OUT AMONG THE PEOPLE

Honorable Burnett R. Maybank, mayor of the city of Charleston, will visit the local American Legion post May 12, according to announcement made today by Jake R. Wise, post commander.

WEIGHTED DOWN

John Peterson says Will Waters has to tie a sledge hammer to that three-pint cow of his to keep the wind from blowing her away. And from other sources we hear that Will is thinking of breeding her to a graffie and raising on her can stand up and milk.

17 AND NOT 7

Cecil Kinard in to correct us on his church record says he has missed only once in 17 years and not 7. Two services each Sunday sums up 1838 services in a stretch. He is out to make it 25 years and here's hoping he makes it. At the end of 25 years he ought to be qualified to write a book "Why Attend Church?" and give some pretty good reasons.

GOT HIS "NIGGER"—GLAD OF IT

The following is from an old Newberry, John T. Suber of Jackson, Miss: "Just read your comment on the Chamber of Commerce and the Civic League and congratulate you on your efforts to make Newberry a better place for decent people to live." Also read in a recent issue where the Sheriff's office raided a still on my place on Broad river and arrested my "nigger" and I hope they keep him in jail 'til he rots and when I get back there in June this year there is going to be a vacant Negro shack there. "Again thanking you for your good efforts in behalf of civilization, I remain."

LEAVES HOSPITAL

Miss Dorcas Pant was dismissed from the Newberry County hospital Wednesday afternoon after three weeks illness.

TIRED OF IT ALL

The following written by a Northern gentleman appeared in the Charleston News and Courier and while we do not agree with all he says, several of the verses strike us as being very good. We can get along very nicely without further first-paging of Sistic, Buzz, and Eleanor. Anyway here it is and we believe that there is at least one verse which will suit everyone except the most ardent New Dealer:

- "I'm tired of taxes on ham and eggs, Tired of 'payoffs' to political yeggs, Tired of Jim Farley's stamps on my mail and Tired of my shirt with its tax shortened tail.
- "I'm tired of farmers goosestepping the laws, Of millions of job-holders with itching paws, Of 'fireside' talk on commandeered mikes, Of passing laws to stimulate strikes.
- "I'm tired of hourly-increasing debt, I'm tired of promises still to be kept, Of eating and sleeping by government plan, Of calmly forgetting the 'Forgotten Man'.
- "I'm tired of every new Brain Trust thought, Of the Ship of State,—now a pleasure yacht, I'm tired of cheating the courts by stealth, And TERRIBLY tired of sharing MY wealth.
- "I'm tired of Eleanor on page one, Of each royal in-law and favorite son; I'm tired of Sistic and Buzzie Dahl, I'm simply and completely fed up with it all.
- "I'm tired and bored with the whole New Deal, With its juggler's smile and its barker's spiel, Dear Lord, out of all Thy available men Please grant us a Cleveland or Coolidge again.

SHERIFF'S OFFICE GET MEN

On Wednesday morning, April 20, Sheriff Fellers was notified that two suspicious white men were seen around Little Mountain. He and his Deputies, with Patrolman Martin, and Policeman Merchant of Prosperity immediately went to Little Mountain. The men were located in a patch of woods preparing a meal. Upon sight of the officers, they ran into a swamp. The officers, with the aid of some of the citizens of Little Mountain, were able in the afternoon to apprehend and capture the men. It was then discovered that a dwelling house of Rosa Robertson had been entered early in the morning. After being captured, the men admitted breaking into the house, also that they were the same men who had escaped from the Lexington County jail Sunday night, April 17th, while being held there on a burglary charge. They are now in the Newberry county jail charged with house breaking and larceny, and will be tried at the June term of Court. They gave their names as George Kelly and Lawrence Kelly, father and son, from Hammond's Port, N. Y. Sheriff Fellers wishes to take this opportunity of thanking the citizens of Little Mountain who so ably assisted him in capturing these men.

