

ALLIANCE DEPARTMENT.

J. F. NISBET Editor.

We should watch the Senatorial campaign now in progress in this State. There is a good deal of strife among the candidates and all claim to be Reformers. Let us read and study and get all the information we can. Try to get at the truth and then vote to the best of our knowledge for the best interests of the laboring classes.

County Alliance Meets.

Lancaster county Alliance met on last Friday the 9th inst. After the usual ceremonies County Lecturer E. B. Lingle gave us a short but instructive address. The Lecturer stated, and gave good reasons for it, that our Alliance is in better condition than ever before. The next thing in order, after the report of committees, etc., was the election of officers for the ensuing year. The following were elected:

- Pres.—J. R. Knight.
 - Vice-Pres.—E. B. Lingle.
 - Sec.—J. E. Rowell.
 - Treas.—G. C. Carnes.
 - Chap.—J. E. Stewman.
 - Lect.—W. G. A. Porter.
 - Asst. Lect.—B. F. Miller.
 - Door Keeper.—U. A. Funderburk.
 - Asst. Door Keeper.—H. W. Taylor.
 - Sergeant-at-Arms.—J. C. Elliott.
 - Cotton Weigher and Trade Agent.—J. F. Nisbet.
 - Delegate to State Alliance.—J. R. Knight.
 - Alternate.—W. P. Caskey.
- The meeting was one the best in the history of the order in this county.

From Primus.

Mr. Editor: As it has been some time since you have had a letter from us I will endeavor to give some scattering news. Our Alliance met the 26th and elected officers for the ensuing year. The officers are as follows: J. R. Knight, Pres., A. L. Stogner, Vice-Pres., B. F. Adams, Sec., W. R. Robinson, Treas., J. D. Hinson, Chap., P. B. Blackmon' Lect., J. Q. Adams, Steward, L. A. Watson, Door keeper, J. T. Blackmon, assistant Door keeper, J. W. Blackmon, Trade Agent. We had a good, harmonious meeting, and are prepared to do any business that may come before us. We are going to vote for McLaurin in one solid phalanx.

The farmers are busy laying by old corn this week. Corn is looking well.

The cotton crop is two weeks late, but is looking promising and with good rains will make a fair crop, if we do not quit working it too soon.

Quite a number of people are sick with fever in this community, though some are improving.

Had several good rains recently which made glad the hearts of the farmers.

The lumber is being laid down to build Antioch church at Stevens' mill. We have preaching every 2nd Sunday there by Rev. J. S. Croxton.

Alliance Encampment.

A meeting of the committee on arrangements for the York County Alliance encampment was held at Tirzah Saturday, July 3.

The committee on securing speakers reported that Hon. Joseph C. Sibley, of Pennsylvania, Senator B. R. Tillman, Congressman J. W. Stokes, John S. Wilson and T. J. Strait, Gov. W. H. Ellerbe, Ex-Gov. J. G. Evans, Hon. H. H. Crum, Hon. J. A. Sligh, have signified their intention to come. Congressman Latimer and Talbert are expected.

Mr. Sibley will speak on Thursday, August 5. Senator Tillman will speak on Friday, the 6th.

Several liberal bids for the privilege of selling refreshments on the grounds were submitted, and the matter was left with a committee to settle composed of J. G. Thomasson, chairman, J. F. Wingate, C. A. Carroll.

Music will be furnished by the same band as last year—the Bethel and Gold Hill bands.

If the different sub-alliances in the county meet the expectations of the committee all the means are in sight.

This year the encampment will be one of the largest ever held at Tirzah.—Yorkville Yeoman.

Cure for Hog Cholera.

Dr. T. J. Dodge, of Hamilton, Ill., gives the following cure for the hog cholera. He has used it in Illinois and Nebraska for thirty-five years, and declares he has never lost a hog from cholera:

Arsenic, one-half pound; cape aloes, one-half pound; blue vitriol, one-fourth pound; black antimony, one ounce. Grind and mix well the remedy before using.

Following are the directions to observe:

1. Sick hogs in all cases to be separated from the well ones and placed in dry pens, with only five large hogs or eight small ones in a pen.
2. Feed nothing but dry food, no water, only the slop containing the remedy until cured.
3. When the hogs refuse to eat turn them on their backs and with a long-handled spoon put the dry medicine down their throats.
4. Dose for large hogs one teaspoonful three times a day; then miss one day and repeat the amount until cured. Shoats or pigs one-half the amount.
5. As a preventive one teaspoonful a week will keep your hogs in a healthy condition to take on fat. I can place a well hog in the pen with a hundred sick ones, and with this remedy keep him going.

How Contraction Works.

From the Chicago Dispatch.

There is a great deal of nonsense talked by advocates of the gold standard as to there being plenty of gold to do all the business of the country, and an especially loud outcry is made just now over the fact that the United States produced something near \$60,000,000 of gold last year.

