Purcells To New Home

Remodeling is under way for the new home of Purcells loan and insurance concern in the building at the corner of Main and Holman streets just vacated by the Newberry Beauty shop. They are moving from quarters on the first floor of the Exchange bank building which they have occupied since the organization of the business 20 years ago.

The need for larger quarters to facilitate expansion since his two sons have entered the business, is given by Mr. E. B. Purcell, president, as the reason for making the change.

The front of the new Purcells home will be of glass flush with the sidewalk. The main business office will occupy about a third of the front of the building. Private offices will be in the rear. A modern cooling and heating system will be installed as well as new furniture.

The new quarters are being designed with an eye to customer comfort as well as that of quick dispatch of business. Purcells has enjoyed a constantly growing business since its organization as the Newberry Insurance & Realty Co. and Mr. Purcell anticipates no let-up in that growth.

Keitt Purcell and E. B. Purcell, Jr. are now actively engaged in the business, along with a trained staff of office workers.
