ALL AT ONCE

The number of fires in Newberry since '38 have been few, but not far between. When they come they come all at once. After a lull of several days around the local fire department the spell was broken Tuesday afternoon by three calls. About 3:15 firemen rushed to the home of Mrs. P. F. Baxter on Harris street where a spark on the roof led to a small blaze but no damage. Later in the afternoon the volunteers were called to Adelaide street to the home of Miss Lenore Broadus. Here also a spark on the roof started a blaze, and the third call of the day came about ten minutes later to return to the same place where the chimney had burned out. Damages at the Broadus house amounted to \$20. "We were glad the fires were not big ones" said Fireman Burton Wells "because they would have really have amounted to something with all the wind we had that day."
