OUT AMONG THE PEOPLE

AND THEY WERE GOOD

Charlie Eargle from down Peak way, in his seventies and smoking a cigar, was at the county seat the last of the past week. He wanted to know among other things when the tax books opened. The county can use his money of course but we believe from now on it will go for a better purpose than trips to Washington. He fetched the editor a bag of fine pears for which thanks.

MR. KINARD HERE

"I don't know when I will be up this way again, so I had better renew my paper," said George I. Kinard of the Jolly Street section, here Saturday for a little shopping. Mr. Kinard reported his corn and cotton crops both short, but thought he would "get along." Mr. Kinard is a trustee of the Jolly Street school and is an all-round dependable citizen.

Civic League Hears Pope On Proposed Parole Bill

The Civic League held a most enthusiastic meeting at the Willowbrook Community House on Tuesday afternoon at 4:00 o'clock. Sixty women were present to enjoy the fine address by Thomas H. Pope. Mr. Pope spoke on "A Better Pardon and Parole System for South Carolina." Everyone present received much information from this instructive address.

John F. Clarkson appeared before the League in the interest of beautification of the Municipal Stadium. The League decided to cooperate with the authorities in the beautification of the Municipal Stadium. The Civic League sponsors a WPA Beautification Project, employing 30 workers. This group will report for work at the Stadium just as soon as convenient. The city contributes toward this project.

A report was heard on the Fair grounds. The public is urged to drive out to the Fair grounds and inspect this Civic League planting. The mass of marigolds is most beautiful and effective. It was voted to request the officers of the law to close up all carnival shows and gambling joints at the Fair which will corrupt the morals of our fine boys and girls. A mother of three sons asked that this action be taken. The Civic League offers 100 per cent cooperation to the Fair Association in support of the Fine Fair at our finely equipped Fair grounds. The League is 100 per cent for the Fair, but 100 per cent against indecent shows and gambling.

INDIANS MEET CUMBERLAND HERE FRIDAY NIGHT

The Newberry Indians play the Lawyers from Cumberland University on Setzler field this Friday night at 8 o'clock. The Indians jubilant over their victory last week against Erkine, are eager to add another scalp to their belts. This game, however, promises to be a greater test for the Redmen.

Cumberland University has to play against the tough opposition of the Tennessee and Kentucky mountain district and consequently, has had to play excellent football in order to survive. The men from the Cedars of Lebanon depend on a tricky offense made up mainly of forward and lateral passes. Their running game is strong enough to make their passes work. On the other hand, Bill Laval's boys have uncovered a dazzling passing attack to go with their strong running game and the Mountaineers will have a hard time pushing the Indians around. Newberry has not lost a game on the home field this season. Although this struggle will be a fierce one, the Indians do not intend to have their record marred. Those attending the game will enjoy seeing the scintillating playing of Masters, Newberry's star end who is unequalled in the state for sheer brilliance, Cooley, a slashing, tearing, plunging back, and Colangelo, the shifty, sophomore sensation, behind the blocking of the strong forward wall will make it exceedingly unpleasant for the football cohorts from Cumberland University. In order to assure a large attendance, the price of admission has been reduced to \$1.00 for adults; 40 cents for students.

REPRESENTATIVE POPE SPEAKS AT BOOK CLUB

The members of the Book Shelf Club met with Mrs. Dick Mims Wednesday afternoon on Nance street. The hostess read an article by George M. Cohen reminiscing his childhood as a violinist and his life in the theatre.

A Halloween party will be given at the Union school Friday night, October 28, at which time there will be plenty of entertainment for everyone. A fish pond, cake walk, bobbing for apples, and other stunts will feature in the program. Everybody come out and enjoy an evening of fun.

MOTHERS TO MEET

The School group of the Mothers' Club meet Friday afternoon at 3:45 at the home of Mrs. Beale Cromer on College street.

The League voted to boost the paving program in every way possible. It is so important to take advantage of the opportunity we have now to get paving very cheap. Let us connect up all the long streets and cross streets for Health's sake. The opportunity will not come again soon.