As an illustration of the absurdity of the exclusive use of gold, let us suppose that the wage earners of this country should demand, and be able to enforce, the

payment of just one week's wage in gold coin. What would be the result? The banks would break down in an attempt to meet the demand. There are about 12,000,000 wage earners who receive an average of \$9 per week. Their demand on gold for one week's work would thus be \$108,000,000, nearly twice the amount produced last year, and three-fourths of all the gold reserves in the United States Treasury.

Gold is useless as currency in case of war. The Shylocks close their money bags, hoard their gold and drive it to a ruinous premium. They are doing this very thing to-day, in times of peace. The gold dollar has appreciated in value one hundred per cent. in the last twenty years.

In other words, prices of commodities have fallen fifty per cent., thus doubling the purchasing power of gold. Silver has fallen in price because it has been deprived of its just place in the currency. Contraction of the currency means nothing but an inflation of the purchasing power of that currency, and a corresponding fall in prices of commodities, labor included.

Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

Cheap Trip.

Mr. Geo. McP. Batte, traveling passenger agent of the Seaboard Air Line, was in town last week advertising an excursion to Providence, R. I., over the line represented by him, and by steamer from Norfolk, Va.

Round trip tickets, good for 20 days, from August 11th, for \$19.55 from Catawba Junction, including berth and meals on the Steamer.

Badly Insane.

Mrs. Vina Garris was brought to town yesterday morning from the Dixie section and placed in jail till the necessary papers can be prepared to send her to the Hospital for the Insane. More than a week ago she left the home of Mr. Spencer Watts, as he thought, for her home near by, but he found that she did not go home, and he could not learn where she was. He and others made search for her in the woods where they found her Monday in a famished condition, almost wholly unable to travel.

Hood's Pills

Should be in every family medicine chest and every traveller's grip. They are invaluable when the stomach is out of order; cure headache, biliousness, and all liver troubles. Mild and efficient. 25 cents.

—Dr. W. M. Meador, a prominent physician of Union, S. C., was arrested one day last week upon the charge of attempting to burn his drug store last February.

—The tariff conferees held a session Sunday, claiming that it was necessary in order to expedite the reporting of the bill. Poor excuse for desecrating the Sabbath.

Fits Cured

From U.S. Journal of Medicine Prof. W. H. Feeke, who makes a specialty of Epilepsy, has without doubt treated and cured more cases than any living Physician; his success is astonishing. We have heard of cases of so years' standing cured by him. He publishes a valuable work on this disease, which he sends with a large bottle of his absolute cure, free to any sufferers who may send their P. O. and Express address. We advise any one wishing a cure to address Prof. W. H. Feeke, F. D., 4 Cedar St., New York

Peace Institute.

Peace Institute, now in its 61st year, is one of the most thorough and select schools in the South. Its principal, a Master of Arts of the University of Virginia adopts the methods of that institution to female education as far as possible. Its courses are thorough and advanced and it avoids every species of humbug in its methods, its courses and its catalogue. It does what it says, and says what it does. The social influence and culture of this grand old school are worth more than all its charges for everything. See its ad. in this issue.

—Attention is directed to the ad. of the South Carolina College in this issue. This institution is too well known to need newspaper encomiums.

—Mr. D. N. Mackey has accepted a position with Messrs. McCardell & Allison.

—The big rain Monday raised the water courses of the county, stopped the plows and brought a large crowd to town yesterday.

—Mr. J. L. Guy, of Lowrysville, is visiting at the Editor's this week.

THE WONDERS OF SCIENCE.

LUNG TROUBLES AND CONSUMPTION CAN BE CURED.

An Eminent New York Chemist and Scientist Makes a Free Offer to Our Readers.

The distinguished New York chemist T. A. Slocum, demonstrating his discovery of a reliable and absolute cure for Consumption (Pulmonary Tuberculosis) and all bronchial, throat, lung and chest diseases, stubborn coughs, catarrhal affections, general decline and weakness, loss of flesh, and all conditions of wasting away, will send THREE FREE BOTTLES (all different) of his New Discovery to any afflicted reader of the ENTERPRISE writing for them.

His "New Scientific Treatment" has cured thousands permanently by its timely use, and he considers it a simple professional duty to suffering humanity to donate a trial of his infallible cure.

Science daily develops new wonders, and this great chemist, patiently experimenting for years, has produced results as beneficial to humanity as can be claimed by any modern genius. His assertion that lung troubles and consumption are curable in any climate is proven by "heartfelt letters of gratitude," filed in his American and European laboratories in thousands from those cured in all parts of the world.

Medical experts concede that bronchial, chest and lung troubles lead to Consumption, which, uninterrupted, means speedy and certain death.

Simply write to T. A. Slocum, M. C., 98 Pine street, New York, giving postoffice and express address, and the free medicine will be promptly sent. Sufferers should take instant advantage of his generous proposition.

Please tell the Doctor that you saw his offer in the ENTERPRISE.

When You Buy a Piano or Organ

You want it for a life time and you want an instrument that has a guarantee for long usage. That, my friend, is what has made my instrument so popular.

Every one is carefully made, long usage being considered first, a sweet, smooth and liquid tone second and lastly a beautiful and artistic case. Nothing prettier than the
