OUT AMONG THE PEOPLE

WAY OF A MAID, ETC.

Men, says Dorothy Dix, seldom find out that they can't stand the wives they have until they get their eyes on a flapper or a vamp who has made them believe that she alone understands them and appreciates how big and strong and wonderful they are.

POWER OF THE WANT AD

"Thursday I lost a gold watch which I valued very highly. Immediately I inserted a want ad in your columns and waited. Yesterday I went home and found the watch in the pocket of another suit. God Bless your paper."

PETER AND PAN

An editor met the late Sir James Barrie, the famous author of Peter Pan, at a dinner. "Sir James," he said, "I suppose some of your plays do better than others. They are not all successes I imagine." Barrie leaned toward him confidentially, "No," he said, "his eyes twinkling, 'some Peter out and some Pan out.'"

THE RAT

The scrubbiest specimen of mankind is one who takes your paper as long as you will send it then when he's cut off spends his time explaining how he used to "take the thing" but stopped it because it was "no 'count."

HOME INSURANCE

Said Abraham Lincoln: "Property is the fruit of labor; property is desirable; a positive good in the world. That some should be rich shows that others must become rich, and hence is just encouragement to industry and enterprise. Let not him who is houseless pull down the house of another, but let him work diligently and build one for himself, thus by example assuring that his own shall be safe from violence when built."

ROTARIANS MEET FRIDAY

Whitire Men To Be Guests
At the meeting of the Rotary club Friday evening at 7 o'clock at the Newberry Hotel, fourteen men from Whitire will be the guests of the club. Dinner speakers for the occasion include President Kinard, who will bring an inspirational address, and Z. F. Wright, who will furnish a humorous talk.
This club, which meets semi-monthly, headed by Jesse Y. Jones, has changed its regular meeting time during the winter months from the luncheon hour to evenings.
The gathering tomorrow evening marks the first in a series of meetings to which the Rotarians will dedicate to various town and communities in Newberry county.

FARMERS HIGHWAY FUNDS

Washington—Senator Smith, Democrat of South Carolina said today he hoped the administration could refrain from curtailing Federal highway aid. He said he thought road building "the most constructive and the most generally helpful projects that we can put into effect."

SEEN ABOUT TOWN

Chief Bartley carrying supply of electric light bulbs. Mrs. Arthur Kibler raising window. Mrs. Jimmie Parks visiting Sun office. O. F. GOVERNOR TO SPEAK

Johnson To Appear Before County Teachers
Governor Olin D. Johnson will address members of the Newberry county Education Association at the second meeting of the year next Thursday afternoon, November 8, at the Newberry high school auditorium at four o'clock.
The departmental meetings begin at 3 o'clock. The high school teachers will hear W. H. Ward, head of the extension division of the University of South Carolina speak on "How the Extension Division of the University May Best Serve the Teacher."
The department of intermediate teachers will hear Mrs. Mae Aull, attendance teacher of this county, who will speak on "School Attendance."
Prof. O. B. Cannon, superintendent of the city school system, will address members of the department of primary teachers on "Financing Newberry County Schools."
The public is cordially invited to hear Governor Johnson speak at the four o'clock hour following departmental meetings. His topic will be "Federal Aid For Public Schools."

Missionary Society

Newberry Conference Meets at Redeemer Church
The fall meeting of the Woman's Missionary Society of the Newberry Conference met with Redeemer Lutheran church, Dr. E. B. Keisler, pastor, Friday, November 19, 1937. The theme for the day was "Forward Together"—John 13:17. Mrs. W. B. Shealy led the morning devotions and based her thoughts on loving service taken from the Bible verse "If ye know these things, happy are ye if ye do them." Mrs. J. V. Long brought a most interesting and inspirational message from the Triennial Convention at Buffalo. Mrs. Paul Ensrud gave highlights from the 52nd annual Convention at Saluda—one of the highlights was Faith Bippard, Missionary to Japan, whose love shone out to us as the love of a Christian servant. Mrs. J. H. Sumner, in bringing greetings from the U. L. C. A. suggested that we remember four important things—1. Learn true discipleship from God's Word. 2. Live what we have learned. 3. Love our fellow man. 4. Lead others to learn, live and love discipleship. Mrs. J. V. Long was welcomed as our new Light Brigade superintendent. Miss Marie Heinson, synodical president, brought greetings and told of the need of each one of us to fulfil our part to advance in Christian stewardship along all lines of the whole program of the whole church of Christ. Dr. Keisler gave a most cordial welcome to the conference and also brought greetings from the men's conference.
Dr. Kinard brought greetings from Newberry College and said the church must move fast today to keep up with the rest of the world. To move fast we must train more of our future leaders in our church colleges.
Mrs. L. C. Derrick led the department secretaries in a very helpful and interesting program. After which Rev. Pence spoke to the conference on "Forward Together With Our Church." He begged that we do things that must be done in our local church and be appealed to the women of Newberry conference to see that the every member visitation was carried out. He commended the spirit of cooperation of the Newberry conference with Synod and asked our prayers for Synod.
Mrs. B. M. Wise spoke on "Forward With The Children." She stated the S. C. Light Brigade has more children enrolled than any other Light Brigade in the U. L. C. A. The church marches forward on the feet of its children. "Christian Stewardship" was the subject of Mrs. W. J. Moretz' address. Resolutions of courtesy were extended by the committee as follows: Be it Resolved—1. That the Woman's Missionary Society of the Newberry conference express our appreciation to the pastor and congregation of Redeemer Lutheran church for the gracious hospitality shown us during this conference. 2. To the program committee for the efficient manner in which they arranged the program for the conference and to all others who conducted and participated in the program as to make it a successful one. 3. To both state and conference officers and departmental secretaries for the wonderful work that they are carrying on for the extension of the Master's kingdom. Respectfully submitted, Mrs. E. K. Counts, chairman, Mrs. R. H. Hiller, Mrs. J. V. Long. It was moved and carried to receive this report with thanks.
The spring meeting will be held with St. James church, Jalapa. Mrs.

