

Cotton.

With careful rotation of crops and liberal fertilizations, cotton lands will improve. The application of a proper fertilizer containing sufficient Potash often makes the difference between a profitable crop and failure. Use fertilizers containing not less than 3 to 4%.

Actual Potash.

Kainit is a complete specific against "Rust."

All about Potash—the results of its use by actual experiment on the best farms in the United States—will be in a little book which we will send you absolutely free to any farmer in America who will write for it. GERMAN KALI WORKS, 113 Nassau St., New York.

WILL GREECE STOP FIGHTING.

CONFLICTING REPORTS RECEIVED FROM ATHENS.

One Account says that as a Result of the Visit of the Ministers of War and of the Interior to Pharsalos the War will be Discontinued—Another Says that After an All Night Session of the Cabinet it was Determined to Continue the War—It is Safe to Conclude, However, that Greece is Only Waiting for Intervention.

London, May 5.—The Athens correspondent of the Daily Mail says that the ministers of war and of the interior have returned from Pharsalos and made their report to the Cabinet. It is understood that as the result of the inquiry the war will be discontinued.

The Athens correspondent of the Times says: "The Cabinet sat till daybreak Tuesday, hearing the reports of the ministers from the front, and finally resolved to continue the war. Gen. Smolenski has declined to accept the post of chief of staff to the Crown Prince, as he prefers to remain with his own brigade. The decision of the Government is momentous, but it is difficult to say whether it is absolutely final."

THE FIGHTING OF FRIDAY LAST.

London, May 5.—The special correspondent of the Times with the Turkish forces at Valestino telegraphs under date of April 30 that the Turks have captured the village of Kephala, at the foot of the pass, adding that with the reinforcements then en route from Larissa the Turks would undoubtedly be able to force the defile, and, if necessary, capture Valestino.

Shortly after I sent the last dispatch the Greek fire slackened and gradually ceased. It has been met by the Turkish left with admirable steadiness and courage. Strong Greek reinforcements were brought up, but the Turkish left resisted the onslaught. During the battle the Turkish center was hidden behind a thick wood, which proved an adequate defence. In the morning two Turkish squadrons charged the Greek position. At first they were successful, but meeting with a large force strongly entrenched, they suffered heavily. It is impossible not to admire their courage. The appeared absolutely indifferent to danger. I visited the trenches when an attack was expected, and I found all except the sentinels sleeping quietly.

About 8 o'clock last evening strong Greek reinforcements were brought up from Volo and

Pharsalos, so that the Turkish force is now much inferior. The distance between the right and left wings has been greatly extended, and the general in command has decided to concentrate his troops on a more favorable position farther back.

WHAT THE PORTE SAYS.

Constantinople, May 4.—The Porte has replied to the French, Russian and British embassies, giving its consent to their proposal to protect the Greeks, but only during the period allowed for their departure. The Porte adds that all treaties with Greece are suspended for the time being.

Capt Seriven, of the American embassy at Rome, has arrived here en route for Thessaly to watch the operations.

BRITISH NEUTRALITY.

London, May 4.—A royal proclamation was gazetted this evening, enjoining upon all British in the war between Turkey and Greece.

READY TO EVACUATE CRETE.

Athens, May 4.—It is now denied that an officer has been appointed to succeed Col. Vassos in command of the Greek forces in Crete. This interpreted here as a prelude to the recall of the Greek troops from the island, and as proof of the conciliatory intentions of the new Cabinet.

Col. Vassos has been appointed to succeed Col. Manos, who has been in command of the Greek forces operating in Epirus.

Ex-Minister Mextaxes replaces Gen. Macras, and Major Constantides has been recalled from Crete and appointed chief of Prince Constantine's staff.

RUMOR OF PEACE.

London, May 5.—The Athens correspondent of the Daily Chronicle says that the foreign ministers have tendered the intervention of the Powers to Greece, but the Government has reserved its reply.

A dispatch to the Daily Chronicle from Pharsalos, dated Monday, says it is rumored in the Greek camp that peace will shortly be proclaimed.

Persons who sympathize the afflicted will rejoice with D. E. Carr of 1255 Harrison street, Kansas City. He is an old sufferer from inflammatory rheumatism, but has not heretofore been troubled in this climate. Last winter he went up into Wisconsin, and in consequence has had another attack. "It came upon me again very acute and severe," he said. "My joints swelled and became inflamed; sore to touch or almost to look at. Upon the urgent request of my mother-in-law I tried Chamberlain's Pain Balm to reduce the swelling and ease the pain, and to my agreeable surprise, it did both. I have used three fifty-cent bottles and believe it to be thing for rheumatism, pains and swellings extant. For sale by J. F. Mackey & Co. and B. C. Hough Co., Lancaster, S. C.

