The Merchants Committee of the Chamber of Commerce met Monday morning to formulate plans for the Santa Claus Parade. They decided to continue the five-year plan of raising \$1000 each year to be used for street decorations and the Santa Claus parade.

During the five-year plan the major part of the funds will be used to purchase new street decorations and at the end of this period the committee hopes to have one of the most attractive towns in the state during the Christmas season.

The committee also decided to offer \$100 in prizes for floats entered in the parade by the schools in the city and county. They will also give \$10.00 to any school that enters a float that does not win a prize. All schools are invited and urged to take part in the parade by entering a float.

Ribbons will be awarded for organizations and commercial floats participating in the parade. The Santa Claus parade is scheduled for Friday, December 2nd at which time Santa Claus will arrive.

There will be a pleasant surprise for Newberrians this Christmas when they see the new and attractive decorations that the committee has selected to be used.

The Mothers' Clubs did such a grand job of sponsoring the parade last year, that the committee asked them again to be the sponsor this year, which they agreed to do.
