Urged To Pay And Save Penalty

Only 11 per cent of Business Licenses remain unpaid as of the April 1st deadline nears, according to City Manager Blackwell. A 10 per cent penalty will be added after that date.

The city does not want to impose penalties the city manager said, as it adds very little to the revenue and works a hardship on those who find it tough to get up the original amount. However, there has to be a deadline as the city needs the money, and consequently there has to be a penalty in justice to those who pay promptly.

The City Manager urged those who have not paid to do so tomorrow (Friday) and save that ten per cent.

SHELL DISCOVERS "CURE" FOR OIL BURNER TROUBLE
The discovery of a new fuel oil ingredient that may prove as important to the domestic heating field as tetra-ethyl fluid is to gasoline has been announced by H. S. M. Burns, President of the Shell Oil Company. Called FOA-5X, the new ingredient virtually eliminates filter screen clogging in oil burners. For years, this has been the most common cause of oil burner shut-down requiring emergency.

C. T. Summer, Inc., agent for Shell Oil Company in Newberry, announces that all domestic heating oil processed at Shell refineries for the 1949-50 heating season will contain FOA-5X. In thousands of installations now operating exclusively with the new type oil, not a single case of oil burner failure due to a clogged filter screen has been reported. FOA-5X is the product of a laboratory search that started in the 1930's. Until 1944, however, researchers were like doctors trying to combat a disease without knowing what germ caused it, according to Mr. Burns. They had no real understanding of the chemical and physical mechanism of screen clogging.

"We believe our organization can and should be continued business and industrial development of our state," Floyd said.

"An aggressive and positive program, backed by all 10,000 business enterprises which are members of the Chamber, can become a leading factor in the state's development."

Mrs. Floyd and the couple's two sons will join him here soon. She is the former Eloise Clardy, daughter of Mr. and Mrs. B. L. Clardy of Laurens.
