Besides, his duties in Columbia were so pressing in preparing his report for the Legislature, that he determined not to wait over till night for an address, but merely had a conference privately with the school officials. He is much in earnest in the matter, and will do all he can with the Legislature to make the system a success. Much stress was laid by him upon the importance of having good teachers, by exacting thorough examinations. He authorized the opening of a teacher's institute, or normal school, in Winnsboro, for a month, in order to train applicants for teaching, and to review the studies they will teach and upon which they will be examined. The opening of this institute depends upon the number of persons applying. It will not be held, provided the number is not large enough to warrant the expense. Any person desiring further information about this can confer with the County Board of Examiners.

SPECIAL NOTICES.

Two Miles Before Breakfast.

In a neighboring city in Georgia, there is a married woman, who, after her third confinement, had ulceration, with all its repulsive symptoms. She tried in vain all the nostrums; her husband carried her to all the famous mineral springs, went with her to New York, Philadelphia and other places, to consult eminent obstetricians, to no purpose. After the use of the fifth bottle of Regulator, she has been fully restored to her former health and happiness, and is now the joy of the household—is able to walk two miles before breakfast.

SIMMONS' Hepatic Compound is all vegetable, perfectly harmless and wonderfully effective; can be used at all times and at all ages, and does not interfere with one's daily pursuits, but, on the contrary enables us to pursue them with renewed vigor. It is simpler, better and cheaper than any similar preparation ever offered.

Simmons' Hepatic Compound,
 OR LIVER CURE,

should be preferred as a corrective and alternative to every other medicine in use. Firstly, it allays fever; secondly, it cleanses the bowels without violence or pain; thirdly, it tones the stomach; fourthly, it regulates the flow of bile; fifthly, it promotes healthy perspiration; sixthly, it relieves the system from unwholesome humors; seventhly, it tranquilizes the nerves; eighthly, it acts upon the blood as a purgative; and lastly, it forms one of the most certain Liver Regulators known.
