

TIPS to Gardeners

Soil Study Important

A FEW minutes' study of your garden soil just before planting may make a marked difference in your success as a gardener.

Clayey soils require the most careful handling, but they are heavily productive. Sandy soils are "early" and sandy loams are just about ideal for most home garden crops.

In some southern states two crops may be grown, one in the spring and one in the fall.

Peas, lettuce, cabbage, broccoli, cauliflower, beets, carrots, radishes, and onions prefer plenty of moisture and moderately cool temperatures during development, according to Harold Coulter, vegetable expert. These vegetables should be planted about as early in fall as weather permits.

The following vegetables are not as hardy as those listed above and had best be grown in spring crops: Sweet corn, beans, tomatoes, peppers, egg plant, cucumbers, melons, squash and pumpkin. They like abundant sunshine. They do best on loamy soils.

2 WAY RELIEF FOR THE MISERY OF COLDS

Take 2 BAYER ASPIRIN tablets and drink a full glass of water. Repeat treatment in 2 hours.

If throat is sore from the cold, crush and stir 3 BAYER ASPIRIN tablets in 1/2 glass of water. Gargle twice. This eases throat soreness and soreness almost instantly.

All it usually costs to relieve the misery of a cold today — is 3¢ to 5¢ — relief for the period of your cold 15¢ to 25¢. Hence no family need neglect even minor head colds.

Here is what to do: Take two BAYER tablets when you feel a cold coming on — with a full glass of water. Then repeat, if necessary, according to directions in each package. Relief comes rapidly.

The Bayer method of relieving colds is the way many doctors approve. You take Bayer Aspirin for relief — then if you are not improved promptly, you call the family doctor.

EASE YOUR CHILD'S CHEST COLD TONIGHT

Tonight, at bedtime, rub his little chest with stainless, snow-white Penetro. Penetro is the only salve that has a base of old-fashioned mutton suet together with 118% to 227% more medication than any other nationally sold cold salve. Creates thorough counter-irritant action that increases blood flow, stimulates body heat to ease the tightness and pressure. Vaporizing action helps to "open up" stuffy nasal passages. 25c jar contains twice 25c size. Ask for Penetro.

HELP KIDNEYS

To Get Rid of Acid and Poisonous Waste Your kidneys help to keep you well by constantly filtering waste matter from the blood. If your kidneys get functionally disordered and fail to remove excess impurities, there may be poisoning of the whole system and body-wide disturbances. Burning, scanty or too frequent urination may be a warning of some kidney or bladder disturbance. You may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel weak, nervous; all played out. In such cases it is better to rely on a medicine that has won country-wide acclaim than on some less favorably known. Use Doan's Pills. A multitude of grateful people recommend Doan's. Ask your neighbor!

STAR DUST

By VIRGINIA VALE

THE day of the handsome hero with soulful eyes and long lashes is definitely over according to theater managers throughout the country. William Powell, Clark Gable, Paul Muni and Spencer Tracy are the current idols of audiences everywhere, and the most up and coming young actor is James Stewart.

Certainly if the Metro-Goldwyn-Mayer story department continues to do as well by young Stewart as they have in "Navy Blue and Gold" he will soar to the very crest of the wave of success. Lanky and homesy, Jimmy Stewart has naturalness and shy sincerity that endear him.

Almost every company has had a try at making a picture about midshipmen at Annapolis, and all of them have been pretty stirring with their martial music, their Navy spirit, their campus romances. But Metro-Goldwyn-Mayer have taken all the old ingredients and made them seem fresh.

When Mervyn Le Roy finishes the last picture under his contract with Warner Brothers and moves to Metro-Goldwyn-Mayer as a producer, he and Clark Gable will both start arguing with executives that they simply must make a picture together. Clark has not forgotten how hard Le Roy tried to give him a start in pictures years ago.

When Clark was a stage actor and trying to get into pictures, Le Roy recommended him to Warner Brothers. He asked only \$250 a week, but Warners thought that was too much for a guy with such big ears. Now they would gladly pay that much just to get one of his ears in a picture!

Nowadays Shirley Temple rarely romps around the Twentieth Century-Fox lot visiting sets where pictures are being made. She stays in her dressing room bungalow and strange are the sounds that come out of there. It seems that Alan Dwan who is to direct her next picture thought it would be very cute for Shirley to beat a drum, so he sent her a whole set of trap drums and hired a teacher to give her lessons. No one, least of all Mr. Dwan, realized that Shirley would take to drumming with such enthusiasm.

Studying box-office reports for the past few months, R-K-O have decided not to renew the contracts of Lily Pons and Nino Martini. Too hard to find stories for singers. Paramount has notified Marlene Dietrich that she can make pictures elsewhere; they are in no hurry to make another with her. Joan Blondell has decided she would rather free-lance than stay with Warner Brothers, and Rosalind Russell has decided to go back to the stage when her contract expires next summer.

