**FARM AND GARDEN**

No plant yields anything like as much nutriment from the same extent of soil at the banana. Baron Humboldt estimated that it returns 20 times as much as the potato, and 113 times as much as the wheat.

In wheat culture more depends upon the preparation of the soil than upon the variety of the seed. The more thorough the culture, the better the crop. It is better to drill in the seed than to sow broadcast. Seed wheat should be soaked in strong salt water and afterwards rolled in lime to kill the spores.

**SWEENEY IN HORSES.**—A correspondent of the Cincinnati Gazette takes, to cure this disease, equal parts of tallow, bees-wax, marrow (out of beev's bones) and sheep's tallow, and from one gill to one quart of warm water also one tablespoonful of salt. Put the first four articles into a pot or kettle; melt them together; then put in the other two articles and then apply it to the affected part of the horse; bathe in with a hot iron as hot as the horse can bear. You may work your horse right along.

A correspondent of the Country Gentleman, writing from Hamilton Mo., Ohio, says the system of all good hog raisers in that region is to pasture hogs in clover during the summer.—He presents, as the advantage of his plan, the statement that an acre of ground in clover, will pasture five hogs four months, and that it will take the corn from half an acre to feed them the same time. The cultivation of the corn he counts equal to the rest of the other half acre. He further claims that hogs pastured on clover are in far better condition than if fed on corn, as they are larger framed, healthier, and eat better; and also states that the land is enriched by the clover pasturing.

**GATHER WOODS DIRT.**—When going to work in the fields near the wood lot, take along a shovel and carry home at noon and at night a load of forest loam, or else set apart a day and devote it entirely to the purpose of collecting. Woods dirt is one of the best mulches that can be used; it is one of the absorbents for the stable, and as a loan and fertilizer for soil it cannot be excelled. It is good upon all kinds of soil, and as cheap as the air.

Leaves and loam form an excellent material for horse banking and for covering vegetables buried in the fields or garden. Nature has designed the fallen leaves as a shield to the tree roots against the frost; a thin coating being almost impervious to that element, they are, therefore, exactly fitted for the use above mentioned. No better manure can be used upon the garden, as it will make the soil light, airy and at the same time give it the primitive qualities of fertility.

**DRUG STORE!**

For the liberal patronage which I have thus far received from the citizens of Orangeburg and the confidence shown in me by very numerous friends, I take the opportunity of expressing my sincere gratitude in the "Orangeburg Times." The encouragement of past patronage and kindness induces a stronger faith in future success, and while thanking my friends for past favors, I can assure them that nothing will be left undone to deserve their continuing patronage. My store is essentially a Drug Store; where will be kept such Drugs and Medicines alone, as I will warrant genuine and Pure. I have arranged to supply my customers with Medicines of the very best quality afforded in the market. I avoid all cheap useless articles, and yet my prices shall be as reasonable for valuable, good, fresh Medicines as anybody's.

I invite the Physicians of the District to call and examine for themselves. They are judges to whose opinion I submit. Send your orders and they will be filled to your satisfaction.  
Just received a stock of pure medicines consisting of Elixirs, Paragoric, Castor Oil, Sweet Oil, Epsom Salts, Cream Tartar, Carb. Soda, &c., Dye Stuffs, Paints and Brushes, Concentrated Lye, Patent Medicines of all kinds.

**THE SINGER STILL TRIUMPHANT!**

**THE NEW FAMILY SINGER SEWING MACHINE,**

WITH ATTACHMENTS FOR ALL KINDS OF WORK is fast winning favor in the household, as shown by the rapidly increasing sales.  
This NEW FAMILY SINGER SEWING MACHINE is capable of a range and variety of work such as was once thought impossible to perform by machinery. We claim and can show that it is the cheapest, most beautiful, delicately arranged, nicely adjusted, easily operated, and smoothly running of all the Family Sewing Machines. It is remarkable not only for the range and variety of its sewing, but also for the variety and different kinds of texture which it will sew with equal facility and perfection, using silk (with linen or cotton thread, fine or coarse, making the Interlocked chain-stitch, alike on both sides of the fabric sewed). Thus, beaver cloth, or leather, may be sewn with great strength and uniformity of stitch; and, in a moment, this willing and never-wearying instrument may be adjusted for fine work on gauze or gossamer tissue, or the ticking of tarlatan, or ruffling, or almost any other work which delicate fingers have been known to perform.  
At the World's Fair, it received the great award of the highest sales!

**The Christian Neighbor**

is published every Thursday in Columbia, S. C.,  
BY  
**SIDI H. BROWNE,** Editor & Prop'r  
The Neighbor, now in its fifth year, continues an advocate of Christianity against all other religions—"war" religions in particular. As a church paper, it is not bigoted, but Methodist.  
Though it has never aspired to the honors or profits of an "official," yet the Neighbor is a church paper, and an organ of edification to the family, the school and the church—to all who may read it.  
Excepting the publications at Nashville, Tenn., the Christian Neighbor, like all the other periodicals in the interests of the M. E. Church, South, is printed perfectly. And excepting a weekly of the African M. E. Church, there is not, besides the Neighbor, a Methodist paper of any sort published in South Carolina, or within a hundred miles outside.

Terms: One year in advance, \$2.00; six months, \$1.00. If payments be surely made within three months, it is accepted as in advance. Any person sending \$5.00 for others, shall have his own paper or year for \$1.00; for \$10.00 sent for others, the sender shall have his own paper a whole year free; or, on all amounts above one's own subscription, a commission of 20 per cent. will be allowed.  
The Neighbor, circulating at present in thirty States of the Union, wants an active agent for every town and neighborhood in South Carolina and beyond.
