According to a celebrated anatomist there are upwards of 5,000,000 little glands in the human stomach. These glands pour out the digestive juices which dissolve or digest the food. Indigestion is want of juice, weakness of glands, need of help to restore the health of these organs. The best and most natural help is that given by Shaker Digestive Cordial, Natural, because it supplies the materials needed by the glands to prepare the digestive juices. Because it strengthens and invigorates the glands and the stomach, until they are able to do their work alone. Shaker Digestive Cordial cures indigestion certainly and permanently. It does so by natural means, and therein lies the secret of its wonderful and unvaried success. At druggists, price 10 cents to \$1.00 per bottle.
