### The Church Entertainment.

The Entertainment Friday night was well sttended, and all speak of it in the highest praise. The first part of the programme consisted of the Dairy Maid's Reception. A dozen of more of as beantiful young ladies as ever graced a stage, came forward in Dairy Maids costume with pails in hand, singing merrily of Brindle, and Katie, &c.

The stage was tastefully decorated with evergreens and cedar, and the opening scene was picturesque in the extreme Next came a solo, by Miss Nora King, one of the music teachers of the Laurensville Female College. As the clear mellow notes from this be witching "Datry maid" fell upon the audience, a profound silence reigned, which was only broken when she had vanished away in the shrubbery, and round after round of applause went up from an appreciative audience. Several other solos were rendered during the evening, which were well received. Special mention might

also be made of the following: "Two merry giris." "I live and love thee," a superb duet, rendered by Mrs. WILKES and Mr. JOHN G. MILLER.-The latter also rendered the popular se

lection from the "Bohemian Girl," "Then you'll remember me?" The closing tableau, "The cows are coming home," was a fitting finale to an

attractive entertainment. Refreshments, such as oysters, fruits, cakes, &c., were then served by the fair singers, and the evening closed by voting a cake to the most popular young lady. It was interesting to watch the young men as they saw "some other fellow's girl" receiving more votes than his favorite candidate. It caused some to reach away down in their pockets, and bring forth the shining silver, and as the result, the cake brought twenty dollars and ten cents. Miss Nona King received the highest number of votes, which was 72, and Miss Luza Little next highest, which was to.. The gross

receipts of the evening amounted to \$129.00, not, \$96.00. The ladies desire to thank all who aided so liberally towards making is a success, and we feet sure all present will force us in saying that Mis. Wilkers cor-

We would beg to call the attention of the commissioners to the bridge at Watts' old ferry. If it is not repaired soon it will be dangerous. The Ferry at Puckett's, on Saluda

River, has censed to work, caused by the rope being broken and the flat rotten. This is a great inconvenience to the public. One of the medical fraternity walked bome from Waterloo last Seturday, and

finding Cane Creek swollen by the rain, he boldly dashed into the stream and waded through; he was evidently afraid of the new bridge, which was recently put up at that point. The County Commissioners should look after that bridge. The sound of the gin is heard all over the land; the planters are rapidly moving the heavy bales to the different depots, and if there was any money brought back, there would be plenty of greenbacks in the country. But, alas! the farmer hands his cotion to the depot and brings back nothing but a receipted bill for guano and supplies, and many, lam sfraid, wont get the receipt.
