VETS SHOULD REMEMBER

Coat Tail Swinger Olinjohnston has left no doubt that everything Doctor Roosevelt has done meets with his approval. That being the case veterans should remember that had Olinjohnston been in the senate he would have voted to uphold the president's veto and deny the soldiers their bonus. Ed Smith voted to give the vets their money.

1900 of the editors of the Chinese newspaper, "The Peking Gazette" are said to have been beheaded during the first 1000 or so years of that publication's existence. The Gazette was the official court publication of China.

RELIEF FOR THE CORONER

What with having to feed 27 chickens Coroner Wilson had to send his faithful goat to the country; he just had to have some relief. But looking at it in a perfectly unbiased way we would say it's more relief to the goat than to the coroner. If he would just let those chickens go home now and sit down and look tired the government would come along and scoop him into one of its most choice WPA jobs.

DIDN'T BUT WOULD HAVE

Of course you believe in the anti-lynching bill and for that reason will support Olinjohnston (Machine gun Olin, we mean). While he didn't vote for the bill he is a 100 per center and would have for the president would have him do so.

MORE RESPECT DUE THEM

Almost everyone agrees that the matter of pay for services of legislators should be settled once and for keeps, but the public we believe would not object to an increase in the per diem in an amount even double that which the constitution now allows. That being true we can't quite understand why voting of extra compensation should be termed a "raid" upon the treasury of the state, as it is so often termed. The servant is worthy of his hire and we have come to look upon the servants of the people in the law-making body as some sort of hybrid beneath respect and good only to go to Columbia and draw "extra pay". All legislators are not asses and monkeys; most of them are genuinely concerned over the state's welfare and have to show for their labors a government which is not all bad. A few of them who have not travelled far along the route from ape-man ancestry cast an odium over the lot but we should not condemn wholesale on account of those, who make the headlines—a jackass is always better copy than a statesman.

Most of the men who go to Columbia want to finish in the allotted time and come home; certainly this is true of our own delegation. If they are detained there through no fault of their own they should not be censured for taking money to cover extra expense. The free conference committee the past session held the appropriations bill for nine weeks when it should have done its work in a week. Members of the house have nothing to do with appointing the free conference committee but they are compelled to wait while that committee wrangles and bickers.

A more tolerant attitude toward our lawmakers would certainly do no harm; it might even do some good.

REACHES END OF THE LINE

The Winnabow Herald says: "A few days ago a 'traveller of the road' sat on the curbing of one of our streets. No so old, but dusty, ragged, thin, unkempt, with feet swollen and dull eyes that had the far-off look of deep despair.

A passer-by stopped to inquire if he were ill. "Yes, ill and alone, a Russian come to this country 25 years ago, hoping now to find his brother." "Have you seen a doctor?" he was asked. "No, no, can the reply, "Rest, rest."

Early next morning he was found dying on a piece of lumber in the lumber yard. Buried in the potter's field, alone, all alone. Not a friend to pilot him across the bar."

Newberry Dairymen To Visit Biltmore

The regular annual Dairy Tour sponsored each year by the Newberry County Dairymen's Association will be held Friday, August 19, according to J. F. Hawkins, president of the Dairymen's Association.

Mr. Hawkins states that at a meeting of the Board of Directors of the Dairymen's Association held Monday afternoon, July 25, it was decided to attend the Dairy Field Day held at Biltmore Farms, near Asheville, North Carolina.

Mr. Hawkins says, that this trip should be very worthwhile and educational. Those attending will not only see the well-bred cattle and dairy buildings but will also have the privilege of seeing and studying their entire farming system. There will be no charge for entering the grounds.

Plans are to leave Newberry Friday morning, August 19, at 7:00 o'clock and arrive at Biltmore about 10:00 o'clock.

Everybody is expected to furnish his own transportation and Mr. Hawkins suggests that some families may ride together and share the gasoline expenses.

Mr. Hawkins urges everyone in dairying to make plans to go on this tour and see the nationally known Biltmore farms and meet dairymen from all sections of the Southeast.

WICKER IS DIRECTOR

J. H. Wicker, president of the Farmers Oil Mill was elected Monday to the directorate of the South Carolina Ginners association at the annual meeting of that body in Columbia.

AT CLEMSON

Dr. Claude Sease of the local health unit spent Tuesday and Wednesday at Clemson College assisting in the Opportunity School now underway there.

WORK ON HUT

Work on the American Legion Hut at the county fair grounds is progressing nicely, according to Jake R. Wise, commander of the local Legion post. The WPA project was begun about a month ago.

