The Wreck Sufferers.

The wreck sufferers in the Rock Hill private Hospital are all doing very well, except Julian Johnson whose condition for 24 hours prior to yesterday was not satisfactory. There was some improvement yesterday however, though he is still unconscious except when aroused, when he some times recognizes individuals, but only for a moment.

Harry Wylie's condition has improved very much, enough so to permit him to go to Clemson College yesterday morning. His injuries are still painful, however.

Mrs. Buist is still in the Parish Hotel in Yorkville. She is not yet able to get out of bed; indeed, she can move herself only with great effort. However, her condition is slightly improved. Yesterday she was suffering with an intense headache.

Peter Miller, one of the injured negroes, died in the Rock Hill Hospital Wednesday. His body was taken to Blacksburg for burial. His skull was fearfully fractured in addition to other injuries and it is a wonder that he lived so long.—Rock Hill Herald.

A Purgative Pleasure.

If you ever took DeWitt's Little Early Risers for biliousness or constipation you know what a purgative pleasure is. These famous little pills cleanse the liver and rid the system of all bile without producing unpleasant effects. They do not gripe, sicken or weaken, but give tone and strength to the tissues and organs involved. W. H. Howell of Houston, Tex. says "No better pill can be used than Little Early Risers for constipation, sick headache, etc." Sold by Crawford Bros.

What Do You Know?

We heard the other day of a young minister who was very hand somely "taken down" by a bright little girl. He had been called upon quite unexpectedly to address a Sunday School class, and to give himself time to collect his thoughts, he asked a question: "Children" said he, "What shall I speak about?" A little girl on the front seat, who had her self committed to memory several declamations, in a shrill voice asked, "What do you know?"

Letter From R. Miles

Baltimore, d., Sept. 7, 1903.

Mr. M. C. Billings,
Lancaster, S. C.

Dear Sir—I am most happy to state to you that I have been very fortunate this season in purchasing my entire line of merchandise. I have been more than successful in getting the snappiest stuff gotten up for this season. More especially so has been my clothing purchase. I cleaned up the entire line of a small but very fine and highest clothing manufacturer at my own price, and I tell you I just caught the rail on the head when I struck that fellow. This purchase will certainly give us the grandest opportunity to offer our trade the finest tailor made clothing at prices that will stun all competition. I can see ahead of us very easy sailing for our next season, as just to show the goods to customers and name the price will mean a sale at once. Hoping you have been doing nicely in my absence, and expecting to see you soon, meanwhile accept my sincerest regards.

I remain
Yours very truly,

R. MILES.

Bulldozed A Whole Town.

Sioux Falls, S. D., September 12.—Valley Springs, thirteen miles east of Sioux Falls, was between 2 and 3 o'clock this morning, the scene of the operations of a regular Jesse James band of robbers. Residents of the town were aroused by a number of explosions, and when they appeared on the street to ascertain the causes discovered that the town was picketed by seven or eight armed men, who drove the residents from the streets, threatening death if they attempted to interfere with the robbers. The Minnehaha County Bank was the object of the desperadoes, who blew open the safe, which stood outside the vault, and took from \$8,000 to \$10,000. The vault was not touched. During the robbery one of the pickets fired at a citizen, but owing to a shortage of fire-arms, the citizens were compelled to keep in the background until the robbers had completed their work and left town.

Don't Do That.

Some men spend all their time loafing around waiting for a soft job with a big salary attachment to strike them. Don't do that.

The honey bee spends the summer working to make honey for man to steal from him. But the bee knows no better. The miser hoards his money through privation and distress for some heir to squander. Don't do that.

There are some people who want so badly to appear "well" that they lock up the front of the house and live in a back room upstairs all summer in order to have people believe they were at the seashore. Don't do that.

We know men so constituted that all the time they are not carrying their favorite homes they are scolding their children. Don't do that.

He is not yet obsolete—we mean the fresh young doctor who tries to make people believe that he is busy by whipping his horse on the dead run through the village streets. There are men in other lines of business who try the same dodge, but they deceive no one. Don't do that.

The foolish man wastes his morning hours in dreaming about what he intends doing during the afternoon. Don't do that.

It is possible for a man to build such a fine house that it never seems like a home. Don't do that.

There are those who spend so much time trying to ape the ways of great men that they never have time to achieve greatness themselves. Don't do that.

Mayor S. W. Heath and little son of Kershaw came up Monday afternoon.