Council Moves To Restrict Building

A meeting of the city council and citizens of Newberry was held at the city clerk's office Tuesday afternoon in the interest of passing of a zoning ordinance for Newberry. Upon the motion of Z. E. Wright, a committee composed of Mrs. J. H. Summer, Dr. Charles L. Trabert, and C. C. Hutto was elected to serve with a committee from the city council to be appointed by Mayor Earhardt, these joint committees to meet with the city attorney, Steve C. Griffith, and draw up an ordinance as soon as possible.

Mayor Earhardt presided at the meeting Tuesday attended by approximately 50 men and women. E. B. Purcell stated the purpose of the meeting. He also made reference to a recent occasion when two Newberry citizens had to purchase a lot within 24 hours, paying more for it than either could afford, to keep a service station from being constructed in a residential section of the city. Mr. Purcell stated that people of the city wanted some protection against the possibility of service stations and other such business buildings, going up in the residential areas.

Mrs. J. H. Summer speaking for the Civic League of which she is president, remarked that some step had to be taken immediately in behalf of home owners. Dr. Charles L. Trabert, who has been working for an ordinance in Newberry for the past nine years, suggested that a tentative districting ordinance be passed. Dr. Trabert pointed out that under this plan citizens would request their respective district of the town to be zoned for residences only.

Dick Floyd, council member, stated that the council had not been asked on this proposition of zoning, but that no ordinance had been passed before because of considerable trouble in securing an ordinance for Newberry that would stand.

Mr. Wright, taking the floor next, said that some kind of ordinance can be passed in Newberry and must be passed. Upon request of Mr. Purcell that no more building permits be issued until an ordinance is passed, Mayor Earhardt promised to see H. O. Swittenburg, who issues building permits, immediately after the meeting and request that he withhold all permits until action by the committees and city attorney.

ST. PHILIPS NOTES

Sunday school services will be held Sunday morning at 10 o'clock. Divine services will be held at 11 o'clock conducted by the pastor, the Rev. Emmet Roof. Following the services the Lord's supper will be observed. This will be the first time we have had the pleasure of having a service in the morning since the fourth Sunday in November.

Well, I guess everybody had a grand time on Easter day. If they didn't, it was not the weather's fault as it was a beautiful day.

Many of the farmers report very bad stands of corn. Some of the farmers are planting cotton while others are through as they did not have much to plant. We do not know what the results will be, but hope that everything will turn out all right!

Ball Club Thanks Firms

The Jolly Street Club is taking this method at this time to thank each firm who gave a uniform to the ball club.

The team was able to raise eleven new uniforms through an ad from various firms. We expect a few more uniforms in the near future. Below you will notice the names of the 11 faithful firms to Jolly Street ball club.

- Supper, Newberry; City Beauty and Barber Shop, Newberry; Frank Lominack (Hdwe), Newberry; Newberry Lumber Company, Newberry; Pure Oil Company, Newberry; Prosperity Ginnyery, Wessinger Bros, Ice and Coal, Prosperity; W. P. Derrick Co., Little Mountain; C. Eric Long Garage, Pomaria; Graham Hotel, Columbia. The eleventh was a firm who did not want an ad but all the sport fans at Jolly Street know where this uniform came from, this individual is often seen at Jolly Street. We appreciate what these fans have done for us and is safe for us to say these uniforms are far the best ever seen at Jolly Street. These uniforms will be in action for the first time Saturday, April 23rd, when Mollohan comes to Jolly Street at 4 o'clock. At this time we invite all the 11 firms to be present for a gala affair at Jolly Street and see your uniform in action. Again we thank each and every one of you.

At a later date we will publish a list of firms and individuals who have contributed cash in helping to make the Jolly Street team a success.

Woodworking Shop Is Installed Here

The National Youth Administration has placed in Newberry a power shop located at the old knitting mill on Caldwell street, which will be of great value to all boys working on NYA in Newberry county and to other groups who will have the privilege of taking instructions in this shop.

Dr. Roger L. Coe, state administrator of NYA, has placed electric tools valued at \$1,000 in this shop. More tools will be added as the work progresses. The boys at work on this shop project are taken from families of low incomes throughout the county. WPA certifies these boys for NYA work. More needy boys can be used in this shop provided they are certified by WPA.

