Artillery and for thirty years of the Babcock & Munsel Carriage Co., of Auburn, says: "I write to express my gratitude for the mirac-lous benefit received from Dr. Miles' Heart Cure. I suffered for years, as result of army life, from sciatica which affected my heart in the worst form, my limbs swelled from the ankles up. I bloated until I was unable to button my clothing; had sharp pains about the heart, smothering spells and shortness of breath. For three months I was unable to lie down, and all the sleep I got was in an arm chair. I was treated by the best doctors but gradually grew wors About a year ago I commenced taking Dr Miles' New Heart Cure and it saved my life as if by a miracle."

## SENATOR TILLMAN ADDRESSES CITI-ZENS OF ABBEVILLE COUNTY.

TALK ON TIMELY TOPICS.

### DEFENSE OF DISPENSARY.

The Change From the Old Board to the New a Sad Change-Mc-Laurin's Tariff Views Endorsed -Gov. Ellerbe's Course in the Metropalitan Police Matter Approved—His Record.

. (Special to The Register.) Abbeville, S. C., Aug. 4 .--Senator Tillman spoke to the Farmers Institute here to day. delivering the first speech he has made in the state since the opening of the present senatorial campaign. He defended the dispensary and declared that the troubles it had been involved in were due not to the law itself, but to its unwise administration. He endorsed the tariff views of Senator McLaurin, and said that while he himself was not a protectionist, if there was any stealing to go on he wanted his state to have its share. He told his hearers that he was the only farmer in the senate, and that he therefore represented 30,000,000 farmers of the United States. He declared that his speeches were as popular in Clemson fit to teach the boys. how, when he arose to speak, the cloak rooms always emptied and the galleries filled.

possible to get honest dispensers as honest treasurers and auditors. I favor the election of dispensers by the people. The liquor men have appealed to Caesar, and our judge has outdone them all. Bond, in his palmiest days, could not exceed Simonton as a tyrant. He has run government by courts to an unbearable limit. The change from the old board of control to the new was a sad change. There is politics in the board. Two against three shows something wrong. Something is wrong with any man the legislature elects. The governer, etc., are the rightful board.

when I was governor. It is as

"As to the metropolitan police, Charleston had virtually seceded from the state. Her grand juries persistently refused to do their duty. The officers of the law were discredited. Governor Evans was right in putting on the metropol itan police. Governor Ellerbe was right in maintaining it. Ellerbe wanted to remove the po lice, but necessity called for its maintenance.

"If the dispensary is rotten. you are largely to blame. If you admit you can't elect honest dispensers, you can't elect honest treasurers, and therefore admit that civilization is a failure. In Abbeville and elsewhere you have had honest management.

"Men who have constantly opposed Ben Tillman and all his work are bound to admit that the dispensary is superior to the other two systems we have tried.

"As to my senatorial record: I went to Washington to work. and nave worked. I have helped save you \$1,000,000 on armor plate. I passed the dispensary bill in the senate and Latimer did his utmost to pass it in the house, and but for Tom Reed it would have passed. Of 3,500,000 farmers, I am their only representarive in the senate. I don't claim protection is right. To illustrate: Three brothers own a cow; two take all the beef, as two thirds of the Americans have taken all the protection. I want our share of cow.

Asked as to the senatorial candidates, the senator said: "If the four can't convince you one of them is fit, leave all. For a man who as state senator has been a friend and a supporter of the dispensary, Mayfield is taking a remarkable course.

"We are trying to get men at

#### "PAUPER LABOR IN THE MINES.

### Progress of the Coal Miners' Strike for Living Wages.

Pittsburg, August 4.-The miners' strike situation has not changed materially since yesterday's report. About Turtle Creek camp all was quiet to-day, the only ripple of excitement being the hearing of President Dolan and the other miners for riot and unlawful assemblage. The strikers claim twenty new accessations to their ranks to-day. A careful estimate of the men now at work in that mine shows 215 out of the usual total of 285. No work was done at the Oak Hill or Sandy Creek mines. The camp was reduced in numbers to-day by three hundred men. They were sent to their homes for two reasons-to lessen expenses and because these men were not inclined to respond to the numerous marching orders imposed on them. The camp has been costing \$300 a day to keep it in provisions, etc., being at the rate of seven cents per day, as against nineteen cents per day in the National Guard encampments. The camp is now under strict military discipline, and every thing is moving like clockwork. The customary march will be made to Plum Creek in the early morning, and will be continued daily the miners' officials say, until the suspension in the Dear mit's Mines is complete. At the hearing in the case of President Dolan and others for riot and unlawful assemblage this afternoon before Judge Semmes a number of witnesses testified, but the Justice reserved his decision until to-morrow afternoon. The hearing of the four miners arrested last week at the McGroven Mines. near Canonsburge, for trespass was concluded this afternoon. No evidence connecting the defendants with the song, "We'll hang black sheep to a sour-apple tree,' or with the use of opprobrious epi-

thets, was produced. None of the defendants appeared af the hearing, and they were held in contempt. Attachments were issued for their arrest.

### SILVER'S HEAVY DROP.

### Took Another Tumble Yesterday. Dollar Worth 43 Cents.

New York, Aug. 5.-Silver bullion experienced to-day the most violent break of the entire season's decline. In London the price dropped 1-2 penny per ounce from yesterday's price. selling at 25 3-4 pence per ounce. against 27 1-2 pence a month ago. The New York price fell to 55 3-4 cents bid, a break of 1 1-4 cents an ounce from yesterday and of 41-2 cents within a month. At this price the bullion value of the silver dollar is a triflle more than 43 cents. London dispatches ascribed to-day's weakness in silver to liquidation by New York holders of the metal. No such decline as to-day's has been witnessed since June, 1893. The Indian mints were closed to free coinage on July 26, of that year. On the next day silver bullion fell in London from 371.2 pence per ounce to a price below 30, but rallied sharply later.