DELMAR REUNION NEARING AGAIN

More than the usual interest centers upon the annual reunion of graduates, students and former students of Newberry College to be held at Delmar, in Saluda county, on Friday July 30. Every effort is being made to arrange an unusually fine program for the occasion. The attendance last year was larger than for several years, and is expected to be even larger this year.

The following speakers are expected to appear on the program of the occasion: A. F. Lever, Judge J. Strom Thurmond, Dr. E. Z. Pence, Rev. J. W. Oxner, Rev. M. R. Wingard, B. B. Hare, Dr. Jas. C. Kinard, Dr. S. J. Derrick and Coach Billy Laval or Prof. Hubert Setzler.

An added feature on the program of the day will be film presentation entitled, "Campus Life at Newberry." It may be necessary to present this later feature at the Delmar Masonic lodge instead of on the reunion grounds on account of lack of electric current at the latter place. Also string band music will be furnished by local musicians.

The Delmar school authorities or some local organization will sell refreshments as usual.

The Little Mountain reunion will be held on Friday, August 5.

AMONG THE SICK

Murray Sheppard of Silverstreet underwent an operation at the local hospital Friday. His condition is reported "fine".

The condition of Miss Blanche Folk of Jalapa who was brought to the county hospital about two weeks ago when she suffered a fractured hip and shoulder from an auto wreck, is reported fine. She will be at the hospital for several more weeks.

Virgil Rearden was dismissed from the county hospital Tuesday afternoon. His home is in Saluda.

June Matthews, small daughter of the Rev. C. J. Matthews and Mrs. Matthews of the Smyrna community, was dismissed from the county hospital Tuesday following a tonsil operation.

Government Will Pay Newberry Hail Victims

The 400 Newberry county farmers who suffered complete or partial crop failures last year through hail damage will be paid by the government under provisions of the new farm bill 3 cents per pound for the estimated damage, production to be arrived at by the five year average which the government uses in all calculations.

Additional insurance features of the program, states Mr. Ezell, provide that special crops destroyed by weather disaster are not a complete loss to producers. Cotton acreage planted and not harvested on farms planted inside their acreage quotas would be eligible for payment. Acreage of special soil depleting crops may be planted to soil building crops and be paid for as soil building practices under soil building practice provision of the Act.

Community committeemen who have been elected to assist in the administration of the 1938 farm program are in a position to give producers detailed information relating to insurance features of the 1938 program.

NO SECOND RACE

Many are under the impression that there will be a second race for the House but there will not be even though all five get a majority of the vote cast which is impossible. The law is: "Provided where more candidates receive a majority vote than can be elected to the office the number of candidates to be elected receiving the highest vote shall be declared the nominee or nominees."

PRESIDENT J. C. KINARD ADDRESSES ROTARIANS

President James C. Kinard was the principal speaker at the closing banquet of the Rotarian conference held Monday in Chester. The occasion was the annual assembly of the 190th district of the Rotary International which was attended by approximately 150 delegates from 26 clubs in South Carolina and 13 in North Carolina.

Farmer The Goat

(By Spectator)

Farming is a business of endless tribulations. Nothing is ever just right. Cotton calls for dry weather and corn requires considerable moisture. So, then, the farmer is hard put to it. Just contemplate this: We've had (as I write this) some hot weather, steaming, boiling weather. It "fires" the corn, though the cotton may yell for joy. Then comes rain. The farmer does not know whether to rejoice for the corn because he may be dreading the boll-evil. Then comes a scalding day and the boll-evil staggers along like a sailor on a spree. But can the farmer pack up his troubles and laugh with his friends? Not a bit of it; he wonders of the sun will "fire" or scald the corn.

After days of blazing sun mules and men come home fagged out. A gentle breeze plays over the land; the farmer sleeps restfully and the mules are refreshed. Then—what? The lice sap the strength of the cotton plant and the leaves wilt.

So let's eat a watermelon. But my melons this year are small and undernourished. The rain wasn't right.

You town fellows who talk about the peaceful life of the farmer; and you "underprivileged, underpaid" people on steady salary—just think a minute about the heartaches of the patient tiller who is the "Forgotten Man", in praise of all that is said. No man is praiseworthy so much for effect—and so empty, but upon his shoulders sits the whole world.

If the farmer were paid fairly for his work all farm products would have to be sold at prices 300 per cent above the prevailing market.

Miss Mary Blackwell is spending this week in Columbia with Miss Blondine Williams.