The current was turned on last Monday and the machines are now going at full speed. This group will make any equipment which is needed for public use, such as school desks, chairs, benches, tables, filing cabinets, and park seats. The only requirement is that the public organization furnish material for the equipment to be built.

The county board of education which is sponsoring this work shop will furnish materials to be used in making school equipment which will be purchased by school districts at the cost of materials. The Newberry county delegation is paying rent on the building and water and lights are being furnished by an interested committee. The shop has a fine location in the hall of the old knitting mill. H. O. Long, owner of the building, contributes part of the rent, and the Newberry City Council furnished money for wiring the shop.

The work shop is open each weekday from 8:30 to 4:30 o'clock. Adult visitors will be welcomed, but children are not allowed because of dangerous machinery. The two foremen, J. W. Counts, Prosperity, and Gerald Shealy, Little Mountain, have had much experience in shop work. These foremen will teach night classes. The government will grant the use of the building and tools. The only requirement is that individuals or classes pay the foremen for their time.

The Newberry shop is the last of the 10 to be placed in South Carolina. Because of the splendid progress of the NYA in this county under the local supervisor, Mrs. J. H. Summer, Newberry was chosen to have a shop.

"The National Youth Administration has for its main object the training of underprivileged young men and young women," says Mrs. Summer, "so that they may be equipped to obtain private employment. One needs only to visit the Newberry County power shop to realize the importance of training the hands of the boys so that they may take their place in 'building for tomorrow'."

DOWN MEMORY LANE

Chappells has gone beyond her apportionment in the sale of the third Liberty Loan bonds and says she is going to double the amount. She has already earned the first honor flag for this county and the flag has been ordered. If she doubles the amount she will be entitled to a star in the white section of the flag. If other communities will do the same then the county will be entitled to a county honor flag.

The news that Dr. J. Henry Harms has resigned the presidency of Newberry College and will leave the state to accept the pastorate of a large and influential church in Philadelphia will be learned here with genuine regret. Dr. Harms is a very able man and a most pleasing speaker. Some time ago the Greenwood Index expressed the opinion that the three most pleasing public speakers in the state were the presidents of Wofford, Furman, and Newberry. The last two are to leave the state. The fact is greatly regretted.

Washington, April 18.—Proposed increase of the government guaranteed price of wheat to \$2.50 was defeated tonight in the house, which rejected by a vote of 167 to 98 the senate amendment to the agricultural appropriation bill making the change. This action sends the question back to conference and the senate is expected to recede so as not to hold up the appropriation bill. Representative Lever, chairman of the agriculture committee, had the fight against adoption of the amendment, declaring the proposed guarantee is inadequate. The vote was preceded by four hours of general debate.

Newberry College sustains two very great losses in the resignation of President Harms and Dr. Veigt. Both are alumni of the college and have done a good work for the institution, and have been foremost in every good work for the community. We are sorry to see them leave but wish them well wherever they go.

In retaining Prof. O. B. Cannon as the head of the city schools the board of trustees have done well for the school. He has gone about his work in that quiet and unostentatious manner which means work that is real. His work during the past year has been of a very satisfactory nature and the schools have run smoothly under his management.

Berkeley, Cal.—Before an altar banked with masses of cherry blossoms last evening Miss Dorothy Trabert, daughter of Mr. and Mrs. Chas. L. Trabert, of Berkeley, became the bride of Thompson Price, instructor in the aviation school at the University of California. Following a short motor honeymoon the couple will return to Berkeley to reside.

Married at the residence of the bride's parents, Mr. and Mrs. J. H. Wicker, Bounding street, by the bride's pastor, the Rev. F. E. Dibble, at 11:30 Thursday morning, Miss Ernestine Wicker and Mr. Joe L. Feagle. The couple left on the Southern train at 12:17 bound somewhere north, and after the bridal tour will make Newberry their home. The fortunate groom is a prominent salesman, well known and liked throughout his territory. He is to be congratulated in having won one of the sweetest and most lovable girls ever leaving the old home for the new.
