Shocked by Lightning.

—During the rain Sunday afternoon, lightning went down the chimney of Jake Witherspoon here and slightly shocked him and his wife.

Dick Massey was also slightly shocked that afternoon on the Crawford place up on the river. He was knocked senseless for a few moments but soon regained consciousness and is all right.

If strength is what you want, you should study what causes your weakness. It is practically lack of food. But you eat three meals a day, and all you can eat at a time. Yes, do you digest it? Food undigested, is not food. It is not nourishment. It doesn't create strength. To digest your food take Shaker Digestive Cordial at meals. After a while you will digest your food without it. Then you will get well, and strong and healthy. Shaker Digestive Cordial cures indigestion and all its symptoms, such as nausea, headache, eructations, pain in the stomach, giddiness, loss of appetite, etc. It makes your food nourish you, and make you strong and fat and hearty. Druggists sell it. Trial bottle 10 cents.

Fine Rains.

The dry hot spell was broken last Sunday afternoon by a gloriously fine rain—several delightful showers succeeding each other during the afternoon. Some portions of the country had more than others, but all got fair seasons except the extreme eastern portion, about White Bluff and Taxahaw, where they got none. The Heath Spring section had a fine rain Monday afternoon.

Died of Hydrophobia.

About three weeks ago, Gilbert Trapp, a 14-year old colored boy at Kershaw, was bitten by a mad dog. He was taken at once by his mother to Charlotte, N. C., and the mad stone applied. The stone adhered to the wound and the boy and his mother returned home feeling assured that he would never feel any ill effects from the bite. On Monday last, the boy complained of a peculiar feeling and finally had to be quit his work. Tuesday morning he was so seriously wrong that his mother took him to Dr. R. S. Beckham, who examined him and prescribed for him. The doctor thought the symptoms were those of hydrophobia. He notified the physicians of Kershaw and adjacent towns and all who could, went to observe the progress of the case.

The boy lingered until 4 o'clock Thursday morning when he died. His sufferings the last day or so of his existence were intense. We are told that he was kept tied and that it required three stout men to hold him. He seems to have retained consciousness except when the most severe paroxysms were upon him. He would beg everyone most pitifully to help him and would tell them that he would help them were they in his condition. He would assure them he would not hurt them. Saliva ran from his mouth all the while and he spit in any and every direction. He complained constantly of the most agonizing pains in his legs and would want them raised up. Upon their being raised he would be quiet for a few seconds, but was seldom quiet for more than a few seconds at a time.—Ledger.

Reasons Why Chamberlain's Colic, Cholera and Diarrhoea Remedy is the Best.

1. Because it affords almost instant relief in case of pain in the stomach, colic and cholera morbus.
2. Because it is the only remedy that never fails in the most severe cases of dysentery and diarrhoea.
3. Because it is the only remedy that will cure chronic diarrhoea.
4. Because it is the only remedy that will cure bilious colic.
5. Because it is the only remedy that will cure epidemical dysentery.
6. Because it is the only remedy that can always be depended upon in cases of cholera infantum.
7. Because it is the most prompt and most reliable medicine in use for bowel complaints.
8. Because it produces no bad results.
9. Because it is pleasant and safe to take.
10. Because it has saved the lives of more people than any other medicine in the world.
