OUT AMONG THE PEOPLE

B-A-A!

There is a tale that negroes in a suburb of Louisville known as "Billy Goat Hill" decided the name not in keeping with the dignity with improved surroundings and so renamed it "Angora Heights."

GOOD INFLUENCE

Robert Bartley, chief of police, reports that not a single arrest was made over the week end while the Methodist ministers were in conference here. Mr. Bartley says that is very unusual, so the gentlemen of the cloth must have imparted a law abiding spirit among us.

NEWBERRY GINS MORE

According to B. M. Wise, government reporter, Newberry county ginned to the first of November almost 3,000 more bales of cotton than for the same period last year. Of course these figures are correct but a casual survey of the county fails to reveal where it is raised. But for the hail damage of a lot of cotton acreage, the yield would have probably doubled that of last year.

EXHIBITION OF HOME ANIMALS

J. L. King, assistant county agent, is enthusiastic over the display of "home grown" animals shown at the fair Thursday last. A number of prizes were awarded thru the generosity of local business establishments. J. H. Wicker, D. G. Sease, C. T. Smith, J. E. Sease, L. H. Sease, B. C. Nichols, Dr. J. S. Lide, J. R. and E. H. Spearman, O. B. Cannon, and Homer Shumpert displayed prize winners in different classes.

WHY THE \$7?

The Georgetown (Del) Messenger says that sometime last week the wife of a man in Dagsborough Hundred left her husband and with a young man took up her residence in Millsboro. The husband made his appearance one day and the two men proceeded from the house and sat down on a log and calmly talked the matter over, regarding it in all its bearings. The result of the conference was, that the young man who was in possession of the wife agreed to give the lawful, but forsaken and injured husband the sum of seven dollars and a dog for his wife.

OUT OF THE ORDINARY

In this day and time of quick methods of transportation one can visit a nearby town or city often. However, we have found one person who evidently has just passed up "these new fangled ideas." Mrs. Jim Seymour, of near Whitmore, made her first visit in 19 years to the business section of the city yesterday. She stated that she "just came down to look the town over." We would like to have asked her what changes she noted but did not have a chance. Mrs. Seymour regularly attends the McCullough Sunday school, near Whitmore, an outpost conducted by the local Presbyterian church.

St. Philips News

CHURCH NOTES

On Sunday afternoon we enjoyed a fine sermon by our pastor, although one crowd was small. On Wednesday evening, Nov. 24th, there will be Thanksgiving services. We trust the weather to be fine and a splendid attendance.

You remember, Thursday November 25 is Thanksgiving Day. Now what are you going to be thankful for? There are a great many things you should be thankful for, one of them is health. You should thank Him, for the prosperity He has given you. We trust the people will on that day attend church and offer their thanks, that He has rendered unto you.

I guess there will be several Thanksgiving dinners that day, such as turkey, opossum, and pumpkin custards, also cranberry sauce to serve with the meats.

The St. Philips correspondent wishes each and every reader of The Sun a happy Thanksgiving.

DOWN MEMORY LANE

TWENTY YEARS AGO

Mr. C. E. Sumner says Forrest has gained fifteen pounds since enlisting in the service of his country. And as all the boys we have seen from the various camps have a good look they must all fare well.

The railroad commission holds that Sunday freight trains are a violation of State law. And the commission is correct. But in war times there is not much regard for Sunday laws.

Kerosene oil is another scarce article in Newberry now. A hunter went to Mr. Jack Gregory the other night and tried to get enough to put in his lantern to go "possum hunting, but Mr. Gregory had to turn him down.

As a result of the talks by Mayor Wright and Dr. Cromer at the Bethlehem colored Baptist church Sunday afternoon, fifty members joined the Red Cross movement and will be organized into an auxiliary society.

Thomas D. Enright, Pittsburg, Pa. James B. Gresham, Evansville, Ind. M. E. Hay, Ludington, Mich.

These are the first three Americans who shed their blood in France for the liberty of the world. Their names will be honored throughout all time. Who wants to wear mourning for them?

The Indians will present some startling improvements in the game with Erskine here next Friday. The whole student body, as well as the football squad, is revitalized. And there's a reason. The answer to which is Coach Pfahl. The new Indian chieftain is a genuine Hoosier hustler and could quite correctly be called "Hurry-up" Pfahl. Friday afternoon at 3:30 o'clock play will be called at College park. Remember the Indian war-whoop "Hustle and Fight."

Like the sun rising from behind eastern hills, only not so fast, is the looming up of the tall structure of the new Exchange bank building, which will soon flood the surrounding neighborhood with the golden light of a new commercial and industrial season of progression and advancement for Newberry.

This is Hoover weather—that is, you can conserve coal and wood. If the weather had the same effect on oats, we would be all right.

78 YEARS AGO

Gen. Sam Houston addressed the United States senate, on Monday last, in what he termed his farewell speech at the close of the 46th year of his public life, in which he reviewed at some length the attempts to defame his character, reciting, in refutation to them, his military career in defence of the State of Texas.