FOREST SERVICE NEWS

Mature standing timber on the national forests, of which there is a large amount, is sold at fair prices. Anyone may purchase timber, but no one can obtain a monopoly of it or hold it for speculative purposes.
The government is anxious to sell the mature timber on the forests when it is no longer growing at a profitable rate and should give way to younger trees and seedlings which will constitute succeeding crops of timber. The fewest possible restrictions are imposed upon purchasers of timber, only such as will insure cut-over areas being left in the best condition for future growth.
Experienced foresters estimate the quantity and quality of National forest timber and its approximate value as a basis for the price to be charged. In fixing this, all factors which affect the cost of lumbering, such as accessibility, number and kind of improvements necessary, as well as the general market conditions, are taken into account. Bids are obtained through public advertisement.
The trees to be cut on a sale area are marked in advance by a forest officer, the object being to leave enough of the younger trees to seed the ground and form the basis of a second crop of timber on the same land. Timber on the watersheds of streams is not cut to an extent that will impair the protective cover that the forest affords.
Bid was recently awarded to Guy Whitener, Newberry, for a timber sale on the Enoree Ranger District, with an estimated 210,000 feet B. M., and lesser quantities of other timber, to be cut. The location of the sale area is on National Forest tract No. 1, lying on both sides of the Enoree river, two and a half miles south of Sedalia, S. C.
John C. Billingsley, District Ranger
Long asked that the Light Brigade superintendent be prompt in answering all letters sent them. The homeward thoughts were conducted by the president, Mrs. Wise. Her lesson was taken from Phil. 4:13: "I can do all things through Christ which strengtheneth me." She left us with this thought: Last year with its mistakes is gone. It is time to go forward with God. He has no one to carry on His work but His people. The conference adjourned with prayer by Rev. Paul Counts.
This meeting of the Newberry conference was well attended and much information was received by those present.
Mrs. Vernon Carlton, Secretary

REV. CANNON MADE PRESIDENT

To Head County Ministerial Association
The Rev. T. C. Cannon, pastor of Central Methodist church, was elected president of the County Ministerial Association Monday morning at the monthly gathering of the ministers at Aveligh Presbyterian church. Mr. Cannon will take office in January replacing Dr. J. W. Carson, of the Associate Reformed Presbyterian church.
The Rev. B. F. Rodgers was elected vicar-prest. and the Rev. J. B. Harmon, secretary and treasurer. These two offices were formerly held by the Rev. Cannon and the Rev. W. F. Johnson, respectively.
Plans were made at this time for the county ministers to conduct services at C. C. Camp 6 during December and January. These services are held each Tuesday afternoon at 5:30.