Miss Hazel Robertson, of Tuscaloosa, Alabama, visited in the home of the O. F. Armfields on Mayer avenue this week.

Power Project On Broad River May Be Built

The successful culmination of the Buzzard Roost and Santee-Cooper power projects has renewed interest in the Lyles Ford tri-county power project on Broad River.

The tri-county authority was set up several years ago by the counties of Union, Newberry, and Fairfield, and members appointed by the delegation of the three counties were J. M. Blair, A. E. Reese and L. G. Young. \$2,000 was appropriated by each county for promotion work and \$1,500 of this fund remains and it is from this fund that work is now being pushed on the tri-county project, according to Byron V. Chapman, one of the first to see the possibilities of the development.

Duncan Is Engineer

Dan T. Duncan who successfully piloted the Buzzard Roost project thru many court actions, has been retained as chief engineer and T. K. Johnston has been employed to contact large users of power.

Mr. Chapman stated that WPA authorities assured a delegation which called upon him in Atlanta that there was little doubt but that the project would go through provided outlet for the power could be found and it is upon this point that efforts are being concentrated at this time.

The site of the Lyles Ford main dam is near Blairs and land which will be under water lies in the three counties. Plans call for three dams and a canal and the cost is estimated at \$17,500,000.

The city of Newberry will take power from Lyles Ford if the project goes through. It is understood that a contract signed by public works commissioners with Buzzard Roost is contingent upon the possibility of securing the Lyles-Ford power.

JOE PURCELL IS HIGH IN MARKSMANSHIP

Joe Purcell, student at the Citadel and son of Mrs. C. J. Purcell of this city returned home Saturday, July 16th from a six week's encampment at Fort McClellan, Anniston, Alabama. Joe was selected one of 12 out of 850 ROTC students for the honor of participating in the national matches to be held at Camp Perry, Ohio, on August 31st. Young Purcell stood 6th in the competition. Citadel students honored Joe this year also, by naming him captain of the rifle team for 1938-39.

NEGROES ARRESTED FOR STEALING GAS

J. T. Youngblood, George Reeder, and Jackson Brown, all colored, were arrested Saturday by Deputies Hub Quattlebaum and J. C. Neel, and lodged in jail charged with stealing gas from a Forestry service tractor. A hearing was held Monday and the Negroes were held over for circuit court under a \$500 bond.

The report was made to the sheriff's office Friday night that gasoline had been taken from the Forestry truck at the CC Camp near Whitmire and Reeder confessed that he had taken the gas and put it into Youngblood's car.

ALL-STAR GAME AT WRIGHT FIELD WEDNESDAY

An all-star game between the Dutch Fork and Saluda Valley Leagues will be played at Wright's field, 10th at 4:00 p. m., prompt.

Officials of the Dutch Fork have already selected their players consisting of the following: "Flick" and "Bee" Eleazer, Mick Eargle, Keith, Stuck boys, Ringer, Gaffney, Rister and others which will make a good team.

Officials of Saluda Valley have not yet selected their stars, but are planning to do so in the near future. Indications point to a great battle and a large crowd is expected to be present.

JOHNSTON'S EXPENSES \$2,239

Washington, July 28. — Governor Olin D. Johnston reported to the senate campaign expenditures committee that he had spent \$2,239 so far in his effort to win the Democratic nomination in South Carolina.

Johnston, who is attempting to unseat Senator Smith, Democrat, South Carolina, reported contributions of \$600 but did not itemize them.

KEMPSON BRIDGE SOON TO BE BUILT

The Kempson Ferry Bridge over Saluda river, long a matter of political controversy, seems in fair way to be put in shape to end dissent for many years to come.

The Newberry delegations and supervisor's board have for several years done more than their share toward putting and keeping the bridge in passable shape, but authorities in Saluda county have discouraged any attempt in this direction until recently.

Word has been received that WPA has allotted \$17,430 to the project and Representative Chadwick of Saluda has announced that work would probably begin not later than August first.

The Kempson Ferry bridge serves hundreds of Saluda people who do their marketing and shopping in Newberry and for that reason it has been looked upon with disfavor by certain Saluda authorities.

Newberry will put an additional \$500 into the project, having spent \$8,500 when the bridge was built. According to Supervisor Holland H. Ruff that part of the bridge in Newberry county is in good shape and has been all along. The long wooden approach on the Saluda side of the river has been in disrepair and is now almost impassable. Newberry county originally agreed to put \$10,000 into the bridge but the supervisor refused to turn over to Saluda authorities \$1,500 of the amount due to the fact that the work did not come up to specifications in all instances.

