

No Patchwork!

One of the most encouraging features of a cure made by S.S.S. (Swift's Specific) is its permanency. Of all diseases, it is well known that those of the blood are the most obstinate, and therefore the most difficult to cure. The medical profession, in fact, have virtually admitted that a real, deep-seated blood disease is beyond their skill.

Of course, their admission is not made in so many words, but actions speak louder than words, and their inability to cure, after months and often years of treatment, is sufficient evidence that diseases of the blood cannot be cured by doctors. Their mercurial mixtures, although taken faithfully, only cover up the symptoms of the disease, inducing the patient to feel that he is being cured; but when he is sooner or later seized with stiff joints, pain in the bones, etc., the evidence of the doctor's patchwork is conclusive. Such results cannot be expected from the use of S.S.S. Being purely vegetable, containing no harmful mineral ingredients, it is the only blood remedy which acts on the true principle of forcing the disease from the system, building up rather than tearing down the health. No loss of hair, no stiff joints, no decrepit mercurial wrecks result from the use of S.S.S.

H. L. MYERS.

Mr. H. L. Myers, of 100 Mulberry street, Newark, N. J., made the mistake of relying upon remedies based upon mineral ingredients, and for the hundreds of dollars which he invested received only disappointment in return. He says:

"I was afflicted with a terrible blood disease, which was in spots at first, but afterwards spread all over my body. These soon broke out into sores, and it is easy to imagine the suffering I endured."

"Before I became convinced that the doctors could do no good I had spent a hundred dollars, which was really thrown away. I then tried various patent medicines, but they did not reach the disease. When I had finished my first bottle of S.S.S., I was greatly improved and was delighted with the result. The large red blotches on my chest began to grow paler and smaller, and before long disappeared entirely. I regained my lost weight, became stronger, and my appetite greatly improved. I was soon entirely well, and my skin as clear as a piece of glass."

S.S.S. is a sure cure for all manner of blood diseases, and disappointment never results from its use. It is

STIEFF PIANOS

NO DISPUTING

the fact that there is no music more pleasing than that of the piano, and of all pianos THE STIEFF takes the lead beyond a doubt. Everything about a STIEFF piano is supremely satisfactory. The tone, and every note in the scale, from the lowest to the highest, exemplifies the highest advance in the art of piano construction. Even after years of service THE STIEFF retains its original tone in spite of age. Many a one constructed over forty years ago are still in use. Send for illustrated catalogue. Terms to suit.

TO THE CLERGY.

Candidate Mayfield Writes a Circular Letter to the Ministry Asking Their Aid in his "Wet" or "Dry" Scheme.

Senatorial Candidate S. G. Mayfield has been writing more letters and sending them out in circular form. This time he is not asking the support of the veterans of the State because he voted for the pension bill when he was in the State legislature, but he is writing to the ministers of the State and is asking their support of the anti-dispensary scheme he has been advocating upon the stump. The letter, a copy of which fell into the hands of a representative of The State yesterday, and read as follows:

Denmark, S.C., June 30, 1897.
Reverend Sir:

During the past winter I introduced a bill in the senate, looking to a further regulation of the liquor traffic.

This bill is a further step towards prohibition. I enclose you herewith a copy for your consideration, and invite your criticism.

It changes the relative positions of the parties; wet or dry. Formerly the burden was upon those who sought to advance the cause of temperance to say the town or county should be dry. I place this burden upon the "Wets," by legislating the State dry and requiring the "Wets" to obtain a majority of the votes, at an election called and held for the purpose of determining whether liquor may be sold in the county.

The dispensary system is doomed. Mismanagement, stealing, rebates and other scandals have dragged it down until it is now a stench; besides, the Federal courts have punched such a hole in the side of its structure, that it is bound to go down.

Can I rely upon your active support and influence both in and out of your pulpit for a bill which provides: (1) Prohibition for the State (2) with option of the county to vote for, and on a majority vote being cast for the sale of liquor. (a) In such towns to be sold a licensed party under the regulations of the dispensary, in sealed packages of not less than one half pint, not to be opened and drunk on the premises and to be sold only between sunrise and sunset, with heavy penalties for violation of the law, and rigid restrictions covering the sale and on conviction of violation of the law, forfeiture of license to sell and forever rendering the party so convicted ineligible to engage in the business again, with other rigid restrictions.

I send this to the ministry because to them I look most earnestly for support in my attempt to advance the cause of temperance. Prohibition without public sentiment to back it will be a failure, and unless the best men make up their minds to advocate and urge upon the people more abstinence as to the use of intoxicating liquors, we cannot make much progress on this line.

Hoping to hear from you at an early date, I am, respectfully,
S. G. MAYFIELD.

MAKING A GOOD SHOW.

Dispensary Out of Debt—Money for the Schools.

It looks as if the dispensary is at last going to show some tangible results as to money making. Commissioner Vance stated yesterday that all the dispensary now owed was \$10,000, and that he had \$60,000 in the bank to pay it, and had sent to all the creditors to draw on him for the amount due. This will leave \$50,000 cash besides about \$350,000 of stock on hand, which is a splendid showing for the institution. Commissioner Vance says that if business keeps up, as he expects it and nothing unforeseen happens, he will be able to pay all the dispensary is due the general fund by October 1st, and have about \$7,000 to go to the school fund at that time.

Thereafter he hopes and expects to pay into the school fund about \$25,000 a month. This will be good news to the people and patrons of the schools and taxpayers generally, all of whom will hope that Mr. Vance will not be disappointed in his expectations. When the board of control meets in special session next week to consider the matter of the beer privileges, Col. Vance will be able to report the dispensary out of debt.

Safe.

"May I kiss you, Miss T., on the spot?" asked young Mr. Huggins.

"Have you ever kissed a girl before?" asked the young lady.

"Never!" asserted the young man.

"Then you may kiss me. I draw the line at men who kiss and tell everybody."

ONE OF TWO WAYS.

The bladder was created for one purpose, namely, a receptacle for the urine, and as such it is not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other diseases.

CHIEF CAUSE.

Unhealthy urine from an unhealthy kidneys is the chief cause of bladder troubles. So the womb, like the bladder, was created for one purpose, and if not doctored too much is not liable to weakness or disease, except in rare cases. It is situated back of and very close to the bladder, therefore any pain or inconvenience manifested in the kidneys, back, bladder or urinary passage is often, by mistake, attributed to female weakness or womb trouble of some sort. The error is easily made and may be as easily avoided. To find out correctly, set your urine aside for twenty four hours; a sediment or settling indicates kidney or bladder trouble. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney and bladder remedy is soon realized. If you need a medicine you should have the best. At druggists fifty cents and one dollar. You may have a sample bottle and pamphlet, both sent free by mail. Mention the ENTERPRISE and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.

AN OPEN LETTER TO MOTHERS.

WE ARE ASSERTING IN THE COURTS OUR RIGHT TO THE EXCLUSIVE USE OF THE WORD "CASTORIA," AND "PITCHER'S CASTORIA," AS OUR TRADE MARK.

I, DR. SAMUEL PITCHER, of Hyannis, Massachusetts, was the originator of "PITCHER'S CASTORIA," the same that has borne and does now bear the fac-simile signature of *Chas. H. Fletcher* on every wrapper. This is the original "PITCHER'S CASTORIA," which has been used in the homes of the Mothers of America for over thirty years. LOOK CAREFULLY at the wrapper and see that it is the kind you have always bought and has the signature of *Chas. H. Fletcher* on the wrapper. No one has authority from me to use my name except The Centaur Company of which Chas. H. Fletcher is President.