IS STILL RUNNING

Colie Says Race Is Moving Along Nicely
Ex-governor, ex-senator Cole L. Blease was in the city for a short time Monday afternoon.
When asked for a statement about his race for governor next summer Mr. Blease replied that "things are coming along smoothly and looking good." He gave us a little off-the-record dope on a couple of the would-be candidates.
Mr. Blease, hale and hearty and seemingly glad to be back in the city of his birth, youth and young manhood, remarked that in the court room, where the interview took place, were present an ex-congressman (Fred H. Doinick), an ex-chief justice (Eugene Blease), an ex-governor and ex-senator, himself. "And all of them Newberry boys" continued the ex-senator-governor. He seemed to be of the opinion that something should be done speedily to remedy this condition and remove the prefix from the cognomens of our illustrious sons. "Amazingly this will be up to the ex-governor for Messrs. Eugene S. Blease and Fred H. Doinick are apparently contented with the status quo."
APPROACHING GOAL
Columbia, Dec. 1.—Former Governor John G. Richards, chairman of the Tillman Memorial commission, said today the drive for funds to erect a monument to the late Benjamin Ryan Tillman, governor and senator, was approaching the halfway mark of the \$10,000 goal.
COUNTY TEACHERS PAID
Third Salary Payment Totals \$21,266
Newberry county teachers are \$21,266 richer this week than last week. The state education department mailed checks on November 30 for the third payment on state aid for their salaries.
Separate checks were sent for agricultural teachers, who received \$1,637, and for the home economic teachers, whose check totaled \$1,815. The state department of education mailed checks amounting to over \$1,055,504 throughout the state the first of the week.

CIVIL COURT ENDS

One Case Cleared in Three Day Session
The second week of civil court opened here Monday afternoon with the hearing of a matter of new trial in the case of Mrs. Margurite Johnson against Belk McKnight company. Attorneys Blease and Griffith appeared for Mrs. Johnson and Messrs. Johnson and Hiott for the defendant's company. After the presentation of evidence by counsel which lasted from the opening of court at 3 o'clock until about 7 o'clock, Judge M. M. Mann took the matter under advisement. His opinion will probably be rendered in a few days.
The five cases against the South Carolina Electric and Gas Company which were to have come up at this session were continued until the next term on motion of the counsel for the defendant because of the illness of one of the Company's main witnesses.
The only case disposed of during the week was that of Ralph P. Shealy plaintiff, vs. Wessinger Brothers, defendant, which was heard Wednesday afternoon. The plaintiff was suing for \$5,000 for injuries sustained in a collision. The verdict rendered was for the defendant. This case grew out of the result of a collision in Prosperity on June 21, 1936, between a motorcycle, driven by Shealy, and an ice truck, driven by an employee of Wessinger Brothers.
FIREMEN ON THE JOB
Newberry Volunteers Answer Many Calls
Firemen have been constantly on the go for the past several days. A call was answered at the Livingston home on Summer street Friday afternoon where an oil stove began a small blaze. Only smoke damages resulted.
Saturday night, a paper press, near the city trash dump, owned by H. B. Wilson was completely destroyed.
Sunday morning about 10:30, someone excited at seeing smoke near the West End Lutheran church sent in an alarm that proved false.
No damage resulted from the fire at Haskell Wright's home on Main street Sunday afternoon when the firemen rushed out to find a flue on fire.
The volunteers quickly got to the rescue in spite of a misleading call Monday morning in time to put out the blaze on a car near Smith Motor Company.
Tuesday morning, the home of Thompson Dennis on Mayer avenue caught on fire from a spark on the roof. About \$15 damages resulted from this eight o'clock call.

WE THE PEOPLE SPEAK

Have you heard Gipsy Smith? How do you like him?
Clarence Metts: Jolly Street
"I heard him Thanksgiving night. He certainly is a good speaker and I want to hear him again."
Ernest Brooks:
"Yes, I think he's fine."
Wilson C. Brown:
"Yes. I certainly think he's good. I enjoy hearing him ever chance I get."
Arthur Eargle:
"I haven't yet but I want to hear him."
Sam Williams:
"I think he's just fine. I haven't missed a service."
Miss Sadie Bowers:
"I think he's fine. I'm enjoying his talks so much."
Zach F. Wright:
"I've been several times and I enjoyed hearing him very much. I think he's a fine preacher."

HON. EUGENE S. BLEASE

Will Be Speaker at Celebration at Saluda Saturday
Former Chief Justice Eugene S. Blease will be the principal speaker at the "40 Years of Progress" exhibition at Saluda Saturday, it has been announced.
The date of the Saluda exposition coincides with the trip to be made by a large number of Augustans and others from points along the route, in celebration of the all-paved short route between Augusta and Charlotte. Members of the motorcade will have the opportunity of hearing Judge Blease at Saluda.
Members of the touring party will stop here for dinner and then proceed on the trip as far as Pineville, N. C.
Editor L. B. Eargle of The Saluda Standard is one of the moving spirits behind the motorcade trip as well as the exhibition to be held at Saluda. Mr. Eargle is interested in having the Greyhound bus lines route their buses by way of Newberry and Saluda instead of by Columbia, the present route. It is claimed that with the completion of the Strother road in the county, giving an all-paved route to Salem Cross roads and thence to Charlotte, shortens the distance between the North Carolina and Georgia cities by 25 miles.
A meeting was held here about three weeks ago looking toward routing the buses by Newberry but unanticipated opposition was encountered from the Senic lines which now operates over a part of the route.
It is expected that a number of people from Newberry will join the "cade here for the rest of the trip as well as attend the Saluda exhibition.
Saluda county was carved out of virgin woods 40 years ago and has made such progress in that comparatively short time. The town of Saluda in particular shows many signs of progress. Well-paved streets and up-to-date water plant are evidences.