The Newberry supervisor was pleased to hear the bridge approaches were to be built and expressed his willingness to cooperate, stating that the amount of the grant should be sufficient to do a first class job.

Besides insinuating itself into the politics of both counties the Kempson's Ferry bridge was the cause of a libel suit in which Saluda and Newberry newspapers along with a score or more of the citizens of this county were involved, and which resulted in a settlement out of court in the amount of some \$2,000 in favor of the Saluda county commissioners. Newspapers became a party to the suit when they published a petition signed by a number of Newberry people in townships nine and ten, which Saluda commissioners claimed reflected upon their honesty.

Fire School Closes

The first annual drill school of the Newberry Fire Department came to a close Monday afternoon when the last of the ten classes was held. Attending all classes as scheduled were the following volunteer firemen: S. E. Beam, S. E. Whitten, John Marlow, Clarence Longshore, George Rodelsparger, Harry Hedgepath, H. O. Swittenburg, J. P. Vaughn, Jack Senn, Clayton Smith, Graham Parkerson, Paul Whitaker, E. M. Lane, and J. T. Danielson. Eleven other firemen who were not able to attend the school regularly will make up classes within the next two weeks. They are as follows: O. L. Whitaker, Howard Lipscomb, Sam Glenn, James Sease, Harry Dukes, Tom Wicker, "Brother Brown", Gene Patterson, Paul Haile, Ralph Whitaker, and E. L. Rodesparger.

Certificates, for completion of the drill school, bearing the signatures of J. W. Earhardt, mayor; H. D. Whitaker, chairman of the fire committee; H. B. Wells, chief of the fire department; and H. B. Wells, Jr., drill master, will be presented the 25 firemen Wednesday, August 10, the date set for the "home coming" for all former members of the Newberry Fire Department.

Over 100 are expected in the city for the Home Coming occasion which will consist mainly of an exhibition by the local fire department in the afternoon and a banquet in the evening. All former members of the department are asked to make reservations for the banquet at the fire house at once.

Another event of the Home Coming Day will be the recognition of the seven new members of the Fire Department. They are Jack Senn, Clayton Smith, Graham Parkerson, Paul Whitaker, E. M. Lane, "Brother Brown", and Gene Patterson.

Miss Elizabeth Peery arrived in the city Tuesday from Johns Hopkins hospital in Baltimore where she is in training to spend her vacation with her parents on Nance street.

Jolly Street Preparing For Big Annual Meet

(By J. Walter Richardson)

The entire community of Jolly Street through their efforts in connection with the P. T. A. have arranged for a gala affair Saturday, July 30, when they and the entire county of Newberry will be host to the large list of candidates for Governor, Lieutenant Governor and Senatorial candidates, together with the third congressional district and other state officers appear on the scene for an all-day speech-making. In the state race is E. Roy Stone who recently entered the race for State Treasurer upon the death of Colonel Spratt. Mr. Stone will be remembered by many as a political prognosticator of many former State races in this state.

In addition to the long list of those high up in political circles who will be seeking votes we will have on the programme Ex-Governor and U. S. Senator Cameron Morrison of Charlotte, N. C. Ex-Governor and Senator Morrison is a noted speaker and will doubtless have a message worth while for the occasion. Also speaking on the programme will be U. S. Senator, James F. Byrnes of Spartanburg and Judge John Henry Johnston of Allendale, S. C.

The meeting will get under way at 10:00 o'clock and will be opened with prayer by Rev. J. E. Roof pastor of St. Paul's Parish. After address of welcome by County Supt. of Education, C. E. Hendrix, State Supt. of Education, James H. Hope will be the first speaker. The order to follow will be arranged by the candidates together with Dr. Derrick and Cole Blease, who has had charge of the programme for the past number of years. It is probable that the candidates for the U. S. Senate will lead off after the address of State Supt. of Education, James H. Hope.

At 4:00 p. m. there will be a ball game between Newberry and Jolly Street.

On Friday evening, July 29, beginning at 6:00 o'clock under the supervision of George Koon of Newberry, the local ball club will serve a pig foot stew together with country fried steak and everything else that goes with one. A real supper. The serving of the supper will begin promptly at 6:00 p. m. This will be the first time that Jolly Street has planned to put on a real pig foot stew supper, and you may expect this to be one of the best ever served in Newberry county, as the pigs for the occasion are absolutely corn fed and the country steak will be from stall fed beef from the local community. Nothing will be spared on the part of the community to make this supper a real enjoyable occasion and the local ball club will appreciate your presence and give to you in advance the promise of a real meal and a good time.

