County Election Results.

The official count of votes cast in the primary election developed little change in the results from those published in the last issue of The Advertiser, except in the case of the race for county commissioner.

For a time it seemed that Farrar and Todd would head the ticket, but the last boxes heard from put Hitt ahead of both the leading candidates.

For a time it seemed that Hitt and Farrar would be elected. When the official count was made by the executive committee Thursday morning, some discrepancies in former reports were discovered resulting in placing Todd among the successful candidates instead of Farrar.

Hitt and Todd were duly named as nominees of the party.

No further changes were made in the standing of the candidates. Messrs. Gogans, Boyd and Harris were elected to the legislature and J. H. Sullivan was officially counted in for superintendent of education.

With these officers sworn in, the county officials will be as follows: Supervisor, H. B. Humbert, Sheriff, John D. Owings; Clerk of Court, C. A. Powers; treasurer, Ross D. Young; auditor, J. W. Thompson; Judge of Probate, O. G. Thompson; coroner, R. O. Hairston, commissioners, J. B. Hitt and J. L. Todd.

GOVERNORS TO MEET.

That is Plan of Southern Leaders-Governors to Meet.

Washington, Sept. 14.—At a meeting of senators and house members interested in cotton growing, held here tonight, it was decided to invite the governors of all the cotton-growing States to come to Washington some time within the next week or ten days for a conference upon the subject. Senator Hoke Smith of Georgia was empowered to extend the invitation and urge upon the different governors that it be accepted.

Upon leaving the meeting Senator E. D. Smith of South Carolina said:

"It is of the utmost importance that whatever steps the legislatures which are soon to convene in extra session take, and whatever the different cotton-growing states do, be acted upon now. While we are taking care of this year's crop to the very best advantage, it is absolutely necessary, in my opinion that we make next year's crop a safe investment by deciding as far as possible what the acreage of the cotton-growing States will be in 1915. This can not be done in any better way, according to my judgment, than by a conference of the governors interested in the matter, to be held in Washington with the senators and representatives who have been at work on it since it was seen some time ago that there would be trouble growing out of the war in Europe.

"I am glad that this step has been agreed upon, and you may say for me that I heartily approve of it. If the governors of the cotton-growing

CORN COMES OFF AS EASY AS YOU PLEASE!

"Gets-It" Being Used by Millions!

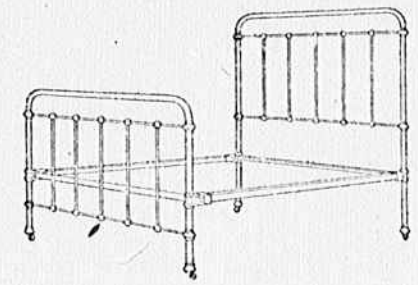

It is the first time that a real, sure-as-fate corn cure has ever been discovered. "GETS-IT" is the new corn-cure, based on an entirely new principle.

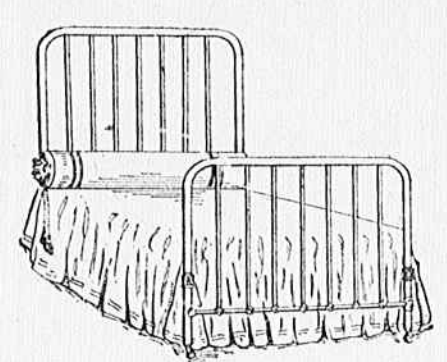

Find the Lady Who Uses the World's Greatest Ciple. It is a new, different formula, never successfully imitated. It makes corns shrivel and then vanish. Two drops do the work. You don't bundle up your toe any more with sticky tape and plasters that press down on the poor corn—no more flesh-eating salves that don't "stay put," no more hacking at corns with knives or razors, no more bleeding or danger of road poison. No more limping around for days with sore corns, no more corn pains.

"GETS-IT" is now the biggest selling corn cure in the world. Use it on any hard or soft corn, wart, callus or bunion. Tonight's the night. "GETS-IT" is sold by druggists everywhere, 25 cents a bottle, or sent direct by E. Lawrence & Co., Chicago. "GETS-IT" is sold in Laurens by Laurens Drug Co. and Ray's Pharmacy.