There was much interest manifested in the discussion of a rest room for colored women. A committee was appointed. This committee will ask for quick action on account of the urgent need.

The Red Cross Roll Call was presented. The Civic League was voted \$5.00 for the first organization membership in the 1938 Roll Call as a tribute to its President, Mrs. J. H. Sumner, the Red Cross Roll Call Chairman.

The most important action taken referred to the health of all citizens of Newberry. A committee was appointed to contact the City Council and other officers concerning an ordinance being passed relative to a Waserman test for Domestic Servants. This is a most progressive step. The Mothers' Club will cooperate with the League in this undertaking.

The Garden Club Committee will plan the program for the next meeting. Many attractive gardens are needed in Newberry. Let us begin now. The sixty women present enjoyed the meeting and caught an inspiration to help make Newberry a bigger and better and safer town in which to live.

County Fair Starts Tuesday, Nov. 1st

A county fair surpassing all previous attempts is to be expected this year when the gates swing open Tuesday, November 1st on the 16th annual Newberry County Fair, according to James W. Johnson, president of the Fair Association. The county fair has been making strides, both as to worth and financial status since its reorganization some three years ago with Mr. Johnson at its head.

The new fair grounds have been planted in flowers and shrubs by the Civic League and presents a pleasing appearance.

There will be nine community booths this year and the fair claims larger showing of poultry, cattle and swine, as well as agricultural exhibits. The Future Farmers of America, organization of boy farmers, will have an exhibit this year.

Prospects Bright For Lyles Ford

A recent dispatch from Union stated that the Lyles Ford Tri-County Authority development has a three to one chance of winning final approval. The press notice said that the project was waiting an okeh from Secretary of Interior Hikes.

Meanwhile, W. R. Elliot of Winnsboro, chairman of the promotion committee of the project, gives the following statement as to the purpose of the project: It is not the purpose of the Lyles Ford Tri-County Authority to build this power development to pour money into the treasuries of the counties affected, but rather, to furnish power to the rural population of as many counties as possible, to industries already established, and to towns within the area. It is also the purpose of the Lyles Ford Committee to attract as many new enterprises as possible, all based on the furnishing of current from this power development at as cheap a rate as is consistent with good business management.

Mr. Elliot further states the need of the project: "It is learned from reliable sources that the amount of electrical current used in South Carolina has steadily increased since 1930. If the increase continues through 1940, there will be shortage of approximately two hundred million kilowatt hours of current, this estimate being based on increased during the national depression years. This shortage of approximately two hundred million kilowatt hours would occur, as estimated, even through Santee-Cooper and Lyles Ford were completed and operating at a full capacity by 1941."

DOWN MEMORY LANE

20 YEARS AGO

London, Oct. 27.—Germany's answer to President Wilson's latest communication declares that Germany is now awaiting proposals of an armistice. Austria, in her reply to President Wilson, accepts all the views expressed by the president in his note of October 19. Austria says she is willing and ready without awaiting the results of other negotiations to negotiate a peace and an immediate armistice on all Austro-Hungarian fronts.

President Derrick of Newberry College in a happy manner Friday afternoon spoke of the recent opening of the college. His remarks, "I thank God that Newberry College has the opportunity to serve the country," expressed the sentiment of the conference.—Conference report in Lutheran Church Visitor.

With the American Army in France.—It was a quiet week on one of our Lorraine sectors, where American and German trenches run close together. The sun came up one morning on a huge placard hoisted from the German front line and bearing this in English:

"Welcome, Yankees, of the Blankety-Blank division. Did you bring coffins with you?"

A couple of hours later this sign, in German, went up on our front line: "No, but we brought a lot of hell."

The next morning the Germans opened with this one: "Yankies, spend the day in prayer. We kill you tonight."

And this was the answer from our trenches:

"Germans, give your hearts and souls to Jesus, because we've got your goats."

Something about this sign angered the Boches. They riddled it with rifle bullets and thereupon the placard warfare was off.