CONGRESSIONAL CANDIDATES HERE FRIDAY

Through a misunderstanding it was announced here last week that candidates for Congress would speak in Newberry Monday. Two of the candidates turned up for the meeting and a crowd of some 150 gathered at the court house. Chairman Workman announced to the assembled audience that the announcement of the Monday meeting was an error and that the candidates would be here Friday morning at 10:30. Candidates for this office are Butler B. Hare, John C. Taylor, Theo Vaughn and Robert McCaslan.

BAPTIST PASTOR THINKS DIGNITY PRIZED TOO MUCH

Ridgecrest, N. C., July 28.—Dr. J. D. Grey, pastor of the First Baptist church of New Orleans, told the annual Southwide Baptist Training union conference here tonight that "Many Christians are so busy trying to save their dignity that they are too busy to save the souls of people about them."

Striking at the superficiality in church worship, the New Orleans pastor asserted that non-church members can justly accuse many churches of "spending all their time in making the wheels of organization go around, in baiting outsiders with musical delicacies and worldly social programs."

AT BLUE RIDGE

President J. C. Kinard spent several days this week at Blue Ridge, N. C., summer training grounds for Lutheran church workers. He was the outstanding speaker at evening services on the grounds.

DOWN MEMORY LANE

TWENTY YEARS AGO

The candidates for the United States senate will be in Newberry next week. We hope when they come they will tell us why we should vote for them instead of trying to tell us why we should not vote for some one else, and that they will refrain from personal abuse. That sort of thing never won any votes in Newberry, and never will. It only tends to make us more "set" in our ways.

Those who failed to get their names on the club rolls have only themselves to blame. There was no lack of notice in this county as to the time the rolls would close. The papers gave full notice of the day, and the executive committee sent out circulars and wrote letters to all the enrolling committees giving them ample time to get the names of the members of the clubs on the books.

Washington, July 23.—Secretary Baker announced today he has completed draft of his recommendations to be made to congress for greater mobilization to the military forces of the United States and the change of the draft limits. It is understood the new plan of mobilization will provide for the immediate call to the colors of 5,000,000 men. It will be so elastic, however, that 10,000,000 men may be called if necessary without further authorization by the congress.

In response to a call from the State Council of Defense, all white physicians of Newberry county are urged to be present at a meeting on Friday afternoon at 3 o'clock in the city council chambers, to volunteer their services for the war.

The South Carolina association of colleges met in Greenwood last Wednesday and abolished official inter-collegiate athletics for the coming year. The Citadel, Wofford, Newberry, Erskine, Furman, and Clemson College were represented at the meeting.

Washington, July 25.—The administration will take no hand in the senatorial fight in South Carolina. During the past few days the report has been current here that newly found supporters of the Dial candidacy would have the administration take a hand. It is stated upon good authority that the administration is hands off and will not interpose in a contest among Democrats.

The Little Mountain reunion in the interest of Newberry college will be held on Friday, August 2. There will be no barbecue this year, but the picnic dinner will be in evidence and the crowd will be there as usual.

SEEN ABOUT TOWN

Roy Clary carrying package up street. Dick Swittenburg standing in front of Sun office talking. Henry Cannon going to work. Joe Spotts telling your scribbles that he had just received notice from the bank that his balance was 5c and the he was so "elated" over the fact he immediately wrote a check for that amount. Mr. and Mrs. N. D. Purcell inspecting Keister Willingham's new Mayer avenue home. Mrs. George Hipp and Mrs. Harry Hedgepath enrolling. Tom Fellers and family leaving for vacation at Myrtle Beach. Pete Coleman out after recent illness. Mrs. William Patridge carrying baby's rocking chair to her car. Dr. and Mrs. S. J. Derrick putting names on club roll. D. O. Carpenter doing a bit of shopping. Johnnie Norris stating that he was spending his vacation in Newberry since it was the best town he knew of. F. F. Wright being warned of oncoming auto. Miss Fannie Mae Carville shopping. C. A. Dufford hurrying up street. Andriana Thompson office cleaning and doing a good job of it. Jake Wise and Roy Elsm motoring out to county fair grounds to observe construction of American Legion hut. Among Newberrians seen at the chicken barbecue at Little Mountain last Friday—Dr. Young Brown, Aubrey Harley, Jake Wise, Dr. Claude Sease, Tom Pope, Jr., Claude Sanders, and Tom Fellers.