Warner Brothers made such a hit with "Alcatraz," that they are filming a whole series of prison stories. Next you will see "Girls on Probation," then "Reform School," then one by Warden Lawes of Sing Sing called "Chalked Out." "Chalked Out" is prison slang for execution.

Among new air shows of 1938 is the return to radio of Bob Becker, nationally known sportsman, author, hunter and authority on dogs who broadcasts each Sunday in the interest of a popular brand of dog food. He is heard over NBC's red network coast-to-coast at 2 p. m. with a re-broadcast over WGN of the Mutual network at 2:45. Becker knows the woods and waters of North and South America as few men do. He has hunted bear, moose, and sheep in Alaska and made explorations in the little-known reaches of the Amazon.

Modern Bridge of Sighs for China

Lesson for January 23

MINISTERING TO PHYSICAL NEEDS

LESSON TEXT—Mark 1:29-45. GOLDEN TEXT—And he healed many that were sick.—Mark 1:34. PRIMARY TOPIC—When Jesus Went to Peter's House. JUNIOR TOPIC—When Jesus Went to Peter's House. INTERMEDIATE AND SENIOR TOPIC—Helping the Sick. YOUNG PEOPLE AND ADULT TOPIC—Christianity's Concern for Physical Health.

"The Mystery of Painlessness" is the title of a book published some years ago, in which the author pointed out that instead of bemoaning the physical ailments of man we should thankfully recognize that much of life is without pain. There is point to the suggestion, but one who has reached the years of maturity and who has stood shoulder to shoulder with suffering mankind is very conscious of the ever-silent cry of those whose bodies are in need.

Our Lord was tender and solicitous of man. It was to him that the great host of impotent folk—the lame, the halt, the sick, and the blind—came for healing, and they came not in vain. Note, however, that in the midst of his works of mercy he did not forget his real objective, which was to deal with man's sin.

I. Healing (v. 29). First, we find our Lord tenderly sharing the sorrow of the home of a friend. One can picture the anxious hush that hovered over the home as distressed relatives and friends sought to alleviate the suffering of the one with a fever. They knew the possibility of a serious outcome of the illness. Many of us have gone through that dark valley. All at once there was new hope, and soon there was joy. Jesus had come and had brought healing. Many of us have also had that blessed experience.

Note that the healing was instantaneous and the restoration complete. She arose to serve. This typifies God's healing of the sickness of the soul. If you are saved you are ready to stand up and serve. Christianity is not a selfish faith, if it follows its Lord. We see in verses 32 to 34 that all the city came to his door with the diseased and demon-possessed, and he healed them all. The account of the kindly and intelligent care of the sick is written large on the pages of the history of the Christian church.

II. Praying (v. 35). The Son of God sought out a place and a time for prayer communion with his Father. How often we who profess to follow him fail to pray at all. Certainly we need the grace and power that prayer can bring far more than Jesus did. But, we say, we are so busy. So was he. We are tired. So was he.

III. Preaching (vv. 38-39). Jesus said, "Let us go . . . that I may preach . . . for therefore came I forth." It bears repetition in this age when men magnify the doing of mighty deeds, that while Jesus did many miracles (and not for a moment would we detract from their worth and glory) yet he repeatedly, by word and act, emphasized the importance of preaching. Foolish though it may seem to the natural man (read I Cor. 1:18-25), preaching the gospel in the power of the Holy Spirit is now, as it has been through the centuries, God's chosen means of turning the world upside down (Acts 17:6). What a pity that churches and pastors are forsaking it for book reviews, dramas, social hours, forums, community centers, and what not! God give us a revival of great, humble, and fearless preaching of the Word!

IV. Cleansing (vv. 40-45). There is a sense in which the cleansing of the leper was another act of healing, but leprosy is such a striking type of sin that the incident calls for special consideration. Leprosy is like sin in that it is a destructive malady that pursues its insidious way without revealing its true nature until it is far advanced. It renders a man unclean, loathsome to himself and dangerous to others. At least such it was in the days of our Lord. Is there no hope for the leper? Yes; Jesus has come. The smitten man cries out, "If thou wilt thou canst make me clean." So, also, may the sinner be cleansed, for "whosoever shall call upon the name of the Lord shall be saved" (Rom. 10:13). He will not turn the vilest of sinners away.

The Feeling of Power He knows that power is unborn, and, so perceiving throws himself unhesitatingly upon his thought, instantly rights himself, stands in the erect position, commands his limbs, works miracles; just as a man who stands on his feet is stronger than a man who stands on his head.

Beauty This is what we want—we want the vision of a calmer and simpler beauty to tranquilize us in the midst of artificial tastes.

Nature Holds Record

Machines have given man speed supremacy on land and in the air. But Nature still holds the speed record for underwater travel. The swordfish, for instance, can swim at the rate of 60 miles an hour, or nearly four times faster than the fastest submarine. —Colliers Weekly.
