

Lovers of flowers and shrubs will welcome the announcement that the city intends to do something about stray dogs. It's a bit disgusting to spend hours making a pansy bed only to have a stray dog tear it up. It is equally disgusting to have your prize azaleas trampled by an oversize pooch.

This dog business has long been a sore spot with many Newberry people who prize their yards and gardens. Many times the police department has threatened and done nothing.

We would remind the city manager that this latest warning is made by a chief who is under his direction. It now becomes his duty as well as that of the chief to see that this nuisance is brought to an end. We believe he will do just that.

We do not favor the wholesale slaughter of dogs. We do not believe such will be necessary if dog owners are made to realize that the city means business.

There are now hundreds of small camellia plants in yards about the city. These plants are in full bud and dogs seem to prefer them to lamp posts. These prized plants are entitled to as much protection as any other property. The property owner pays taxes for such protection.

As the sap begins to rise I become flower-minded. Azaleas have been my weakness but I'm afraid I'm becoming a camellia bug and will eventually wind up in the poor house with a Duchess of Sutherland blossom in my frayed lapel.

Camellias can run into money and should be shunned except by such financial stalwarts as Dave Caldwell and Dr. Senn. However, by taking the belt up a notch or two and filching a few bucks from the entertainment budget everyone can have at least a little specimen of the South's traditional flower.

Mrs. A. O. Felker down Pomaria way has some fine plants just rearing to bloom in your yard and her prices are reasonable. To get to her place take the Strother road to Keitt's cross roads, turn right there and it's only a couple of miles on a newly paved road.

There are a lot of fine camellias blooming over town now. Trent Purcell's pinks are gorgeous, and of course Dr. Senn's wide variety of reds. Mrs. Mont's fine old bush (said to have cost \$500) is not yet in bloom but you should watch out for it. It is a variegated variety and I had blooms from it at Helena years ago when it belonged to a lady there. She thought it was over 50 years old.

Ralph Blackwell came in this week to get a year's visitation of this album of song and inspiration. "Been trying to get in here and subscribe for two years," said Ralph.

Well, a lot of printer's ink has run thru the press in two years but he probably hasn't missed much. Newspapers these days exist so far as I can tell for the sole purpose of furnishing the editor and the force with a few groceries and an occasional movie. The press with a mission is a thing of the past. Editors these days are just so many people. In another day they considered it a duty to keep the world (or their part of it) functioning properly and honestly.

Bob Fair came in to find out more about that strange chimney as described in "By-The-Way" last week. "I have been by the Ecusta plant at Brevard many times," said Mr. Fair, "but I have never seen that chimney you said was 2 feet at the base and 14 feet at the top." Nothing wrong Bob, except that we got the darn thing up-side down. Next time you're up that way turn it over for us, will you?

Taxis Must Find Other Parking In Thirty Days

Taxis are given 30 days in which to vacate their parking stand on Nance street under provisions of an ordinance passed by city council Tuesday night. Rules governing the operation of taxis were tightened in several instances.

State highway recommendations for regulating traffic on certain streets was adopted by council at the Tuesday meeting. Boyce street from College to McKibben and Friend street from McKibben to Coates will become one-way streets. A traffic light will be installed at the corner of College and Harrington and a blinker at College and Friend (Methodist church corner). Parking by the side of the old court house will be at a 30 degree angle instead of 45 as at present. Stop signs will be erected at 21 additional street intersections. These changes will be made as rapidly as materials can be obtained.

Council approved a committee recommendation pertaining to vacations and sick-pay for salaried employees. Two weeks vacation and 10 days sick leave are provided for in the recommendation but sick leave will not be cumulative as in the past. It is reported that employees of the light and water departments had accumulated \$8000 in sick leave up to the first of the year. It had been allowed to accumulate in the past.

Kemper Motor Company, low bidder, was given an order for two Chevrolets for city use. A Chevrolet car equipped for first-aid will be loaned to the city free of cost by the Kemper Company. It is now on order.

A delegation of 11 negroes appeared before council with four requests. They wanted a rest room, a negro policeman, and removal of the city dump. They were told their requests would be given consideration.

The city garbage dump has long been a sore spot with white and colored people in that part of the city. Mayor Wiseman said that the city now has plenty of land for another dump but that nothing would be gained by simply moving it to another location. It would take \$8000 to buy necessary machinery for burial of garbage, he said, and added that the city did not have such money for such purpose.

Matters acted upon Tuesday night were from an agenda prepared by the city manager.

Yipe! Yipe!

