

R. R. C. PHELPS, the leading pension attorney of Belfast, N. Y., writes: "I was discharged from the army on account of ill health, and suffered from heart trouble ever since. I frequently had fainting and smothering spells. My form was bent as a man of 80. I constantly word an overcoat, even in summer, for fear of taking cold. I could not attend to my busi-ness. My rest was broken by severe pains about the heart and left shoulder. Three years ago I commenced using Dr. Miles' Heart Cure, notwithstanding I had used so much patent medicine and taken drugs from doctors for years without being helped. Dr. Miles' Heart Cure restored me to health. It is truly a wonderful medicine and it affords me much pleasure to recommend this rem-

The Largest Farm on Earth. Knoxville Tribune.

The largest farm in this country and probably in the world, is situated in the southwestern part of Louisiana. It extends 100 miles ern capitalists, by whom it is still operated. At the time of its purchase its 1,500,000 acres were a vast pasture for cattle belonging to a few dealers in that country. Now it is divided into pasture every six miles. Its fencing is ning to ship in large quantities four plows. By this arrangement the season is over. 30 acres are gone over a day with the labor of only three men. There is not a single draught except those used by the herders of cattle, of which there are 16,-000 head on the place. The The company has three steamboats operating on the waters of the estate, of which 300 miles are navigable. It has also an icehouse, bank, shipyard and rice mills.