NEGRO FIENDS HUNG.

SIX MURDERS STRUNG UP BY A NEGRO MOB.

Murder, Rape and Incineration Preferred Against the Demons, to Which They Confess, and are Too Mildly, but Justly, Dealt With by Their Incensed Brothers

Houston, Texas, April 30.—For the murder of an old man a child and a woman, the ravishment of two girls, the burning of the home of their victims, two of the bodies being consumed in the flames, six young negroes were last night sent to their doom by the hands of an infuriated mob of negroes, the victims also being negroes, at Sunnyside, Walter county.

Last fall a German from Brenham was robbed of \$65. Suspicion pointed to the four Thomas boys, and they confessed to having committed the theft, saying they had given \$30 of the money to Henry Daniels. Daniels spent the money, and on Sunday evening last the four Thomas boys, according to their confession, decided to either collect their \$30 or kill Daniels. They carried out the latter part of the programme.

Henry Daniels, an old negro, lived there in a little hut with his step-daughter Marie and a seven-year-old child. Wednesday night the house was broken open. Marie Daniels and the child were ravished and old man Daniels clubbed to death while trying to protect those in his charge. Then old man Daniels and his step-daughter were thrown into the house and the child east into the well. The house was set on fire and the negroes left, thinking that they had covered their inhuman deed from the sight of the world.

The fire had not attracted much attention, but when Daniels and his people did not show up, the house was searched and the terrible truth was soon plain. The local officers went to work with a will and were ably assisted by the best citizens of the neighborhood. The bloodhounds from Steele's plantation were secured and they were not long in finding the right track.

Before night they went straight into the place where the Thomas boys resided and one by one they were secured. Fayette Rhone, 21 years old; Will Gates, 35 years old; Aaron Thomas, 13 years old; Jim Thomas, 14 years old, and Benny Thomas, 15 years old, were placed under arrest. The last four are brothers. Later on, William Williams was captured. When taken they were smeared with blood, and bloody shirts were found hidden in Richmond's house. The bloodhounds worked splendidly, and after the boys were confronted with the evidence, they owned to committing the crime, and laid the killing to Louis, the oldest.

All seven of the prisoners were under guard last night about 12 o'clock, when the guards were overpowered by a strong body of men and the prisoners taken towards the Brazos bottom, north of here. A little later forty or fifty shots were fired and then all was quiet.

This morning dangling from the limbs of a large tree were found the bodies of six negroes, limp and lifeless. Hundreds of people from all over the country are surging back and forth, with the tree as the centre of attraction. All of them are still there, except Williams, and he is not to be found, but the shots probably explain his absence. As far as can be learned the mob was composed of white and black men, with the colored element largely predominating. Public opinion is almost universal that if the right parties were apprehended no harm has been done.

THE POWERS INTERVENE.

Turkey and Greece Asked to Cease Hostilities.

Athens, May 6.—A collective note will be handed to the Greek and Turkish governments this (Thursday) evening or tomorrow, calling upon them to cease hostilities, on the distinct assurance that the powers will undertake the final solution of pending difficulties.

Austria and Germany have joined the other powers in proposing mediation between Greece and Turkey.

Sir Ellis Ashmead Bartlett, whose schooner was detained by the Greek fleet on the assumption that papers found on board of her after his interviews with the Turks were of a compromising character, arrived here tonight. He was met at Piræus by M. Ralli, the premier, who conducted him to the British legation and requested Mr. Egerston, the British Minister, not to allow him to leave the legation before quitting Athens, in order to prevent a demonstration.

It has been decided to send Colonel Vassos to Thessaly, and Col. Stratos, with a new general staff, will replace Col. Manos in Epirus. Major Constantinides will be sent to Domokos.

Two transport vessels have been sent to Volo to remove the remaining inhabitants. The ammunition, stores and food supplies have already been taken to Styliis.

It is rumored that the few wounded Greek soldiers who were left at Pharsalos have been butchered by the Turks.

HOW TO FIND OUT.

Fill a bottle or common water glass with urine and let it stand twenty-four hours; a sediment or settling indicates a diseased condition of the kidneys. When urine stains linen it is positive evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

WHAT TO DO.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the kidney remedy fulfills every wish in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists price fifty cents and one dollar. For a sample bottle and pamphlet, both sent free by mail, mention the ENTERPRISE and send your full post-office address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.

The Rothschild gang of money contractionists hate the Senate, and have hired all the professional liars in the country to defame and pull down that last refuge of the people against the universal piracy of the gold standard. But Jerry Simpson has opened fire in their rear, and is showing the people just how much Reed's nest of cuckoos looks like an old-fashioned American House of Representatives. This will make the subsidized press very sick, and there will be weeping and wailing and gnashing of teeth. But Jerry Simpson is at work on a patriotic job.