Collie Dowd, the town's chief of police, has asked us to warn dog owners that they must keep them confined to their premises when not on a leash or accompanied by someone. He says that stray dogs will be taken up and slain after due notice.

Numerous hounds have been roving singly and in packs over the city by night and by day trampling flowers and shrubs, upsetting garbage cans and playing the devil generally on premises where they have no business to be. This, says the chief, must stop.

You would hate to hear of your pet ying at the hands of the local game warden, his soulful eyes pleading as a cop pulls her lead into his quivering body. Couldn't ever quite get over such a thing, could you? Well, keep your doggie at home where he belongs.

VFW Would Add 1 Mill To Taxes For Hospital
A proposal to ask the legislative delegation to raise the countywide tax levy by one mill for the support of the Newberry County Hospital won unanimous approval by more than fifty members of the Veterans of Foreign Wars organization in Newberry. The action was taken at the last regular meeting of the organization, Commander J. C. Gilmer revealed today.

The local post of the VFW has made a study of the hospital needs of the community and the increase in the appropriation for the county hospital was a result of the study. The resolution called for a referendum of the people, if necessary, to be conducted within the next two years.

Speaking of the urgent need for greater hospital assistance, a VFW spokesman said, "Our county hospital is being enlarged now with all the attendant expenses of a larger staff, more adequate equipment and the countless costs needed to maintain a good hospital. We are told that few hospitals in the country are able to break even in keeping receipts up to expenses.

"In Newberry county, we are taxed one-quarter of one mill for our own hospital which brings in a little less than two thousand dollars per year, a minute sum when the large hospital expenses are considered.

"We propose to increase that millage by one mill and believe that the great majority of the people will favor such an increase. This would bring in an additional eight thousand dollars annually.

"The VFW is informed that the county has agreed to underwrite the deficit of the hospital for the next two years. We feel that before the expiration of that time, some action should be taken to insure the continuance of the hospital on firm financial footing.

"In many counties, the hospitals are receiving many thousands of dollars in tax monies for their operation and we want to be sure that the people of Newberry County have hospital facilities and care equal to other counties in the state.

"The money we propose to raise would help care for indigent patients and for such other uses as the hospital board might decide.

"The VFW is unalterably opposed to the national socialization of medicine proposed by the present national administration. We think that our needs can be cared for locally under the American system of free enterprise. And we commend our proposal to the delegation and citizens of the County for their serious consideration."

The local VFW post has always been interested in the medical needs of the community and has assisted the hospital in many ways since the post was organized here. The members compose a "walking blood bank" now upon which emergency cases at the hospital may draw for blood transfusions. —Contributed

Ask Your Representatives To Support This Legislation

Following is a condensation of the Game Commission Bill now before the State Senate.

The Bill places the Game Department under a Commission of 14 members, one elected by the legislators from each judicial circuit. Commissioners shall serve without pay except for actual traveling expenses in attending meetings. They shall meet once each month and more frequently on call, if necessary.

The Commission shall select a Director of the game and fish department who must have knowledge and experience in conservation and restoration practices and wildlife requirements. His compensation shall be fixed by the Commission but shall not exceed the present salary of the Chief Game Warden. The Director shall have general supervision and control over all employees of the department under the Commission's rules.

The Commission shall adopt rules, regulations and qualifications for the employment of personnel, fix salaries of employees and engage scientific and research experts; adopt regulations necessary for wildlife management and restoration and for seasons and bag limits in case of emergency. It may establish fish hatcheries, nursery ponds, game farms, restoration and propagation areas, public hunting areas and enter into co-operative agreements with landowners for these purposes.

Game wardens may hold office till expiration of their present terms or exchange their commissions for appointment as conservation officers, who shall hold office at the pleasure of the Commission. County game federations which have the right to name wardens may give three names from which the conservation officers will be selected. No conservation officer shall take active part in any political election.

Game fund monies go to the credit of the Commission, but no county funds shall be removed from the counties. No less than half the money collected in any one county from game fund sources shall be spent in said county for game and fish restoration and protection. The Commission shall govern the financial policies of the department and fix the budget for each year.

Articles confiscated for game law violation shall be sold under direction of the Director at public outcry for the benefit of the game fund.

The Commission shall promote and encourage the establishment of local county game commissions to function under its authority and recommend local game wardens who will work under the control of the county game commissions.

CIVIL SERVICE ANNOUNCEMENT

The Civil Service Commission has and continues to issue a warning to the public concerning so-called Civil Service Schools. Many of these schools grossly exaggerate opportunities for employment in the Federal Civil Service, and give the impression that they are connected with the government.