The Civic League

Asks Cooperation in Broader Health Program
The November meeting of the Civic league was held at the home of Mrs. Tom M. Fellers with Mrs. Floyd Bradley as assistant hostess. After the regular routine of business was carried out, the league discussed many things relative to the progress of Newberry. The lack of available parking space for business people and visitors to Newberry was discussed at length. A committee was appointed to work with city council to secure and beautify spaces for parking.
It was reported that 75 pink dogwood would be placed on lawn of interested citizens during the first week in December. Persons interested in securing one of these trees are asked to phone 219-J. One pink dogwood will be placed on each church ground as a gift from the league, if requested by those in charge of church grounds beautification.
The league discussed at length the fine opportunity afforded Newberry citizens in cooperation with the State department of health in having a County board of health. Everyone interested in this broader health program for Newberry should make inquiry as to its benefits and help promote this program for Newberry.
The Civic league voted to offer the service of the WPA City beautification project sponsored by the league in cleaning up the vacant lot owned by the city back of the new court house, so that there would be more available parking space on this lot. The services of these same workers will be offered the city in cleaning and beautifying the plot of ground back of the new fire house.
It was a source of much regret that the shrubbery growing so nicely on the old Ritz theatre lot had to be moved on account of building operations. This shrubbery was moved to the Boy Scout home and has added much to the attractiveness of the building. Much of the shrubbery in Margaret Hunter park is being rearranged to add more attractiveness to the park and winter grass is beginning to cheer visitors to the park and all who pass that way. This park is one of the beauty spots of the State and will attract many visitors when the wisteria and flowering shrubs begin to bloom in the spring.
The league requests every family living in Newberry city and mill villages to plant on their lawn during December or January a pink dogwood, red bud, white dogwood, holly and many flowering shrubs. The whole city can be made beautiful only when every citizen cooperates. Whether you own or rent your home please plant one or more flowering shrubs now. Let us all together work to make the "City of Friendly Folks" the city of Attractive homes and Beautiful surroundings.
WILL KEEP EYE ON BUDGET
Governor Insists on Rigid Economy
Columbia, Dec. 1.—"It will be necessary to draw the pursestrings tight before they are any indications of a deficit," Governor Johnson said today in discussing the State's financial outlook for the 1938-39 fiscal year, but he promised "to watch every penny and insisted on a most rigid economy in the drawing up of the budget report."
The Governor and other members of the Budget commission, Chairman S. M. Ward of the Senate Finance committee and Representative Neville Bennett, chairman of the Ways and Means committee, went to work this week on the draft of their report to the General Assembly after concluding the annual budget hearings.
The State is in good financial condition now, and indications are that we might have another surplus at the end of the fiscal year but all of this should be an even stronger reason for economy," Johnston said. "Just because we are enjoying years of prosperity now is no reason why we should go hog-wild with our State expenditures."
He foresaw a time "when revenue will not be flowing in as rapidly as it has been during the last year or two" and asserted, "It is much easier to add appropriations than it is to cut them off when times are hard."
TEXTILE REPORT
Columbia—State Commissioner of Labor John W. Nates said today his annual report to the Governor and general assembly would show that textile products manufactured in South Carolina during the fiscal year ended June 30, 1937 were valued at \$289,437,896.

DOWN MEMORY LANE

Married on Friday evening at 7 o'clock by the Rev. Edw. Fulcnwidder, at the parsonage of the Lutheran Church of the Redeemer, Miss Verna Summer of Newberry and Mr. Hal Kohn. The bride is the daughter of Mr. J. H. Summer and the groom is the son of Mr. Arthur Kohn of Columbia. He holds the position of sergeant in the Quartermaster department at Camp Sevier, to which he returned on Sunday. The young people are popular in their extensive circles. To Sgt. Kohn, who is so nobly answering the call to his country's service, we extend congratulations for his happy and wise choice, in that he has for a bride one of the very sweetest girls that ever lived.

INJURED IN WRECK
Tom Sligh home from Conway Hospital
Tom Sligh was returned to his home on Mayer avenue Tuesday afternoon from a Conway hospital where he was taken after receiving serious injuries in an automobile wreck near Georgetown Wednesday night.
Mr. Sligh was on his way home for Thanksgiving Day when the wreck occurred. The car he was driving was completely demolished. At the Conway hospital, it was discovered he suffered a badly crushed chest as well as other injuries. Mr. Sligh is resting nicely at his home. Later he will be taken to Columbia for a major operation which will be necessary before he is able to be out again.
