MEAT CURING

Pork prices are now at an eleven-year high. And as nearly half of all meat eaten in the United States is pork, the wisest way is the safest—kill the big hogs now and cure the hams, shoulders and middlings at the NEWBERRY ICE & FUEL CO.

LET'S GO SHOPPING

(BY MISS NEWBERRY)

Though current magazines, newspapers, and ready for another shopping tour? I know you must be, so let's go. This week we will "nose" around some places we didn't take in last week, so if you aren't familiar with all Newberry firms, you will be before so long.

Though current magazines, newspapers, and visits to the 10c stores and drug stores, you are evidently well informed by this time that the Hallowe'en season is at hand. The Ritz Soda Shop is displaying the most attractive boxes of Hallowe'en candies you've ever seen. Of course you know the Ritz handles Schrafft's chocolates, and delicious chocs they are. A box of this kind of candy is a real treat after summer candies. You can buy almost any amount of candy in the Schrafft line that you wish. I tried out the little pocket size the other day. Let's pick up another on our tour.

A report of the newest things in town would be sadly incomplete without a glowing account from Turner's Jewelry shop. This is a shop after my own heart, always brimming with beautiful silver, china, crystal, jewelry, and a myriad of exquisite gifts too numerous to mention. But the new thing is that Turner's has finished remodeling and the practically new shop is larger, lighter, and so much more attractive. Woodwork and fixtures are light colored. The new display shelves and counters are all of plate glass with clear vision fronts and of course this means the things displayed are more brilliant and beautiful than ever.

Start saving your pennies right now! Whether they are pennies from heaven or pennies change from that last 'dope', for they will be worth more next weekend when you attend the 1c sale at Gilder and Week's Rexall Drug store. That long list of minor necessities, you will be able to get now-and double-for only one additional penny. Here's some suggestions as to things we'll all need-stationary, compact, facial tissues, hand lotion, tooth paste (and see the handbill for the coupon and a real bargain), first-aid kit, nail file, anti-septic, and almost anything.

Hallowe'en comes on Sunday this year you know. Sunday Hallowe'ens are few and far between, so let's make this holiday a real one. Have the whole family stepping out for a treat-Sunday dinner at the Busy Bee cafe. If we stop in the busy bee a moment on our tour, we'll find a most attractive, neat, and clean looking place. Tables for three or tables for six. Remember the whole family here Sunday to celebrate Hallowe'en. (Other firms next week.)

COLUMBIA MAN IMPROVING AT LOCAL HOSPITAL

George A. Reeves of Columbia, who was seriously injured in an auto wreck Friday night on the Kinard's highway was reported this morning to be "resting nicely" at the Newberry County Hospital. Reeves was driving a Terraplane and his car overturned several times hitting two telephone posts, when it failed to take a sharp curve. The car was demolished.

All Motor Vehicle Owners Please Take Notice New 1937-1938 Motor Vehicle License Must be Purchased Before October 31, 1937 TO AVOID PENALTY AND DELAY The 1936-1937 licenses expire October 31, 1937. Application for 1937-1938 motor vehicle licenses should be made IMMEDIATELY to avoid unnecessary delay in receiving 1937-1938 license plates and to avoid the possibility of paying a penalty. New 1937-1938 license plates, according to law, MUST BE DISPLAYED ON NOVEMBER 1, 1937. Licenses for privately operated passenger cars, and truck and semi-trailers up to and including 1 1/2 tons load capacity, can be issued only on an annual basis. When ordering a license for trucks and semi-trailers, the weight of each vehicle unloaded must be shown before license can be issued. Motor vehicles purchased on or after October 22, 1937, may be licensed for 1937-1938 without payment of a 1936-1937 fee. Owners of motor vehicles purchased and operated prior to October 22, 1937, must first pay such 1936-1937 fee as may be due. If you did not receive your application card, advise the Department immediately, giving your name, correct address and the make, type and motor number of your vehicle. On all applications for license—both renewal applications and applications for new vehicles—the school district number of the applicant must be shown before license can be issued. There is provided a space for insertion of your school district number on the card. Read carefully and follow instructions on the application card. Check the application card to see if it is the right one for the motor vehicle you now own. Do not send cash. Your remittance should be made by certified check, cashier's check or money order. TO AVOID LONG WAITING IN LINE, MAIL YOUR APPLICATION. IMPORTANT! Avoid Penalty and Trouble Read the instructions on the application form carefully and follow them. To avoid long waiting in line, it is preferable to mail your applications rather than come in person. Be Sure Vehicle Is Registered In Your Name If your car was purchased during 1937 from one who previously registered it in his name, get a transfer blank from your dealer. After filling it out, send it to this office with the proper remittance. State Highway Department P. O. Box 1498 Motor Vehicle Division Columbia, S. C.