The Commission wants to make clear to the public that no civil service school has any connection with the Civil Service Commission or any other branch of the Government; the Commission has no agents who sell "Civil Service" course; no school can properly promise success in passing civil examinations to be announced, nor any other information which is not available to the general public.

Information about examinations for the Federal Civil Service may be obtained at any time without cost from the Secretary of the U.S. Civil Service Board of Examiners at first or second class post offices, or from the Commission in Washington, D. C.

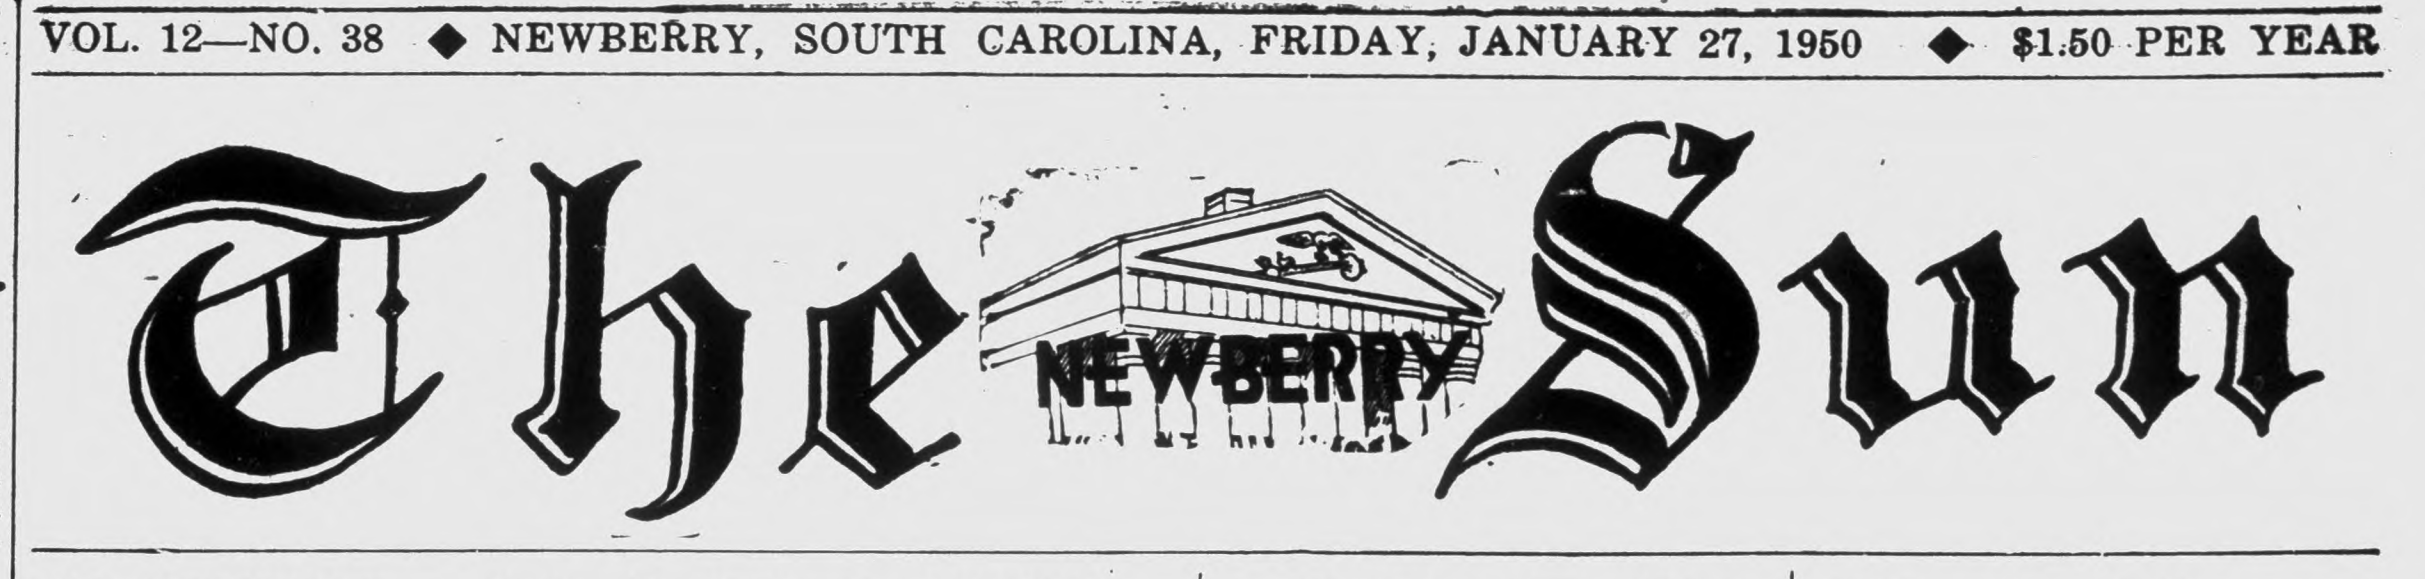

LOCAL SCOUTS GO ON NATIONAL JAMBOREE

At a recent meeting of Boy Scout Troop 66, the Scouts selected, Kenneth Frick as the troop representative at the National Jamboree to be held at Valley Forge, June 30-July 4. At the Jamboree 40,000 Scouts will have a chance to meet others from all sections of the United States and many foreign countries, to attend great camp fires for fun and inspiration, to see and take part in mammoth shows in the central arena, to swap souvenirs and to visit the historic city of Philadelphia.

Since the size of the Jamboree must necessarily be limited, the plan is to allow one Scout from each troop to attend. However, some troops will not send a Scout and their places will be filled by Scouts from other troops. In the hope that they may be able to fill some of these vacancies, the following Scouts from Troop 66 have also sent in applications: George Lipscomb, Kenneth Stokes, Gene Griffith, Harry Summer and Jerry Summer.

TO MEET WITH

The Helen J. Ezell club will meet Friday night at 8 p.m. at the home of Misses Sarah and Dessu Wilson on Nance St.

SEASE IS NEW COP

T. L. Sease, who has been added to the City Police Force, assumed his new duties on January 15th. Prior to accepting the position with the city, he was employed at Fort Jackson, where he has held a position since receiving his discharge from the Navy in October of 1945.

Mr. Sease was a member of the Navy for eight years, serving most of the time overseas. He was stationed at Pearl Harbor when the island was attacked by the Japs. He held the rank of Boatswain Mate First Class at the time of his discharge.

Mr. Sease and his wife reside on College street Extension, where they built a home some time ago.

MAYOR ATTENDS MEETING IN WEST PALM BEACH

Mayor J. E. Wiseman, and S. K. Oliver of Columbia, attended the Coast Guard Auxiliary Board meeting which was held in West Palm Beach, Florida, Sunday, January 22nd. They left last Friday and returned to their homes Tuesday of this week.

