THE METHODISTS.

The Annual Conference of the Methodist church met on the 12th, in Columbia. The attendance was full. The regular business was transacted. On Friday the bishop addressed the preachers who had been on trial two years and were now eligible to seats in the Conference.

Question, "Who are admitted on trial?" was asked, and J. Simmons Meynardie, J. W. Tarbox, Jas. S. Porter and Jno. T. Pate were admitted on trial into the traveling connection.

A committee on memorials to the General Conference was appointed, consisting of Revs. J. M. Carlisle, H. A. C. Walker and S. A. Weber. A paper presented to the Conference requiring that all applicants for admission into the itinerancy shall have preached at least one year as a local preacher was submitted to the above committee.

On Saturday the following delegates were elected to the General Conference: Clerical, Revs. Shipp, Duncan, Kennedy, Walker, Christy, Jones and Darby; lay delegates, Messrs. Carlisle, Moorman, McMillan, Stokes, Connor, Baer and Patterson. The following laymen were elected alternate delegates: W. K. Blake, Dr. J. R. Mood, J. A. Elkins and Rev. W. H. Smith.

While the election was in progress, Governor Hampton entered the room, and was introduced by Bishop Doggett to the Conference. The Governor made a few remarks in substance as follows: My friends of the South Carolina Methodist Conference: I was not willing, by my presence, to interrupt your proceedings, but I felt that if there was any body of men in South Carolina who were entitled to my respect, it was your reverend body, for I remembered how, last year, when all was dark, you made supplication for our troubled country, and it seemed as if that prayer received a direct answer.

On Saturday night a large missionary meeting was held at Washington Street Church. Addresses were delivered by T. S. Moorman, Esq., and Rev. W. W. Duncan, and \$300 were collected. On Sunday almost all the pulpits in Columbia were filled by members of the Conference. Bishop Doggett preached at Washington Street Church, and after services ordained the deacons. That night at the Marion Street Church the elders elect were ordained.

On Monday the bishop spoke of the need of preachers in the West, and announced that two or three, especially, had been asked for California. A resolution was adopted to test the desire of Sunday schools on sending delegates to the Sunday School Convention in Atlanta, in May.

The Southern Christian Advocate was declared to be the only accredited organ of this Conference. It was resolved to assess the several districts for the support of the publishing houses. Several addresses were made. Newberry was chosen as the place for holding the next Conference; and Conference adjourned.

Water has been reached in the new artesian well on Citadel Green in Charleston, at a depth of 1,364 feet. It has attained a flow of thirty gallons a minute, and it is thought that it will rise a hundred feet from the ground. It has a temperature of 87 1/2 degrees, and it is not mineral.

Ayer's Sarsaparilla

For Scrofula, and all scrofulous diseases, Erysipelas, Rose or St. Anthony's Fire, Eruptions and Eruptive diseases of the skin, Ulcerations of the Liver, Stomach, Kidneys, Lungs, Pimples, Pustules, Boils, Blotches, Tumors, Tetters, Salt Rheum, Scald Head, Ringworm, Ulcers, Sores, Rheumatism, Neuralgia, Pain in the Bones, Side and Head, Female Weakness, Sterility, Leucorrhoea, arising from internal ulceration, and uterine disease, Syphilitic and Mercurial diseases, Dropsy, Dyspepsia, Emaciation, General Debility, and for Purifying the Blood.

This Sarsaparilla is a combination of vegetable alteratives—Stillingia, Mandrake, Yellow Dock—with the Iodides of Potassium and Iron, and is the most efficacious medicine yet known for the diseases it is intended to cure. Its ingredients are so skillfully combined that the full alterative effect of each is assured, and while it is so mild as to be harmless even to children, it is still so effectual as to purge out from the system those impurities and corruptions which develop into loathsome disease.

The reputation it enjoys is derived from its cures, and the confidence which prominent physicians all over the country repose in it proves their experience of its usefulness. Certificates attesting its virtues have accumulated, and are constantly being received, and as many of these cases are publicly known, they furnish convincing evidence of the superiority of this Sarsaparilla over every other alterative medicine.

So generally is its superiority to any other medicine known that we need do no more than to assure the public that the best qualities it has ever possessed are strictly maintained.
