to their homes or churches to capture the enemy or attack them. One record states that a certain minister who preached the doctrine of liberty always carried his gun to church with him; while conducting services had the gun standing close by, and preached his sermon with his powder-horn swung around his neck.

When the freedom of the slaves came many old slaves stayed on with their former masters, working as wage hands; later becoming renters, in many cases, and a few owning farms. The period of the Ku Klux, which terminated "scalawag" rule among the masses, brought with it sobriety; but not until after the days of the "Red Shirts" did South Carolina come into a period of development and growth.

Chit-Chat

By CONSTANCE ARMFIELD

Now that Christmas is over and the New Year has been ushered in, we are settling down with a firm determination to keep the newly made resolutions as best we can. Some think it useless to make resolutions because they will be broken before the New Year ages in the least, but I'm thankful we have a specific time in which to "turn over a new leaf."

Following a custom of years, the Charles L. Traberts held open house Saturday, the first day of the new year. This gracious host and hostess invited their many friends to call at any time during the day. Reminiscences of the past year were brought to light in the varied conversations and really "a delightful time was had by all." The New Year treat, silli-bub and fruit cake was served to the guests. A large Christmas tree in the receiving room caused many flattering comments. At the base of the tree, the Traberts had arranged with miniature toys, the scene of the first Christmas, the fields of sheep attended by the shepherds, the wise men and shepherds worshipping the Babe, the angels singing from on high, and in the background, a miniature ancient village with the soldiers and guards and everything that captures one's imagination and aids one in picturing the setting of the Holy Land just as it was in those days.

Paragraph biographies—Besides being the mother of four children, house keeper, charming entertainer, and a superb fisherman, Mrs. T. E. Epting could take a state fair prize with one of her delicious fruit cakes. Mrs. Epting is known and loved by Newberrians far and wide. She has a certain "way" about her that makes everyone who comes in contact with her feel comfortable and at home.

Newberry College opened its doors Tuesday for the second semester. Once again, the city takes on its natural looks with the boys and co-eds back. We always hate to see the students leave and are glad to welcome them back. I sometimes shudder when I think what a difference there would be here without Newberry College and her congenial President Kinard.

Roy Whitaker's many friends in Newberry will be interested to learn that February 10 is the date set for his wedding to Miss Ellie Claire Caughman of Columbia and that the marriage will take place in the St. Paul's Lutheran church in Columbia. Mr. Whitaker is the son of Mr. and Mrs. H. D. Whitaker of Nance street. The bride-elect is the daughter of Mrs. G. Perry Caughman of Columbia.

There are many in Newberry who will recall Dr. W. G. Neville, a Presbyterian missionary to Brazil, and brother of D. W. A. Neville. Dr. Neville will deliver the sermon at Aveleigh Presbyterian church Sunday morning, and during his brief stay in the city will be the guest of the D. W. A. Nevilles. Dr. and Mrs. Neville and their four children have been in this country on furlough for over a year. Dr. Neville has made visits over the states and his family has been in Augusta, Ga. with Mrs. Neville's parents, Mr. and Mrs. H. C. Tennent. The Nevilles will leave for Brazil February 1.

CHATTER—Don't forget to write it 1938—Newberrians glad to learn that members of the Calcoate family are improving. Christmas and New Year found three of them ill—good to see McBee Hipps visiting her Sunday—we're having such delightful weather now, the kind that makes one want to hike for miles—bridge clubs are getting back into swing again after holidays.

JANUARY FARMING HINTS

For greater success in farming in 1938 County Farm Agent P. B. Ezzell makes these important suggestions for January.

Agromony
1. Be sure your cotton planting seed for 1938 was bred to produce staple at least one inch in length and preferably longer. 2. If sufficient oats was not planted during fall to meet farm needs, plant this month, weather permitting. 3. Clean up hedge rows and wood patches between fields.

Horticulture

1. Prepare hotbeds and coldframes for cabbage, tomato, pepper, etc. 2. Plant English peas (in lower part of state) if soil is in condition. 3. Prepare land for Irish potatoes, and order certified seed. 4. Prune fruit trees and vines preparatory to spraying with lime-sulfur or oil-Bordeaux. 5. Plant fruit trees at once, if soil is in condition. 6. Terrace all new orchard land before planting.

A BIG EDITION

We are in receipt of a copy of the Centennial edition of the Daily Clarion Ledger, of Jackson, Miss., forwarded by Mr. J. F. Suber, a native of this county who owns property on Broad river. The edition containing 192 pages is one of the finest newspaper efforts we have seen. On the first page is a congratulatory letter from President Roosevelt and the edition contains a wealth of historical as well as current data. The edition enhances our opinion of the satchery of Bilbo. We always measured everything Mississippi by "that man."

MRS. JOHN MAYER INJURED

Mrs. John Mayer was painfully injured about two weeks ago by the explosion of a dynamite cap in her hand. She was brought to the local hospital for treatment. It seems Mrs. Mayer found an old dynamite cap while cleaning up about the house and began to explore its mysteries with a knitting needle. The cap exploded, painfully injuring her right hand. We trust she is fully restored by this time as we know things don't run very smoothly around the Mayer household when she is indisposed.

ST. PHILIPS

By G. H. Ruff

On Sunday afternoon at 2:30 will be Sunday school and divine services will be at 3:30 by the Rev. J. B. Harmon.

If you are interested in good sermons I advise you to come out. We trust there will be a good attendance and another important fact is, we hope to have a greater Sunday school in '38 than in '37, and that the Light Brigade League and Woman's Missionary Society shall also prosper.

Christmas is over and down goes all the beautiful decorations; many of the homes were very beautiful.

Are resolutions profitable? They are if you make them and stick to them. Many people make resolutions only from their lips and not their heart.

Now you have turned over a new page in life from 1937 to 1938. Now you are going to make stains, more or less, on the new page of life. It is my desire to make less in '38 than I did in '37, and I trust that there are many others who feel the same.

We are all subject to mistakes, but when you know something is wrong you must avoid it if possible. Let us look for a brighter future and not backward on the dark pages of life. Let us have a determination to do better in '38. Unless you try to accomplish something in life you will never get anywhere. Some people seem gloomed at the beginning of the year. We know not what is in store for us, but we must try and make the most of it. We are looking forward for prosperity, trusting we can accomplish more in '38 than we did in 1937.

There were many listening to the president on January 3 and also to the Congressmen. They surely gave good advice. What a wonderful progress has been made while these men were sitting in the white house, their voices being heard the world over. Should we as citizens of this nation as these years pass by, take a greater step toward civilization than ever.

As each year passes by let your resolutions for the year grow greater and that all the golden opportunities that confront us may be used to the best advantage.

Mrs. H. H. Ruff who is confined to her bed is feeling better. We hope she will soon be able to be out again.

All teachers of the community have returned to resume their work.

Several boys who visited Florida returned home Saturday, reporting a fine time and bringing with them limbs loaded with oranges.

GIRL SCOUT MEETING

Troop two of the local Girl Scouts will meet Saturday morning at 10:30 at the troop room in the Junior High School.