Mayor Wiseman is Captain of the 11th Division, which is composed of three flotillas, which includes Newberry, Columbia and Charleston. Mr. Oliver is the Commander of Flotilla No. 1, which is Columbia.

There are 56 members in the 11th Division, with Columbia having 26, Newberry 16, and Charleston 14.

U.S. Wants Man Columbia Place

The United States Civil Service Commission, Fifth U. S. Civil Service Region, Atlanta, Ga., today announced a Probationary examination for Zone Deputy Collector and Office Auditor for the State of South Carolina. These positions pay entrance salaries of \$3100 per year and are in the offices of the Collector of Internal Revenue.

A written test is required and pertinent experience requirements must be met. However, applicants with certain educational backgrounds may qualify without experience by simply passing the written test. Men and women will be considered for the position of Office Auditor, but for the position of Zone Deputy Collector, the Bureau of Internal Revenue desires only male applicants. Veterans who qualify in this examination will be given preference as provided in the Veteran Preference Act.

For further information and application forms see Miss Sadie Bowers at the Newberry Post Office. Applications must be received by the Fifth U. S. Civil Service Region, Atlanta 3, Ga., not later than February 16, 1950.

The automotive electrician was coming down the street in a barrel.

"What's the idea," growled a cop. "Are you a poker player?"

"No, replied the man but I spent the evening with some guys who are."

Aiken Firm Gets Work

Contract was awarded here Tuesday to W. Herbert Stiefel of Aiken for the construction of an agricultural building. His bid was \$57,200.

The highest bid was for \$72,912 submitted by a Columbia firm. Cannon Construction Company of this city was second lowest, just a few hundred dollars over the Aiken firm. Work will begin on the building at once.

Dr. Young Brown, chairman of the building committee, said Monday his group would now turn their efforts toward securing a suitable lot for a farmer's market building and he hopes this project will be under way within the next few months.

The agricultural building will be erected on a lot just beyond the bus station on Martin street. It will contain 25 large offices and two smaller ones. An assembly room 20 x 30 will seat 100.

The structure will be of two floors, brick and hollow tile masonry, and aluminum front. It will be heated by steam.

Architects are Irvine & Irvine of Augusta, Ga.
